SPOILING FOR A FIGHT

Mexico Is Very Bitter Toward Guatemala.

ONE STATE OFFERS ITS MILITIA

China Has Offered to Pay a Heavy War Indemnity—The Czar Troubled With Insomnia.

CITY OF MEXICO, Nov. 22.—The Universal newspaper today contains a very warlike article regarding the Mexican-Guatemalan trouble. It says: "In consequence of the continued attacks against Mexico and her government, made by the official Guatemalan press, it was rumored yesterday this country would declare diplomatic relations with Guatemala at an end. In Guatemala they say the Mexicans always fled before the Americans and French. The world knows the Mexican soldier does not turn his back. Churubusco, Chapultepec, Puebla, etc., are witnesses of that. With Guatemala we do not expect glory or the gaining of laurels. We have offered them friendship and they return black ingratitude, and our men and our people are not in the humor to listen to the diatribes of the Guatemalan press."

Arrested for Grave Robbing.

LINCOLN, Nov. 22.—Last Wednesday Otto Albers, aged 35, died in this city. Thursday the body was buried in Wyuka cemetery. Friday last Superintendent Byre discovered through one of his assistants that the grave of Albers had been rifled and the body carried away. The coffin lid was found on top of the rough box, but the coffin and corpse had been spirited away. Suspicion at once attached to some medical college students connected with one of the universities. Byre placed Detective Malone on the case. Malone has been at work, and last night rounded up a party of medical students at the lecture room at Cotner university. Dr. Alexander illustrated his lecture by dissection, and had applied the knife to the cadaver when Malone came in and placed the whole class under arrest. The party was brought to the station, where a preliminary examination was held by Acting County Judge Warzburg. The prisoners were released on bonds of \$500 each to appear for trial.

Mutinous Indian Sailors.

VANCOUVER, B. C., Nov. 22.—At the Westminister assizes yesterday six of the Indian crew of the sealing schooner C. D. Rand were found guilty of revolt and mutiny on the high seas. Just outside of Behring sea, in last season's sealing cruise, the crew took possession of the vessel and remained in command nine days. The Indians outnumbered the white men three to one. At length the captain took advantage of a favorable opportunity when only two were on deck and drove them into the hold, where he shut them up till he reached Vancouver. For the defense it was claimed that the captain supplied them with whisky, gave them no food and was taking them to Copper island instead of Behring sea, as agreed upon, and the Indians, fearing barbarous treatment at the hands of the Russians, revolted. Sentence was postponed till Friday.

Two Young Men Strike the Wrong House.

OTTAWA, Kan., Nov. 22.—Charles and Henry Lathrop, Ottawa business men, out for a time this morning struck the wrong house, kicking in the door. Charley was shot dead, and Henry seriously wounded. The coroner gave the corpse to Undertaker Sessions, which so enraged an opposition undertaker that he stabbed Sessions. The wound is serious. It was the home of Mrs. Sherman the Lathrops tried to enter. Young Ben Sherman warned them to leave. They paid no heed and Ben Sherman blazed away. Mrs. Lathrop wanted Miller & Chalmers, undertakers, to direct the funeral, but Clark & Sessions, having got possession from Coroner Ewing, refused to give the body up, hence the second tragedy.

Assaulted by a Tramp.

HUNTINGTON, L. I., Nov. 22.—Elizabeth Oakley, the 12-year old daughter of

Wilmot Oakley, a farmer of West Hills, was assaulted by a tramp yesterday. She left home for school about 8 o'clock, and was found by a neighbor at 9 o'clock by the roadside, about half a mile from her home. She was unconscious, and has been unable since to give a description of her assailant except that he wore a derby hat and a brown overcoat. This assault occurred within a few rods of the place where "Susie" Jones was assaulted and her hair cut off by a tramp about a month ago. A party of farmers are searching for Miss Oakley's assailant. They threaten to deal with him without the aid of the courts if they catch him.

China to be Notified.

WASHINGTON, Nov. 22.—In accordance with the suggestion of Japan the state department has notified Ministers Dun, at Tokio, and Denby, at Peking, to transmit direct any offer China may wish to make to Japan. The Chinese delegation here is not notified as to what course the government will take. A cable from Japan states, however, that China has intimated a willingness to pay an indemnity of 100,000,000 taels, and in addition all the war expenses incurred by Japan. As the war expenses reach 150,000,000 taels, the total offer of China would be 250,000,000 taels. A tael is a Chinese silver coin worth about 75 cents at the present exchange. It is believed here the arrangements between the two nations could be effected on terms providing for a smaller indemnity. Diplomats say under ordinary circumstances it would take some time for China to formally present its offer to Minister Denby. But as the Japanese are now at the walls of Port Arthur about to make a last blow at China's greatest fortress, it is anticipated China may hurry the negotiations to a conclusion. It is expected Minister Denby will transmit the offer by telegraph to Tien-Tsin and Shanghai, and thence by cable to Yokohama.

