THE FUNDING BILL

An Amendment to Carlisle's Currency Bill.

HALF A BILLION BONDS PROPOSED

Sibley of Pennsylvania Scores Cleveland for Trampling on the Prerogatives of the People.

WASHINGTON, Jan. 8.—The first business in the house today was a resolution from the committee on rules authorizing the appropriations committee to insert a clause in the sundry civil appropriation bill.

Debate on the currency bill being resumed, Belzhooven, democrat, of Pennsylvania, gave notice of an amendment. It proposes a section to enable the secretary of the treasury to fund treasury notes which may be in circulation after the first of August, 1895, which were issued under acts of February 25, 1865; July 11, 1862; March 3, 1863, and July 14, 1890, by issuing bonds to an amount not to exceed \$500,000,000, redeemable at the pleasure of the United States after five years, payable in twenty-five years from date of issue, with interest at 3 per cent, payable semi-annually in gold. The bonds are to be of such denominations, not less than \$20, as the secretary may determine, and to be sold at not less than par for gold or for treasury notes.

The members flocked around Sibley, democrat, of Pennsylvania, when he began a characteristic address against the bill. He was applauded when he said: "If ever a rebuke was needed for one who has attempted to trample down the prerogatives of the people, it is needed for him who has attempted to usurp this entire government to himself. The time has come when there should be something more than brace, belly and brass to this government."

Those Tariff Complications.

WASHINGTON, Jan. 7.—What action congress will take to end the growing tariff complications between this government and European powers, or whether any measures will be adopted for that purpose, are questions clouded in uncertainty. Considering the importance of the tariff war to commercial interests, the attention given it by congress is noticeably slight.

Chairman Wilson recently introduced a bill in accordance with the recommendation in the president's message to repeal the one-tenth of a cent differential on sugar which evoked protests from Germany and Austria, and which it is stated inspired retaliatory action by the former government in the form of prohibition of importation of American beef. But it is not altogether certain that the ways and means committee will report this bill to the house. Mr. Wilson was asked about the prospects of the bill, but did not speak enthusiastically of them. He said the remaining time of this congress was very short and there would be a great pressure on the committee for allotments of time for various bills.

Mr. Cannon of Illinois said if the ways and means committee would propose to re-enact the reciprocity system which congress had obliterated with marked discourtesy to foreign governments parties thereto, as well as to the detriment of American business, he said sarcastically, that the republicans would co-operate with them heartily.

Starving Men Demanded Food.

St. John's, N. F., Jan. 7.—This morning a crowd of 5,000 workmen who were thrown out of employment by the financial collapse, gathered before legislative chambers. Later they paraded the principal streets, carrying white flags, bearing the words: "Work or bread."

After hooting the government, the procession went to the dry docks where is the berth of the British warship Tourmaline, which was sent here to help preserve order. A committee boarded the ship and represented to the captain that they and their families were starving. They insisted that the government should feed them. They threatened to take the necessities of life from the stores. The captain intimated that such attempts would be repressed with a strong hand. The delegation finally withdrew. Starvation is becoming more general daily. Lady O'Brien's committee started two soup kitchens today.

His Young Wife to Be Educated.

LOUISVILLE, Ky., Jan. 7.—Cassius Marcellus Clay, the "Old Lion of Whitehall," is carrying out his plan of educating his young wife to fit her for her new station in life. A few days ago he engaged a governess, Miss Josie Martin, of Munfordville, who has gone to Whitehall to give Mrs. Clay lessons in deportment, music and the ordinary branches of learning. Mrs. Clay is only 15 years old, and has little more than the rudiments of an education. She has had absolutely no experience in society, and is as ignorant of the graces of dress and deportment as of mathematics or the sciences. Miss Martin is expected to make a finished lady of her.

Sugar Planters Lose.

WASHINGTON, Jan. 8.—The district court of appeals today affirmed the decision of the district supreme court regarding the Grant Miles Sugar Manufacturing and Planting Company of Louisiana. A mandamus was asked compelling Secretary Carlisle and Internal Revenue Commissioner Miller to proceed under the law awarding sugar bounties, notwithstanding its repeal by the new tariff law. The case was brought as a test suit. An appeal to the United States supreme court is yet open to the planters, the case having gone against them in all inferior tribunals.

Governor Millard Gaining.

LOS ANGELES, Cal., Jan. 8.—Judge Clarke, of the superior court, was seen at 1:30 this afternoon and asked regarding the administering of the oath to Lieutenant-Governor Millard, replied: "I administered the oath yesterday afternoon, but I do not think it amounts to anything. It was simply done as a precautionary measure, and carries no weight whatever with it. I am given to understand that a committee of the senate are coming to the city, at which time the oath will be administered in their presence, which would make it legal. Governor Millard is still on the gain."

Debs and Associates in Jail.

CHICAGO, Jan. 8.—Eugene V. Debs and associates, under jail sentence for contempt of court, surrendered to United States Marshal Arnold today, and the jail commitments were promptly made out. No proceedings in court looking toward a stay of sentences were begun. All the defendants except Howard and Elliot were present in the marshal's office.

Yardmaster Murphy Killed.

HELENA, Mont., Jan. 8.—Yardmaster Patrick Murphy was instantly killed at Billings yesterday. He had made up a Northern Pacific freight and stepped on the end of a break beam to ride down the yard. He slipped, fell under the cars and was cut to pieces. He leaves a wife and four children.

Supreme Court Convenes.

WASHINGTON, Jan. 7.—The supreme court convened today after a recess of three weeks. Senator Allen of Nebraska was among the applicants for admission to practice before the court and he was admitted on motion of Senator Mitchell of Oregon.

Harris Is Renominated.

NASHVILLE, Jan. 7.—The democratic caucus today renominated United States Senator Harris, State Treasurer Craig and Comptroller Harris.

ASK THEM Why?

Ask the men who are making imitations of COTTOLENE, the new vegetable shortening, why they give up lard and try to trade on the merits of COTTOLENE? Perhaps you can guess why.

ASK HIM Why?

Ask the grocer who attempts substitution, why he tries to sell an imitation when people call for that pure, palatable and popular vegetable shortening, COTTOLENE? Perhaps you can guess.

ASK YOURSELF Why?

Why should not YOU use COTTOLENE, instead of lard or any other compound, for all cooking purposes? It has the highest possible endorsement; from Physicians as to healthfulness; from Cooking Experts as to superiority; from housekeepers as to economy. Use COTTOLENE and stick to it.

The Sultan Furious.

LONDON, Jan. 7.—The Standard correspondent in Constantinople says in a dispatch concerning the Armenian atrocities: "Mr. Gladstone's speech of December 29 has caused a profound sensation in the Yildis kiosk. The sultan would not await the arrival of the English papers, but ordered Rustem Pasha, the ambassador in London, to wire the full text. The sultan is furious and his waning anglophobia has been suddenly intensified."
