THE LEGISLATURE.

The legislature meets next Monday, and already the gathering of the birds indicate that the feast is getting ripe. It is to be hoped the legislature will be organized speedily; that the useless army of clerks will be dispensed with, and that only a sufficient force will be employed to do the work, and that then the legislature proceed to carry out that one plank of each platform that pledged each party to abolish the railroad commission. There are a half-dozen other commissions, and they all want to be fired bodily, but the railroad commission first. Of course nothing will be done until the senatorial question is settled, and that is not going to take very long, as one side or the other will win easily.

There is need of considerable legislation, most of it of a negative character, and consisting of repealing some of the laws passed two years ago. We believe that the proper steps should be taken now for holding a constitutional convention, so that we could start in the new century in better shape. The constitution of the state of Oregon was a good one, but we have somewhat outgrown it. In fact, to carry on the business of the state it has become necessary to ignore the constitution, or at least construe it so that it is made to mean something entirely different from what it is.

Adolph Sutro, the new mayor of San Francisco, has issued a call for a meeting to consider San Francisco's wickedness. The most serious grievance is that the prosecuting attorney refused to prosecute C. P. Huntington for violating the interstate commerce law. It is really wonderful how philanthropic and moral some people become after they have sinned profitably, and got all they want. We remember the time when Adolph was manipulating Sutro tunnel affairs, that his name was not even suggested for canonization, in fact Adolph was as gentle as a dove, but as wise as a den of serpents. Go to! Adolph and take the lumber yard out of your starboard eye.

Frank Lenz, the bicyclist who has been contributing some very spirited articles to Outing, is supposed to have been killed in Turkey. The American board of foreign missions has granted permission to one of their missionaries to go in search of the missing man in the country about Deli Baba pass. Mr. Lenz will be remembered by the cyclists here he having passed through The Dalles on his trip, which is now supposed to have ended so disastrously.

The picture of Senator Dolph in yesterday's Oregonian, will be responsible if he is defeated. There are all manner and degrees of badness, but that cut labeled "Senator Dolph reflective," is the meanest meanness, and the vilest vile. If we mistake not that same cut was used two years ago as an illustration of a typical Coxeyite. Senator Dolph has good cause of action against the Oregonian for libel.

Couldn't Find the Statute.
 A boy was once brought before "Old Steady" Baker, the mayor of Folkestone, for stealing gooseberries. Baker turned over Burn's "Justice," but, not being able to find the article he wanted in the book, which is alphabetically arranged, he lifted up his spectacles and addressed the culprit thus: "My lad, it's very lucky for you that, instead of stealing gooseberries, you were not brought here for stealing a goose; there is a statute against stealing geese; but I can't find anything about gooseberries in all Burn; so let the prisoner be discharged, for I suppose it is no offense."

The Fishes of North America.
 The waters of North America, which means the Gulf of Mexico, the two great oceans, and the rivers, creeks and lakes, are stocked with eighteen hundred different varieties of fish. Of the above number, five hundred are peculiar to the Pacific, and about six hundred to the rivers, creeks and lakes.

Two Lives Saved.

Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at the Snipes-Kinerly Drug Store. A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says: "Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

MERCURIAL POISON

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The most common result is

RHEUMATISM

for which S. S. S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pain. I spent hundreds of dollars without relief, but after taking a few bottles of S. S. S. I was completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.
