CHINA WILL CONCEDE ANYTHING

London's New Lord Mayor Receives a Cool Reception--Copenhagen a Free Port--France Will Not Interfere

CHICAGO, Nov. 9.—A special to the Post from Washington says: "This government has again been asked to intervene in the China-Japan war. It is a request from China that the United States co-operate with Great Britain, Russia, Germany, France and Italy to stop the war. China sets forth at length the present status of the hostilities, and says she always recognized the independence of Corea, and is willing to continue to do so; moreover, she will pay Japan an indemnity to defray that country's expenses in the war."

The Chinese Army Starving.

SHANGHAI, Nov. 9.—The Chinese army of the north has retreated to the mountains, where the soldiers are reported as starving and suffering severely from cold and exposure. The Japanese army is reported encamped at Leng Wang Cheng. The Japanese are pursuing 15,000 Chinese, mostly new recruits. Port Arthur is not expected to make a determined stand against the Japanese. Admiral Sir E. R. Fremantle, in command of the British fleet, considers Port Arthur will probably be the scene of the last engagement of any importance between the Chinese and Japanese.

Chinese Soldiers Fleeing.

LONDON, Nov. 9.—A Chee Fee dispatch reports that hundreds of Chinese are arriving there from Manchuria, whence they are fleeing, frightened at the approach of the Japanese. Chinese troops and such vessels of the Chinese fleet that are cooped up at Port Arthur have been ordered to attack the Japanese wherever they meet them. It is reported two of the forts at Port Arthur have been captured by the Japanese. Chinese soldiers are deserting from New Ohwang, fearing an attack by the Japanese.

Missionaries Leaving the Interior.

LONDON, Nov. 8.—A dispatch from Shanghai says missionaries of the Presbyterian church of Ireland, who have been working in Manchuria, have left the interior and arrived at New Ohwang. Another dispatch from Shanghai says the Japanese have undoubtedly captured Tallien Wan, a short distance north of Port Arthur. The Chinese fleet is reported arrived at Wei-Hei-Wei.

France Will Not Interfere.

PARIS, Nov. 9.—The Revue de Paris says France will never reply to proposals to intervention for the purpose of effecting a settlement of the Chinese-Japanese war until she shall have learned exactly what are the thoughts and hopes regarding the matter.

London's New Lord Mayor.

LONDON, Nov. 9.—The crowds which witnessed the procession today attending the installation of the new lord mayor, Alderman Sir Joseph Renals, were far smaller than usual on such occasions. The decorations were tawdry, and the procession itself was far from comparing with those of some years back.

Silver Men Win in Nevada.

SAN FRANCISCO, Nov. 9.—Complete return from 70 in a total of 161 precincts in the state of Nevada give Cleveland for governor 2525, Jones silver 6448, Winters dem. 390, Peckham pop. 552. For congress, Newlands silver 2862, Doughty pop. 1913 Bartine rep. 1855, Reilly dem. 121.

Six Republicans From Kentucky.

WASHINGTON, Nov. 9.—R. H. Carothers, chairman of the Kentucky state republican committee, telegraphed Mr. Babcock that six republicans have been elected to congress from that state, without counting Denny, in the Ashland district.

"The men will find a woman's pocket if she gets to running for office," says the Frankfort sage.—Philadelphia Record.

Sutro for Mayor of San Francisco Has a Majority Over All.

SAN FRANCISCO, Nov. 9.—Dispatches from Southern California received at the headquarters of the democratic state central committee today reduce Estee's plurality there, and consequently would indicate the increase of Budd's plurality in the state at large. "Budd is elected by a plurality of 3900," said Chairman Gould. "There is no danger of any fraud wresting the victory from Mr. Budd. We are keeping a close watch of the count not only in this city, but in the entire state."

At the republican headquarters the committeemen stated that Budd's plurality would not exceed 1000.

Complete returns from 1658 precincts out of a total of 2274 in the state give Budd 97,182, Estee 95,050 and Webster 43,567. This represents a total vote of 248,633. With 616 precincts to be heard from, there is a possibility of a further reduction in Budd's plurality. For justices of supreme court, long term, Henshaw, rep., leads with 94,271, and Temple, dem., comes next with 85,697; for the short term, Van Fleet, rep., is far ahead with 80,837. On the remainder of the state ticket, the only democrats far enough ahead to insure election are Wells and Beamer for the state board of equalization, and Stanton on the board of railway commissioners. The only change in the list of members of the next legislature is the election of Fasset, rep. from the forty-sixth assembly district. This will give the republicans a majority of 51 on joint ballot. The congressional struggle is virtually decided, Maguire in the fourth being the only democrat elected. In San Francisco, with 11 precincts to hear from, Budd has 30,804, Estee 19,518, Webster 6233 and French 537.

The returns of the vote for municipal officers are complete. Adolph Sutro goes to the mayor's office by a majority over all competitors, and a plurality of 18,128 over O'Donnell, his closest competitor. The rest of the ticket is mixed. The new board of supervisors will have seven republicans, and the new board of education will contain six republicans, three democrats and three non-partisans.

Cleveland and a Third Term.

CHICAGO, Nov. 9.—The Herald's Washington correspondent sends the following: "Does President Cleveland's look upon the recent tidal wave as a call for a third term? Since Tuesday, two of the cabinet officers, one of them in my hearing, have suggested the possibility of a third term for Cleveland as the only avenue of escape for the democracy from the slough of defeat in which it now finds itself. Whether these suggestions were made in an echo of the speaker's understanding of how the wind blows at the white house, or whether they were made in more excess of loyalty, is not known. Today a third member of the cabinet, Secretary Morton, in the course of a conversation on the political situation, made use of words which had a rather significant sound. 'The day of machine politics is at an end in this country,' said the secretary. 'The machine is a failure, and in the future we shall have to look to strong individualities for our success.'"

Alabama Congressmen Elected.

MONTGOMERY, Ala., Nov. 9.—Official returns show the election of the following congressmen: First, Clark, dem.; second, Stallings, dem.; third, Harrison, dem.; fourth, Robbins, dem.; fifth, Cobb, dem.; sixth, Blankhead, dem.; seventh, Howard, pop.; eighth, Wheeler, dem.; ninth, Underwood, dem. Contests will be filed by Robinson in the third and Goodwin in the fifth, pops., and W. F. Aldrich in the fourth and T. H. Aldrich in the ninth, reps.

Copenhagen a Free Port.

COPENHAGEN, Nov. 8.—Copenhagen was declared a free port this morning and tonnage dues abolished. Port dues have been reduced half and converted into import upon merchandise, but not applicable to goods in transit.

Monument to the Czar.

PARIS, Nov. 9.—A meeting was held yesterday at which it was decided to open subscriptions for a monument to the memory of the late czar.

THE CHRONICLE prints the news.

This is it.

This is the new shortening or cooking fat which is so fast taking the place of lard. It is an entirely new food product composed of clarified cotton seed oil and refined beefsuet. You can see that

Cottolene

is clean, delicate, wholesome, appetizing, and economical—as far superior to lard as the electric light is to the tallow dip. It asks only a fair trial, and a fair trial will convince you of its value.

Be sure and get the genuine. Sold in three and five pound pails by all grocers. Made by

Harry—Some women do have a remarkable faculty for invention. Will—For instance? Harry—The wife of a friend of mine has patented what she calls a "snore diverter." It is composed of a hood and a section of flexible pipe. When her husband's snores grow unbearable, the hood is lowered over his head and the snore is conducted into the cellar. Will—What then? Harry—There hasn't a rat been seen in the house since the diverter was used.—Pittsburg Bulletin.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.