Bill Cook and His Gang.

MUSKOGEE, I. T., Nov. 22.—Last night half a dozen members of the Cook gang were on the streets here. Citizens began hunting for them, but the outlaws made themselves scarce. Officers who fought with them last night came in about dusk and reported they had chased the bandits to the bottoms, and there lost their course. Cherokee bill was seen 16 miles north of Muskogee. He had two Winchesters and two six-shooters. Lou Cook, queen of the outlaws, and sister of Bill and Jim Cook, is in Muskogee. It is believed she is planning a release for Wade Chamberle, the robber, now in jail. Extra jail guards have been placed on duty. United States Attorney Jackson has wired Attorney-General Olney that all the officers have returned from the chase, and, in his opinion, the only thing to be done is to send troops.

German Interference in Samoa.

APIA, SAMOA, Nov. 7 (per steamer Mariposa, via San Francisco Nov. 22.)—While there have been no recent native outbreaks, a state of political unrest continues, without any prospect of termination. The native rebels are so far from being subdued that many close observers believe that King Malietoa's government is doomed. The belief is becoming more general, too, that certain influential Germans are secretly aiding the rebel party, with a view to placing it in power, thus rendering German annexation, or a German protectorate, easy of accomplishment. The German warship Buzzard and the English cruiser Curacoas are still here.

Ex-President Peizotto Coming.

RIO DE JANEIRO, Nov. 22.—The United States will soon be visited by ex-President Peizotto. The ex-president is in bad health, the result of overwork incident to the revolution in his country, and the advice of his physicians is that he make a tour.

The Czar Cannot Sleep.

BERLIN, Nov. 22.—A St. Petersburg dispatch says that the czar is suffering from insomnia, and is much depressed. The czarina has become very much emancipated as a result of her vigil at the bedside of her late husband.

Notice.

To Whom it May Concern: This is to certify that the undersigned has sold out his interest in the store Kwong On Tai. He is now a member of the firms Wing Hong and Dock Hing. S. WINE.

Battle Between Warships.

LONDON, Nov. 22.—A Yokohama dispatch states the Chinese Pei Yang squadron attacked and shelled the Japanese troops who were marching upon Port Arthur. The troops had taken a road near the coast. The Japanese fleet came to the assistance of the troops, and a desperate fight took place between the warships, the result of which is not known. The Chinese battleship Chen Yuen became useless during the fight, and ran ashore trying to avoid torpedoes at the entrance to the harbor of Wei-Hai-Wei.

Mexicans Favor a War.

KANSAS CITY, Nov. 22.—A special to the Star from Guanajuato, Mexico, says the legislature of that state has unanimously adopted a resolution offering to the federal government all the state militia and munitions of war to aid in carrying on war against Guatemala. The feeling of the people of Mexico against Guatemala is very bitter, and the general sentiment is in favor of war being declared without further delay.

Chinese Army Troubles.

LONDON, Nov. 22.—The Times' correspondent in Shanghai says that the reform of the army proceeds under difficulties. Colonel von Hanneken's associates have friends at court, and are consistently obstructive. They have been made independent of the viceroy. It is confirmed, he says, that Li, once commander of the Chen Yuen, has been checked.

May Succeed Monsignore Sattoli.

ROME, Nov. 22.—The belief is expressed that Monsignore Lorenzelli, papal nuncio to the Netherlands, will eventually be appointed apostolic delegate to the United States, to succeed Monsignore Sattoli.

The Czar an Austrian Colonel.

VIENNA, Nov. 22.—The emperor has issued a decree designating the czar of Russia an honorary colonel in the Second regiment of infantry, and the Fifth regiment of Uhlands.

What China Will Pay.

HIROSHIMA, Nov. 22.—It is reported China has intimated she will offer to pay a war indemnity of 100,000,000 taels and all the war expenses incurred by Japan in addition.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. "Popper," cried the maiden, "I love him. I cannot tell a lie." "Come hither, my child," said the old man, "and I will teach thee a few of the earmarks. You are not fit to become a wife unless you can tell a lie the minute you hear one."—The Detective.

An old citizen of Austin, Tex., was awakened by the ringing of the fire bells. He dressed himself and went out into the street. "Where is the fire?" he asked of a fireman who was hurrying past. "Down on Austin avenue, near the corner of Twenty-fifth street." "Let me think who lives there," mused the old man. "Why, there is nobody in that neighborhood whose house is insured. That fire is not going to amount to anything," so he went back into his house, and in five minutes he was snoring as loud as ever. The fire, as he supposed, was only a chimney on fire.—Tammany times.

Mrs. Houser—I suppose you'll be surprised to hear that Mrs. Tunglash's mind is completely gone? Houser—Not a bit. I've heard her give Tunglash a piece of it so often I've wondered at it lasting as long as it has.—Buffalo Courier.
