Captured by Allen.

WALLA WALLA, Dec. 29.—Events which have transpired in this city today indicate that the populists will play an important part in the election of a successor to Senator Allen, at the next meeting of the legislature. The county central committee of the people's party, of this county, had a meeting today and passed the following resolutions:

"The county central committee of the people's party, of Walla Walla county, do hereby endorse John B. Allen for United States senator from the state of Washington, and will use all means to secure his election at the meeting of the state legislature in January, 1895."

The secretary was directed to correspond with populist members of the legislature, send them a copy of the resolution, and otherwise inform them as to the sense of the populist contingent in this county regarding the choice of senator.

The question of wardenship of the state penitentiary was broached, and a free discussion of the administration of J. H. Coblenz followed. No member of the committee present declared himself a candidate for the position, and, after discussion, a resolution was passed that, in justice to the populist party of the state, one member of the board of directors of the penitentiary should be appointed from its ranks. It is expected some movement will be made to induce Governor McGraw to appoint a populist as a member of the next board of directors.

Ex-Senator Allen arrived in the city a few days ago, and had several conferences with prominent members of the people's party. The meeting today was a secret, but the facts leaked out through an indiscreet member and were afterwards admitted by the chairman and secretary.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease.

CHILDHOOD I have since recommended S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure.

SSS Never fails to cure, even after all other remedies have failed. Treatise on Blood and Skin Diseases mailed free to any address.
