ARE FIGHTING AGAIN

Three Battles Between Chinese and Japanese.

NO DETAILS OF THE ENGAGEMENT

Sharp Skirmish Between German Troops and Native Tribes—Anglo-German Relations Strained.

LONDON, Nov. 20.—A Shanghai dispatch says severe fighting is reported to have occurred at Port Arthur November 15th. An English merchant captain has been appointed vice admiral of the Chinese fleets. Two trained women nurses, of the Red Cross Society, who were on the way to the seat of war to aid the wounded had to turn back, the Chinese authorities refusing to guarantee them protection. They strongly represented the humanity of their mission, but Sheng, the taoist of Tien-Tsin, said to them: "We don't want to save any wounded Chinese." A dispatch is published here saying the Chinese are fleeing from Port Arthur, within 15 miles of which place the Japanese and Chinese have just had an engagement, resulting in a loss of 100 Chinese and 300 Japanese.

Fighting in East Africa.

BERLIN, Nov. 20.—News has reached here of sharp fighting between the Germans and the Wahehe tribes. The governor of German East Africa, Von Schele, telegraphed from Dar-es-Salaam that October 30, Kilungu, the capital of Uebehe territory, was stormed and captured by the Germans. In an engagement which lasted several hours, Lieutenant Mass and eight Askaris were killed. The losses of the Wahehe were heavy. A large number of cattle, much ivory and a number of guns and rifles lost by Zelewsky's expedition were recovered.

The Germans also captured a large supply of powder, and rescued 1,500 women and children held prisoners by the Wahehe tribe.

Chinese Soldiers Mutinous.

LONDON, Nov. 20.—A dispatch from Shanghai says the feeling in favor of the Japanese in the invaded districts is growing. Mutinous Chinese soldiers are reported pillaging and outraging the inhabitants. The Japanese force under General Ozaka is announced to have left Taku Shan November 10 to attack Sulyen, which the Chinese have fortified. It is added the Japanese reached the town named Sunday morning and found the Chinese had fled. The Japanese are said to have captured five guns. It is estimated the Chinese force to the number of 6,000 troops of all arms are reported to have retreated in the direction of Hait Cheng. There was no loss on either side.

A Fight at Sin Yuen.

LONDON, Nov. 20.—A Tokio correspondent says Japanese Marshal Yamagata reports, under date of Chin Lien, that General Oako attacked the Chinese army under General Ma at Sin Yuen November 15. A second Japanese army was only 40 miles from Port Arthur and was advancing on that place.

A Yokohama dispatch says a transport with 1,100 Chinese soldiers and coolies on board was burned while crossing Tallen Wan bay. Five coolies were burned to death and all the others saved.

Young Czar is Progressive.

LONDON, Nov. 20.—A Vienna dispatch to the Daily News says Czar Nicholas, in consultation with the grand dukes, declared it was his intention to abolish the secret court police and state of siege. He also favored freedom of the press. He said if it was his fate to be killed the secret police could not protect him. It is reported Governor Heyden, of Finland, has gone to St. Petersburg to report to the czar that the Finlanders refuse to swear allegiance to him.

The Dutch and Balinese.

AMSTERDAM, Nov. 20.—Dispatches received today from the island of Lombok announce the Dutch troops have captured the palace of the rajah of Lombok, and the rebellious Balinese are inclined to submit. Two Dutch officers and nineteen soldiers have been injured by the explosion of a powder magazine.

French Chamber of Deputies.

PARIS, Nov. 20.—The committee of the chamber of deputies to which the matter was referred, has favorably reported about asking for a credit to prosecute the war against Madagascar. The chamber was thrown into an uproar today by a socialist deputy denouncing the dead czar as the executioner of Poles.

Will Study the War.

SAN FRANCISCO, Nov. 20.—The German warship Bismarck is expected to arrive here today for the purpose of embarking Captain Carl von Steinmetz for Corea. Von Steinmetz is proceeding thence to look after the German interests and study the war operations from a military point of view on behalf of his government.

Anglo-German Relations Strained.

BERLIN, Nov. 20.—In a long article the Cologne Gazette denies that the dreibund is dissolving. That paper says it is stronger today than ever. It declares Anglo-German relations have become more strained, and that Germany will not endure England as an obstacle to her colonial policy.

Praise for the Czar.

ST. PETERSBURG, Nov. 20.—The Official Messenger says: "The people have now taken the oath of fealty to the young and strong emperor, and the day is near when will be celebrated the marriage of our sovereign, who will thus fulfill his own and his departed father's choice."

Women and Students Arrested.

LONDON, Nov. 20.—A dispatch from St. Petersburg to the Times says sixty women and students have been arrested at Warsaw in connection with the issue of a proclamation advised the Poles to decline to swear allegiance to Nicholas.

Bismarck Growing Feeble.

LONDON, Nov. 20.—In an interview published here, Count Bismarck is quoted as saying that his father has no organic disease, but his frame has been weakened, and he cannot continue much longer.

