THE OFFER RESENTED

Japan Does Not Like England's Intervention.

THE NEWSPAPERS ARE INDIGNANT

Government at Bluefields Has Restored Peace—Emperor Addresses His Recruits—Czar's Funeral.

YOKOHAMA, Nov. 15.—Newspapers here resent Great Britain's offer of intervention, which they regard as entirely a movement in behalf of China. They add that Great Britain's influence in the East is in jeopardy in this offer, which wounds the Japanese feeling. The newspapers say the defenses of Port Arthur are reported stronger on the land side than on the sea front. Fully 100 guns are said to be in position. The Japanese expect if the Chinese make any defence the assault will be bloody.

Chinese Claim Several Victories.

TIEN-TSIN, Nov. 15.—Chinese reports from Port Arthur say the Japanese have not yet captured Talien-Wan. Two forts there are still holding out, and in spite of desperate fighting the assaults of the enemy have been repulsed. From the same source it is stated the Japanese are far from Port Arthur, whose defenses have been greatly strengthened, and it is likely the place will offer a determined resistance. It is also reported a portion of General Sung's army has recaptured Kin-Chow, and the Japanese have been driven out of Montien, on the road to Peking, by the Chinese, who afterward pursued them several miles.

Canadian Cattle Excluded.

DUNDEE, Nov. 15.—Sir Charles Tupper, in an address to farmers, said today: "It makes no difference how clearly it might be proven that contagious pleuropneumonia did not exist among cattle in Canada, it is a foregone conclusion that the British government would exclude Canada cattle. This prohibition is chiefly due to the connection of Chaplin, formerly president of the board of agriculture, with the agricultural society." Resolutions were passed declaring that the agitation against the action of the government in excluding Canadian cattle would continue unabated.

England's Floods Growing Worse.

LONDON, Nov. 15.—The stormy weather and floods continue all over the south part of England. The loss of life and damage to property is increasing greatly. At Bath, Somersetshire, the River Avon has reached the highest point of the century. Thousands are homeless, and are being fed by the authorities. Dispatches from Dover say a gale is blowing with renewed violence. Several ships have been washed ashore. Floods in Sussex are increasing. Many houses at Windsor and at Eton have been flooded. At Worthing, Sussex the bodies of seven drowned sailors have been washed ashore.

Emperor William to the Recruits.

BERLIN, Nov. 15.—In the Lustgarten today the emperor administered the oath of allegiance to some new recruits, and in his address, said: "I greet you as my soldiers. To be good soldiers you must be good Christians. You will have to guard and fight for welfare of the fatherland, and always remember that the colors before you must never be insulted. Obey the oath you have taken and be courageous, despising death."

Baptist Congress Elects Officers.

DETROIT, Nov. 15.—The general committee of the Baptist congress elected Dr. Jaunders, of New York, chairman, and reelected Secretary Rauschenbusch. The subject of this morning's session was "The Interpretation of the Old Testament as Affected by Modern Scholarship."

Coreans Joining the Rebels.

CHEMULPO, Nov. 15.—Corean government officials who have a pro-Japanese leaning are preparing a constitution which will be promulgated in 1895. Numbers of Corean soldiers sent against the Tong Haks have joined the rebels. The country south of Seoul is in a state of great turmoil.

Naval Architects and Engineers.

NEW YORK, Nov. 15.—The second annual meeting of the Society of Naval Architects and Marine Engineers began this morning. A number of important papers were read. Chief Constructor Hiebhorn, of the navy, read a paper on "The Care and Preservation of Our New Steel Ships." He said the modern war vessel was a piece of exceedingly delicate mechanism, and that its rapid deterioration could only be circumvented by ceaseless and constant attention to minor details. He declared the dangers most menacing was from bilge water that collects in the double bottoms, and from galvanic action. Referring to the fouling of the ship's bottom he said that this fouling interfered with the ship's fighting efficiency, and asserted that the only way to overcome fouling was to sheath the ships' bottom.

Striking Weavers Return to Work.

PAWTUCKET, R. I., Nov. 15.—The striking weavers at the Lorraine mills here, who have been out since October 2d, voted last night to return to the looms next Monday. A settlement was accomplished through the intercession of Mayor Tiepeke. It is claimed by the management that the employees will by the introduction of improved machinery be able to earn more than before the reduction.

The Color Line Drawn.

CHICAGO, Nov. 15.—The Aristocratic Women's Club, after a stormy session today, refused to admit membership from the noted colored lecturer, Mrs. Fannie B. Williams. A strong faction, led by Mrs. Charles Henrotin, wife of the millionaire broker, strongly opposed drawing the color line, and today's action of the membership committee is likely, it is thought, to disrupt the organization.

Remains Lying in State.

ST. PETERSBURG, Nov. 15.—The weather is clear and cold. A large number of royal personages have arrived today from different parts of Europe to attend the obsequies of the late czar. Lines of people are constantly surging into the cathedral to look into the face of the dead emperor. The recent rain spoiled some of the decorations, but all are being rapidly replaced.

The Race Declared Off.

RIVERSIDE, Cal., Nov. 15.—The great 24-hour bicycle race has been declared off. At 9:30 last night Shoemaker became ill, took a short rest and attempted to ride again, but at midnight gave up after covering 132 miles. Scott covered 154 miles but dropped in a dead faint from his wheel at 2 o'clock this morning and was stiff with cold.

New York's Horse Show.

NEW YORK, Nov. 15.—For fine horses and beautiful women the present horse show eclipses anything ever held before. Attendance continues large, and from a financial point the show is more than successful. In the judging today second prizes for hackney mares were awarded to the entries of Hastings of Deer Park, Canada, and Stephenson of Quebec.

McKane's Safe Found Empty.

BROOKLYN, N. Y., Nov. 15.—The safe of John Y. McKane, ex-boss of Gravesend, was opened this morning, and to the great surprise and consternation of all, was found empty. The Brooklyn authorities expected to find books and papers showing exclusively whether McKane was behind in his accounts with the town.

Meeting of Socialists.

BERLIN, Nov. 15.—At a meeting of socialists last evening, Herr Beize, who was chairman of the Berlin delegation to the recent socialist congress at Frankfurt, made his report, and in a speech sharply criticized the practice of appointing to offices in the socialist party men totally ignorant of the principles of socialism.

German Officers Arrested.

PARIS, Nov. 15.—In consequence of the instructions of the minister of war, General Mercie, an inquiry has been commenced into a serious case of espionage. Schoenbeck and Voncassel, believed to be officers in the German army reserve, and a Frenchman, whose name has not been given, have been arrested.

The Crown of England.

SAN FRANCISCO, Nov. 15.—Spreckels' tugboat Vigilant has proceeded to the scene of the wreck of the British steamer Crown of England, with Captain Metcalf, Lloyds' surveyor, on board, for the

purpose of ascertaining the possibility of getting the vessel off the ledge on which she now rests.

Germany Replies to China.

BERLIN, Nov. 15.—Germany has replied to the solicitations of China that the former mediate between the latter and Japan, declining to intervene unless both Japan and China apply for German mediation.

Colonel von Hennekin in Command.

TIEN-TSIN, Nov. 15.—The whereabouts of the Chinese army defeated at Kiu-Lien-Ching is unknown here. Colonel von Hennekin has been given supreme command of the Chinese army.
