THEY MAY INTERFERE

England and Russia Have an Agreement.

JAPANESE CAPTURE HAI CHENG

Socialist Members of the Reichstag to Be Prosecuted—M. Brisson Chosen President.

LONDON, Dec. 18.—It is understood that the agreement between England and Russia in regard to the war in the East does not permit any warlike operations in the vicinity of Shanghai. This includes the prohibition of a hostile fleet passing through the entrance of the Yang-Tse-Kiang river. Japan has recently threatened to disregard this agreement on the ground that the Shanghai arsenal is supplying Chinese with arms, etc. It is believed the third Japanese army at Hiroshima is destined for Nanking. The English and Russian governments have intimated they would prevent this movement, and the recent assembling of the British fleet at Chusan and the Russian fleet at Che Foo is thus accounted for. It is understood England and Russia have decided to fight, if necessary, to prevent hostilities on the Yang-Tse-Kiang.

Japanese Capture Hai Cheng.

LONDON, Dec. 18.—A Tokio dispatch says Japanese Lieutenant-General Katsuma captured Hai Cheng, December 13. The Chinese garrison numbered 5000, while the Japanese numbered only 1500. The Chinese retreated towards Liao Yang. The losses were trifling.

A Che Foo dispatch says great uneasiness continues among the residents of that place, who fear outrages at the hands of the Chinese soldiers. Four foreign warships are now at Che Foo. A nephew of Colonel Von Hannecken has left Shanghai to take command of the Chinese troops at Tien-Tsin. A French engineer is constructing forts at Peking. The remainder of the Chinese transports have been turned over to the protection of the British flag.

Sir John Thompson's Body.

LONDON, Dec. 18.—The cruiser Blenheim, which is to convey the body of Sir John Thompson to Halifax, arrived at Portsmouth from Gibraltar this morning. It is now stated the Blenheim will sail January 1. A catafalque will be erected in the captain's cabin, where the body will remain until it reaches Halifax.

BERLIN, Dec. 18.—Mrs. and Miss Sanford, wife and daughter of Senator Sanford, will accompany Miss Thompson,

daughter of the late Sir John Thompson, to Liverpool this afternoon, preparatory to embarking on the Majestic, which sails for New York tomorrow. Mrs. Sanford has received a telegram from Windsor signed by all the members of the queen's household, conveying to Sir John Thompson's family renewed expressions of sympathy and particularly asking Mrs. Sanford to convey their sympathetic message to Lady Thompson.

Under Nicaragua's Control.

WASHINGTON, Dec. 18.—The department of state has received a dispatch from Minister Baker, at Managua, saying that the Mosquito Indians have surrendered their rights under the treaty of Managua, and have become incorporated with Nicaragua. This surrender, it is understood, disposes of the last vestige of the claim of sovereignty by the Mosquito Indians over the Mosquito reserve, set apart by the Managua treaty of 1860, and the award of the emperor of Austria thereunder. It also terminates any ground for continued pretext of a British "protectorate" over the Mosquito reservation, and greatly simplifies the right of transit across the isthmus.

Cannibals in Mexico.

HERMOSILLO, Mex., Dec. 18.—The party of citizens who left here a few weeks ago to explore Tiburon island in search of gold mines, which, according to tradition, are to be found there, have returned, with one of their number missing. The Seres Indians, the cannibal tribe that occupies the island, made no hostile demonstrations towards the prospectors, but Eduardo Flores, a young member of the party became separated from his companions, and, although a long search was made for him, he could not be found. It is feared that he was kidnaped by the Indians, and killed and eaten. These are the Indians who killed and ate two California newspaper men about a year ago.

Trouble in the Coke Region.

PITTSBURG, Dec. 18.—A special from Uniontown says the union coke men have driven their opponents from public places repeatedly, and they have decided to retaliate. The non-union men armed themselves with revolvers and congregated at a store, half of their force being placed out of sight. The strikers attempted to drive them away. The men in hiding appeared on the scene, and the strikers, finding themselves outnumbered, started to run. At least 200 shots were fired. One striker was shot in the leg. Friends carried him home. A number of others were more or less injured.

Two Fool Farmers Killed.

ORTUMWA, Dec. 18.—A double tragedy has occurred three miles south of Eldon, and two farmers, Ambrose Dougherty and George Huffman, are the victims of a foolish quarrel. They had attended the county lyceum, and while driving

home both insisted on driving across the same bridge first. An impromptu duel took place and Huffman was shot in the groin and Dougherty was pierced through the lungs. Both are fatally wounded. Dougherty is a married man with a family. Huffman is 18 years old.

One of Garzia's Revolutionists.

SAN ANTONIO, Tex., Dec. 18.—Giraldo Saiz, who was captain of one of the bands of so-called Garzia revolutionists, who made a raid on San Ignacio, Mexico, two years ago, and massacred and burned the bodies of the garrison of Mexican troops at that place and escaped into Texas, was yesterday delivered to the Mexican authorities by United States Marshal Ware. The delivery was made on the authority of an extradition order issued by Acting Secretary Uhl, of the state department at Washington.

Great Oaks

From little acorns grow, so also do fatal diseases spring from small beginnings. Never neglect symptoms of kidney troubles; if allowed to develop they cause much suffering and sorrow. Dr. S. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. Sold by Snipes & Kinersly, druggists.

How Stevenson Died.

LONDON, Dec. 18.—An Auckland dispatch to the Star contains a few details of the death of Novelist Stevenson on the evening of Dec. 3d. Stevenson remarked to his wife that he felt a strange pain in his head, and almost immediately afterward he fell back senseless, and never regained consciousness. He died two hours later. The cause of his death was paralysis of the brain.

A Household Treasure.

D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottle at Snipes-Kinersly Drug Co.'s Drug Store. Regular size 50c. and \$1.00.

Will Be No Yacht Race.

LONDON, Dec. 18.—Captain Cranfield said today that from the present outlook there would be no race for the America's cup.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather. Dr. McLean's Volcanic Oil Liniment should be kept on hand at all times for immediate application when troubles of this nature appear. It is a sovereign remedy. 25c. 50c. and \$1.00 per bottle.

Hon. Alexander H. Stephens.

I occasionally use, when my condition requires it, Dr. Simmons' Liver Regulator, with good effect.
HON. ALEX. H. STEPHENS."