Rubenstein, the Composer, Dead.

ST. PETERSBURG, Nov. 20.—Anton Granor Rubinstein, the celebrated Russian pianist and composer, died today of heart disease, at Peterhof.

Not Yet Started.

BOSKOP, Nov. 20.—A Glasgow dispatch says no work has yet been started, on Lunraven's challenger, and that the length has not been decided on.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good as children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always kept a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 50 cent bottles for sale by Blakeley & Houghton Druggists.

Mrs. Houser—I suppose you'll be surprised to hear that Mrs. Tunglash's mind is completely gone? Houser—Not a bit. I've heard her give Tunglash a piece of it so often I've wondered at it lasting as long as it has. — Buffalo Courier.

For a pain in the side or chest there is nothing so good as a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia. This same treatment is a sure cure for lame back. For sale by Blakeley & Houghton Druggists.

No one will be surprised to learn that prizefighters consider football brutal. It requires a prizefighter's intellect to make the delicate distinctions.—Chicago Record.

For the many accidents that occur about the farm or household, such as burns, scalds, bruises, cuts, ragged wounds, bites of animals, mosquitoes or other insects, galls or chafed spots, frost bites, aches or pains in any part of the body, or the ailments resulting from exposure, as neuralgia, rheumatism, etc. Dr. J. SAWED A SALOON IN TWO.

Straddling a State Line. It Made a Lot of Trouble.

Bill Lewis, one of the first to settle in Kansas City, and one of the wickedest men that ever lived there, died a few days ago, says a western exchange. Since 1866 he has been known as the king of Toad-a-Loup, a district which harbored about all the known criminals in town. The saloon he kept in Toad-a-Loup was hardly less notorious than himself. It was built exactly on the state line between Kansas and Missouri and was furnished with a movable bar. Lewis paid no license, and when the Missouri tax collector called upon him he moved his bar over in Kansas. When the authorities of the latter state attempted to arrest him he transferred his business in a minute to Missouri. He was arrested many times, but had to be released. Concerted action on the part of the authorities of both states finally ended the career of Lewis' barroom in Toad-a-Loup. The direction of the state line was chalked off on the saloon and the structure was sawed in two from roof to cellar with an immense cross-cut saw.

HE KNEW A TENDERFOOT.

A Jerseyman's Exciting Experience with a Pennsylvania Mine Mule.

Patrick Murray, of Perth Amboy, N. J., had an exciting experience a few days ago with a mine mule at Summit Hill, Pa., which he will never forget, says the New York Post. When he reached the bottom of the slope and proceeded to explore the gangway he attracted the attention of one of the mules. He is at a loss to know what angered the animal, but the beast came for him at full speed, and Murray started for a "heading" with nothing but the light of a miner's lamp to guide him.

It was a race for life. The mule was rapidly closing the gap, when the Jerseyman reached two mine cars. He plunged between them. The mule countercharged and began using his hind feet with terrible effect. He kicked the stout oak planks of the car into kindling wood, and while he was occupied in this manner Murray made his escape and returned to the surface. He is fully satisfied that the mine mule is not to be trifled with, especially if you are a tenderfoot with a red necktie.

Something She Could Paint.

Mme. d'Albertin, one of the lesser painters of France, was as conceited about her artistic ability as she was notorious for her excessive use of cosmetics. On one occasion, a certain count, who held her in much disesteem, lost a bet to her. "And what will madame choose?" he asked, with mock courtesy. "Something in my art," she smirked; "something I can paint." "Very well, madame," he replied, bowing himself out. A day later madame received a package from the count, which, upon being opened, revealed a life-size drawing of her own face in outline.

Electric Sunstroke.

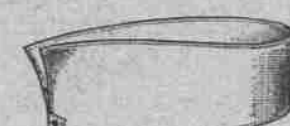

It is now claimed that there is such a thing as electric sunstroke. The workers around electrical furnaces in which metal aluminum is produced suffer from them. The intense light causes painful congestions, which cannot be wholly prevented by wearing deep-colored glasses.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c.

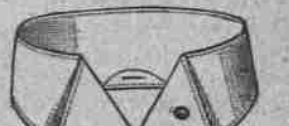

An old citizen of Austin, Tex., was awakened by the ringing of the fire bells. He dressed himself and went out into the street. "Where is the fire?" he asked of a fireman who was hurrying past. "Down on Austin avenue, near the corner of Twenty-fifth street."

"Let me think who lives there," mused the old man. "Why, there is nobody in that neighborhood whose house is insured. That fire is not going to amount to anything," so he went back into his house, and in five minutes he was snoring as loud as ever. The fire, as he supposed, was only a chimney on fire.—Tammany times.

"I see," said Mr. Wickwire, "that the newspaper liar is at it again. This time he has a story of a hen adopting a lot of kittens." "That story may be true," said Mrs. Wickwire. "The hen may have been deceived by the similarity in the sound of the words. Kitten and chicken sound a good deal alike."—Indianapolis Journal.
