A GALA DAY IN ST. PETERSBURG

United States Will be Chosen to Mediate
Between China and Japan--The
Armenian Massacres.

St. PETERSBURG, Nov. 26.—Before 7 o'clock this morning large crowds were assembling in the Newsky prospect to secure places along the route of the royal wedding procession. From Anitkoff palace to the winter palace the avenue was lined with troops. There was not an inch to spare along the grand Marskaja prospect, and on the square in front of the winter palace. At 11:15 a. m. in the distance were heard the strains of the national anthem, and the multitude uncovered in anticipation of the approach of the bridal party. Soon after they appeared in an open state carriage drawn by four white horses. In this vehicle were the czar and his brother, Grand Duke Michael. They both wore uniforms of the Hussars of the guard, and were greeted with a vociferous burst of cheering, which was renewed again and again. The czar's equipage was preceded and followed by a detachment of chevaliers and guards, all in brilliant gala uniforms. Then came a superb landau, also drawn by four white horses, in which was Princess Alix and the zarina. They received, if possible, even a more hearty popular greeting than the czar himself. Handkerchiefs and hats were waved in the air and the most intense enthusiasm prevailed. After the carriage of the princess and zarina followed a long train of carriages with the royal guests, including the Prince and Princess of Wales, Princess Irene of Prussia, Grand Duchess Sergius and other prominent members of the imperial families, as well as the wedding guests. Military bands were stationed at various points along the route, and each struck up the national anthem as the cortege appeared. The national hymn sounded in the ears of the imperial party along the entire route. The wedding procession entered the winter palace at 11:15 a. m., where as soon as possible afterwards were assembled all those invited to the wedding. Along the prospects there was a magnificent scene, thousands of cavalry and infantry lining the roadways, and behind the troops were immovable multitudes of spectators, all waiting patiently for a view of the procession on its return from the winter palace, where the imperial party will alight and enter the cathedral of Kazan, where the protection of the Almighty will be invoked upon the new czar and zarina. The ordinary theatres today received permission to recommence their performances.

According to current reports the czar has caused consternation among the officers of his household by leaving the palace unattended, and walking through the streets in a military mantle, arm-in-arm with the first officer who recognized him. Saturday the czar went for a walk with Princess Alix, entered a glove store and made several purchases. On leaving he was recognized by the people and loudly cheered. His majesty has also received the ministers very graciously. When M. De Giers, minister of foreign affairs, tendered his resignation, he said he hoped they would work together for a long time yet. To this De Giers replied: "But, your majesty, look at my feet: they cannot carry me." Whereupon the czar replied: "I do not want your feet; I only want your head."

On the return to the Anitkoff palace after the wedding ceremony the czar and zarina were greeted with tremendous enthusiasm by the immense crowds all along the route. The czar and zarina stopped at the cathedral of Kazan to invoke the blessing of the Almighty, when the czar came out and kissed the miraculous image of Our Lady of Kazan the enthusiasm of the people was beyond all description.

Bid Accepted by Secretary Carlisle.

WASHINGTON, Nov. 26.—Secretary Carlisle has decided to accept the Stewart syndicate bid for the entire issue of \$50,000,000 bonds. The figure offered by the syndicate was 117.077. The following official statement was made at the treasury: The secretary of the treasury has accepted the proposal of John A. Stewart, president of the United States Trust Company, and his associates, to purchase the entire issue of the 5 per cent bonds, amounting to \$50,000,000, at \$117.077 and accrued interest from November 1st. The proceeds of the bonds under this bid will be \$49,517.62 greater than they would be if the other highest bids were accepted. A very important advantage to the government in accepting this bid is the fact that all the gold will be furnished from the outside, and none drawn from the treasury. It is also more convenient and less expensive to the department to deal with one party than with many.

Three More Witnesses Testify.

WOODLAND, Cal., Nov. 26.—Among the witnesses examined in the Hatch trial this morning were J. T. Bryant, boiler-maker; George Ayerill, machinist, and G. A. Kneblaugh, mechanic, none of whom gave testimony at the preliminary examination of the Worden trial. These witnesses testified they were sent to the trestle ostensibly to guard railroad property. One went under orders from Harry Knox, and the other two under orders from the A. R. U. When they learned that a train was to be derailed, Ayerill wanted to flag it, but was told that if he did so he would be shot. When the explosion occurred these three witnesses became frightened and ran away, hiding in the tules. They afterwards crossed to Sacramento in a boat.

Attempt to Swindle a Bank.

SAN FRANCISCO, Nov. 26.—An unsuccessful attempt was made this morning to pass a forged check upon the cashier of the First National bank. A messenger boy was sent with a check to the bank, but the cashier, being suspicious, telephoned the alleged indorsers, and they disclaimed any knowledge of the matter. The cashier thereupon called up the police, who arrested the sender of the check in the street. The forger was waiting the return of the messenger, and upon an attempt being made to take him into custody, he made a desperate resistance, but was finally handcuffed and taken to prison. The police refuse to reveal the name of their prisoner.

Tramps Terrorizing California Towns.

LOS ANGELES, Nov. 26.—The report reaches this city this morning that tramps to the number of 150 are overrunning the town of Glendora and Lamanda Park. They are organized into squads with captains and lieutenants. Last night they raided the store of H. T. Williams, at Glendora, stole \$150 worth of goods, including all the jewelry he had. They are said to have raided two stores in Lamanda Park and stolen quantities of goods. Sheriff Cline, of this county, has organized a posse of 20 men and started in pursuit of the tramps. It is said they are the remnants of Vinette's industrial army.

Massacre of the Armenians.

LONDON, Nov. 26.—A Constantinople dispatch says the sending of a commission to inquire into the massacre of the Armenians will have the effect of letting the local officials know that foreign envoys are watching their conduct. The report of the commission when published is not likely to have any value. The multi of Moosh has been decorated, although he is one of the officials implicated in the massacre. Private letters state that the condition of affairs in the Sassoun district causes the most anxiety.

Dr. Potter Assaulted.

SAN FRANCISCO, Nov. 26.—Dr. Potter, who has charge of the Home for inebriates, where patients are reported to have received brutal treatment was assaulted by a sea captain named Harrington at his home last night. The noise attracted a crowd, which, upon hearing the screams of a woman, fired a volley of stones into the building. Several windows were shattered by the missiles, and further damage was threatened when the police appeared and dispersed the mob.

The Negotiations for Peace.

BERLIN, Nov. 26.—It is officially announced that Japan recognizes United States Minister Dun, at Tokio, as a suitable channel through which China can open up negotiations for peace. The powers will simply remain spectators. It is considered that China is in a position to pay the Japanese demands if the war ceases now, Japan to hold Port Arthur until the demands are satisfied. The third Japanese expedition, which is about, is opposite Wei-Hai-Wei.

Newspapers Barred in Turkey.

CONSTANTINOPLE, Nov. 26.—A recent edict calling for the seizure at the frontier of foreign newspapers containing accounts of the Armenian massacres, prohibits the entry of every American newspaper into Turkey. This action on the part of the Turkish government is supposed to be due to the attitude assumed by the American press on the Armenian question.

Louis Cohen's Trial Set.

SAN FRANCISCO, Nov. 16.—In Judge Wallace's court this morning the preliminary examination of Louis Cohen, sent to prison for contempt in refusing to answer questions in the illegal registration cases, and who was denied a writ of habeas corpus Saturday last, was set for Wednesday next.
