A DEMOCRATIC OPINION.

The San Francisco Examiner expresses its opinion concerning the recent election, Grover Cleveland, the Wilson bill, and democracy generally, and in its head-line likens the president to Nero.

"President Cleveland, according to the information of the New York Herald, is pleased at the result of the election in New York, which he regards as settling once for all Senator Hill's expectations for the party nomination for president."

The czar was buried yesterday, and we hope deep enough to shut off any further dispatches concerning him.

Reuben F. Kolb of Alabama, who was the political candidate for governor, declares that the election was fraudulent and that he was elected. This would not amount to much but he further declares that on the 1st day of December he will be inaugurated as governor and he calls upon the people to come and help seat him.

The most recent fake in the political field is that certain prominent republicans, including Senators Jones, Stewart and others, are to demand at the next national convention that the republican platform contain a free silver plank, and if this is not acceded to, a new party will be formed with but two planks—protection and free silver.

The murder of 10,000 Armenians by the Turks has awakened a thrill of horror throughout the civilized world. The governments of Europe and our own should notify the Turks that the next Christian killed because he was a Christian would cause Turkey to be wiped off the map, and then they should see that it was done.

Late News From Brazil.

New York, Nov. 19.—A special dispatch from Rio Janeiro says one of the last acts of General Peixoto as president was to promote an enormous number of men from all grades of army and navy officers who have served him faithfully during the revolution. Although this will add two-fold to the army and navy estimates, yet it was done to reward loyalty and congress will not refuse to sanction it.

As we go to press the trial of Dan Maloney for assaulting and beating Frank Clark is going on. The prosecution has rested and Maloney was on the stand. The defense set up is that Maloney acted in self defence.

The success that has attended the use of Dr. J. H. McLean's Volcanic Oil Liniment in the relief of pain and in curing diseases which seemed beyond the reach of medicine, has been truly remarkable. Hundreds supposed to be crippled for life with arms and legs drawn up crooked or distorted, their muscles withered or contracted by disease have been cured through the use of this remedy.

It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back.
