A FACT OR TWO.

If Senator Dolph is beaten, which now seems extremely probable, he can join the great throng of politicians who have heretofore learned to chant that sad old refrain, "Save me from my friends." If he is beaten he can find the cause, and the entire cause, under the clock tower of the Oregonian building.

We naturally hesitate about criticizing the course of the leading newspaper of the Northwest, for we are not egotistical, and have no pretensions to the erudition and the versatile intellect of the chief writer for that paper.

The situation at Salem yesterday does not look hopeful for Dolph. He can hope for no vote outside of his party, unless Cogswell should take a notion that way.

Judge Gaynor, of the New York supreme court, has handed down a decision to the effect that the street car companies of Brooklyn must operate their lines or forfeit their charters.

Senator Steiwer's bill to compel the board of state land commissioners to make a list of all state lands for which lieu lands may be selected, and to so conduct the management of that department as to make it possible for an applicant for lieu lands to get some knowledge concerning the same, ought to pass.

It is to be hoped that the legislature will pay no attention to the bill to create an official paper in each county of the state. The country press has competition enough now, and it is only right that every paper be given an equal show.

Mr. Hoffman, of the house, has introduced a bill at the request of Hon. W. H. Biggs, providing that on the railroads of this state, wherever at any station or sidetrack the receipts of the company shall aggregate \$25,000 a year, said company shall erect and maintain a depot and keep an agent.

Now that the president and Senator Hill have eaten salt together, it may be possible for them to agree on sugar.

WHY PEOPLE WORSHIP GOLD.

'Tis a Relic of Barbarism and Has No Basis in Actual Value. Men are accustomed to regard gold as the epitomization of wealth; to associate it with ease and luxury; to consider it the apotheosis of security and power, says William Penn, Jr., in Blue and Gray.

People who are influenced by this ancient form of gold idolatry would do well to consider that it is a god of their own creation, whose power may and should be cut off whenever it becomes oppressive.

The Pope as a Mountaineer. The present pope in his younger days was an ardent Alpine climber. A monument is now being erected at Pietrastornina, in the extreme corner of the Parthenian district, as a reminder of his exploits as a mountain tourist.

If all the ladies knew the simple secret that a had complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color.

On and after Dec. 1st, 1894, all county warrants issued by the county clerk will be made payable to order, and no county warrant will be stamped or listed by the county treasurer unless endorsed by the party to whom said order is issued.

BEFORE I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

Hoping to be cured by this celebrated treatment, but very soon became disgusted, and decided to TRY the effect was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured by S. S. S. when the world-renowned Hot Springs had failed.
