RED TAPE.

The school superintendents have all voted on the school book question, but the result of that vote is not made public because Supt. McElroy has discovered that from Umatilla county two votes were cast, one by Miss Nellie Stevens, who was elected school superintendent last June and the other by Mr. Carter, the former school superintendent, who claims to hold over, on the ground that Miss Stevens is on account of her sex, ineligible.

THE ROTARY.

And now there is a blockade on the O. R. & N. in the Blue mountains. The big rotary will soon open it up. For lo! it revolveth, and as the mist before the morning breeze the snow vanisheth. It openeth its mouth and sucketh in the Beautiful as a hound-pup doth milk, and it speweth it forth as the prophetless leviathan did Jonah.

NOT SHEAR NONSENSE.

Eli Titus, of the Santa Fe, while in Mexico was much surprised when he first saw the Mexican hog, which, instead of having bristles, is covered with a woolly substance. He says the Mexican hog is a cross between the hog and sheep.—Drovers Telegram.

There will be a vast array of legal talent before Judge Fullerton Thursday, to argue the advisability of confirming the late O. P. sale. There will be numerous employes present who held claims against the road under former receiverships, who have at last given up all hope of ever getting anything for their claims.

Xenophon N. Steeves was found guilty of manslaughter in the killing of George Sayres, by the jury at Portland yesterday. Judging from the evidence in the case, as furnished by the local papers, we do not see how that verdict could have been reached.

The Willamette valley papers are agitating the road question and arguing strongly in favor of better roads. Up here in Eastern Oregon our roads are naturally much better than those of our valley neighbors, but there is room for improvement even in ours.

A company has been organized at Goldendale for the purpose of building

an air-ship on the plans of E. D. Parrot. Enough money has been subscribed to build a trial ship. We hope Mr. Parrot's scheme will result in something more useful than talk, and gladly look forward to the time when the big air-ships shall take flight at all hours of the day for the Klickitat valley.

Senator Dolph has come home from Washington to look after his political fences. The fight is getting to be a warm one, and waged over the silver question alone. Mr. Dolph may not be elected, and the silver advocates may possibly congratulate themselves on beating Dolph, but if they do, they can just write it Senator J. Simon for the next six years.

Portland's Committee of One Hundred has now dwindled down to eight members, and that is seven too many. Mr. Strong should be the Committee of One Hundred all by his lonesome and then said committee would have a hard time trying to agree with itself.

ECZEMA

From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited.

FROM When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was gone, not a sign of it left; my general health built up and I have never had any return of the disease.

CHILDHOOD I have since recommended S. S. S. to a number of friends for skin diseases, and have never yet known a failure to cure.

Never fails to cure, even after all other remedies have failed. Our Treatise on Blood and Skin Diseases mailed free to any address.
