French & Co. made a great improvement on Second street by having the mud swept off it in front of the bank.

Judge Blakeley yesterday afternoon committed Oscar Wolfarth, aged 10 years, to the reform school on complaint of his mother, and he was taken below this morning by Sheriff Driver.

This is the night for the regular meeting of the Union Dancing Club. It is quite probable a masquerade will be given by this club in the near future.

One of the saddest sights we have seen in many a day was the drayman today trying to scoop all the mud off Second street into Brown's wagon. It wouldn't hold it.

Complaints are numerous concerning the way the gophers are burrowing in the cemetery. They seem to have taken possession of the place, and undisturbed are ruining it. Some steps should be taken towards exterminating the little pests.

The sportsmen of the state are very anxious that some change be made in the game laws, at least enough that the public may know what they are. At present it is impossible for even the lawyers to venture an opinion as to what the game laws are.

It begins to look as though Dolph is not to have such plain sailing in the legislature next month, as his friends have anticipated. A strong opposition is being created, and if those opposed to him had another month to work in, the result would not be doubtful, but Mr. Dolph be left at home.

One noble son of the forest languishes in the city jail this morning, all on account of introducing too many civilized libations into his uncivilized stomach. The copper distilled nectar and the copper colored native will not blend harmoniously, but the native it seems, will never get tired of experimenting on the subject.

There will be an entertainment at the Congregational church, Thursday evening, Dec. 20th, consisting of songs, recitations, choruses, readings, dialogues and a drill by a class of young girls. The description of the old blockhouse printed by us yesterday contained in the original a remarkably true sketch of the old blockhouse. Mr. Morgan yields a facile pencil, that is not less apt at word painting than in presenting to the eye the picture of the objects described. Another article from his pen, appearing in the Eastern papers and San Francisco Examiner was the "Moving Mountain," which was both well written and illustrated.

Street Commissioner Butts, assisted by Mr. Brown, tried the experiment of turning a stream of water on the crosswalks and the covering of the cistern at the intersection of Second and Court streets this afternoon. Brown held the nozzle while Butts turned the water on. Unthoughtedly Butts turned the full force on, when the hose rose up in its wrath and smote Brown a smite or two, besides drenching a bystander or two. Only the prompt shutting off of the force prevented a catastrophe.

A Rabbit Hunt at Baker.

The rabbit hunt came off Saturday and was a success beyond expectations, says the Democrat.

A party numbering about twenty-five persons armed with shotguns left the city at 1 o'clock and returned at 5 with 350 or more rabbits, which they unloaded in front of the Hotel Warshaw subject to the disposal of everybody. They were soon distributed and a feast of rabbit pie will be the menu of many a table in Baker City this Sabbath day. The field selected was east of the Point Breeze farm and northeast of Baldock's over the sagebrush prairie. The hunt was void of accident and was the most enjoyable afternoon's sport in the lives of those participating. It was such a grand success that another hunt will take place shortly.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature to do its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address: F. J.
