THE BANK OF ROSALIA

Unsuccessful Attempt to Rob It Last Night.

COULD NOT GET THE SAFE OPEN

Two Killed by the Explosion of a Saw Mill Boiler—Found Guilty of Wife-Murder.

ROSALIA, Wash., Nov. 23.—An unsuccessful attempt to rob the Bank of Rosalia was made last night. The robbers tunneled under the bank and through the brick walls of the vault. Three attempts were made to blow open the safe, which is drill-proof. Dynamite and nitro-glycerine were used. No damage was done to the safe, and the only damage is about \$50 to the vault. There is no clew. Giant powder and nitro-glycerine were found under the building.

Short in His Accounts.

SAN FRANCISCO, Nov. 23.—It is stated this morning that Louis Blank, secretary of the order of B'nai B'rith, is short in his accounts over \$13,000. Blank has been secretary of the order for fourteen years, and is also secretary of several building and loan associations. He was connected in various real estate and building transactions with Louis Landler, who failed several months ago and left the city owing over \$200,000, and is known to have lost heavily in Landler's schemes. Blank's shortage, it is said, was discovered in May last, when he promised to refund the money appropriated, giving a number of securities. Since that time he has been retained in the office of secretary, but only under the closest watch and most constant scrutiny.

Charged With Conspiracy.

PITTSBURG, Nov. 23.—Seven officers and employees of the Fidelity Building Loan & Investment Association, also known as the Columbia Building Loan & Investment Association, with an office in this city, have been arrested on the charge of conspiracy to cheat and defraud. The prisoners are Harrison Dingham of Washington, president; Andrew Mall of Washington, vice-president, and the following local employees: R. F. Mitchell, W. M. Henry, P. J. Holden, W. A. Ewing and R. Haight. They were held under \$1,000 bail each. Emma Snyder, colored, of Allegheny is the prosecutor. She went to the office yesterday to withdraw her money, and it was refused.

A Dishonest Horse-trainer.

SAN FRANCISCO, Nov. 23.—Willis Duff, a colored man, who for the past seven or eight years has occupied the position as foreman of E. J. Baldwin's stable, has been discharged. Since Baldwin's string has been entered at the present meeting of the California Jockey club they have performed so poorly as to cause considerable comment. About 10 days ago Baldwin's suspicions were directed against Duff, who was sent to the Santa Anita ranch while the matter could be investigated. Not a horse belonging to the stable has run a poor race since then, and three have established new coast records. Investigation shows that Duff has been doping the horses, working together with a bookmaker at the track and several others.

Shot by a Robber.

LOS ANGELES, Nov. 23.—The facts as learned in the Elikan murder at Long Branch this morning are that Mr. Elikan closed his store at 10 o'clock last night, putting \$200 into a valise to be taken home. He first called upon a friend and while returning, passed his store in which he heard a slight noise. Thinking he had locked a dog in the store he opened the door, when he was shot, the ball entering his head. He lived until 2:30 a. m., but did not recover consciousness. There is no clue as yet, and the officers are at sea where to look for one.

Arrested for Murder.

WEAVERVILLE, Cal., Nov. 23.—Sheriff Bowie returned with Charles and Ben Williams and lodged them in jail. Charles is charged with the murder of John Hart, an old man. The shooting occurred on a trail near Hayford. After Hart was shot and left for dead he

crawled back to the house and told who did it. He stated he knew no reason why Williams should shoot him. Hart lingered a few days and died. Charles is but 19 years and his brother 20. The affair has all the appearance of cold-blooded murder.

A TREATY WITH JAPAN.

Signed by Both Governments Yesterday.

WASHINGTON, Nov. 23.—Secretary of State Gresham, in behalf of the United States, and Minister Kurino, of Japan, in behalf of his country, have affixed their signatures to a new treaty of amity and commerce between this country and Japan. The final formalities in the execution of the instrument occurred at the state department yesterday after the close of office hours, and the fact that it now awaited only the ratification of the two governments was announced yesterday. Secretary Gresham will now transmit the new treaty to the United States senate as soon as it convenes, and Mr. Kurino will forward it to the Japanese foreign office to be approved by the emperor of Japan and the privy council. Coming at the present time, the signing of the treaty is considered significant beyond its actual terms, as it establishes cordiality between the countries. When the foreign powers are endeavoring to show that Japan's rejection of the peace mediation was a snub to the United States, the signing of the treaty concludes a labor which has been in progress 15 years, and it was with the special view of closing the long negotiations that Kurino was taken from an important post in the Japanese foreign office and sent to Washington. The event also will cause much comment in Great Britain, France, Switzerland and other foreign countries, as the action of the United States affects similar treaties abroad. That with Great Britain is closed, and the ones with France and Switzerland are largely dependent upon the close of the American negotiations.

Girl Accidentally Hanged.

FRESNO, Nov. 23.—At Kingsburg, in this county last evening, a young girl named Maggie Warner accidentally hanged herself while playing in a barn. She had climbed on a box, put her head through a rope and lost her footing. Several children were playing with her, but they were too frightened to render assistance or to inform anyone what had happened, and the girl strangled to death before assistance came.

Guilty of Wife Murder.

MANDAN, N. D., Nov. 23.—Early this morning the jury in the Kent murder case brought in a verdict of guilty and decided that the defendant should be punished by death. The defendant heard the verdict apparently without emotion. Sentence will be passed tomorrow. Kent was accused of wife-murder, having offered a large sum to an accomplice to commit the crime. His wife belonged to a prominent Minneapolis family.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address: F. J.
