Woman's Friend Stove Mat.

POSITIVELY INDESTRUCTIBLE.

10c each. Former price, 50c.

DIRECTIONS.

Use, as a general thing, just on top of stove. If great heat is required, use without the stove lid.

No stirring required for oat meal, milk, rice, custards, blanch mange, jellies, butters, catsups, apple sauce, etc., etc. In fact, nothing will burn on it. Coffee will not boil over if the pot is on the mat; bread toasts nicely on it. Try it and be convinced. For the nursery, there is nothing equal to heat the milk and food for the baby. If a grate fire, lay the mat on the open fire. If the mat becomes soiled, do not wash or scrape, but turn the soiled part next to fire, and burn until clean.

BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

No show tonight.

Mr. W. H. Williams of 8-Mile made us a pleasant call today.

Miss Annie Lang and M. J. Anderson each have a clerkship at Salem.

Joe T. Peters & Co., have cord wood, which is desirable in all respects and respectfully solicit your orders.

Mr. W. H. Bishop of Hood River has taken a contract to build a church for the Catholics at Cascade Locks and went to that place yesterday to begin work thereon.

Mr. Gregory is teaching a singing school at 8-Mile, having two classes, and is giving eminent satisfaction. Four lessons are given a week, two to each class, and flattering progress is being made.

Charley Fowler, whose leg was accidentally broken yesterday, will probably be confined to his bed for some time. The leg was broken in the upper third of the thigh. The accident was caused by running against a cow while coasting.

Do not forget that the young people of the Congregational society invite their friends to spend this evening with them at the home of Mr. B. S. Huntington. Arrangements have been made to make the evening a thoroughly enjoyable one.

We have received a communication from Portland concerning the Y. P. S. C. E. convention. The matter is well put together and is only refused space because it is not sufficiently boiled down, and it is in such shape that we cannot very well do the boiling.

Ice is going into the ice house belonging to the Lombard Ice-Co. at Portland at the rate of nearly two tons a minute. It will be seen from this that if the cold weather holds a few days their big ice houses, with a capacity for 16,000 tons, will be filled to the top.

Elder J. H. Hazel is engaged to speak every evening at the Christian church. His subject last evening was "Sanctification;" tonight he will discourse concerning the "Devil;" tomorrow night he will talk on "Hades;" Thursday night he will give the audience "Hell;" Fri-

day night a talk on "Hypnotism;" Saturday night "A Drowning Man Saved;" Sunday morning "A Free for All Race;" and Sunday evening "The Experience of a Runaway."

A telegram from Bakersfield, Cal., yesterday, states that N. R. Packard, ex-county clerk, had been indicted on three charges of perjury and five for embezzlement. This is said by old residents here to be the same man who at one time was county clerk here and skipped out with several serious charges hanging over him.

If the town cow could be persuaded to stay at home for a few days until the coasting is over, it may save a few broken bones. There is nothing for the gentle creatures to eat unless they swipe a feed or two from some farmer's sleigh, so we fancy it would be no hardship to keep the cows up a few days and give the children a little freedom.

A bobbed on which Mr. F. T. Ryan was coming down Union street last night, upset and in the wreck some one fell on Mr. Ryan, breaking the larger bone of his right leg six inches above the ankle. The fracture was reduced by Dr. Logan and though Mr. Ryan will be confined to his room for a while, time will see him all right again.

There has been several disputes here concerning Dolph's actual vote. To settle such differences of opinion we would state that Senator Dolph, while having apparently only 42 votes, has in reality 43. Owing to Representative Scott's sickness, some member favorable to Dolph has paired with him, so that neither vote was counted, and 88 votes only were cast.

A telephone message from Hood River shortly after noon, stated that a regular gale was blowing there, and that the ice in the slough was breaking up in consequence thereof. It is to be hoped that this will not prove quite true as the loss of 15,000 tons of ice or the handling of that much will be felt. The work gives employment to a large force of men for a couple of weeks and that too when everybody is idle, except for this kind of work.

Special Tax Collector Harrison says he finds sometimes that those to whom he sends notices that their taxes are delinquent, have receipts for the same, and so make no reply. He urgently requests that in all such cases that those holding the receipts notify him of the fact so that the books can be straightened up and proper credits given, otherwise these annoying duties are liable to be repeated. An earnest effort is being made to get the books corrected and it is the duty of every good citizen to assist in the work.

Collector Blackman has sent Deputy E. L. Mims at Pendleton a supply of series 7, No. 21, income tax regulations. A supply of other blanks will soon follow, which will be distributed to those who are supposed to be liable to pay the tax in this division. His division includes all the territory east of the Cascade Locks, the counties being Uma-

tilla, Union, Baker, Crook, Gilliam, Grant, Harney, Malheur, Wasco, Sherman. These blanks contain extracts from the law as well as instructions to enable the person or corporation to comply with the law. The tax must be paid by March 1st.

M. A. Fredenburg of Mt. Hood called Tuesday. He said a foot of snow fell there on Tuesday night. In referring to the trouble with Francisco, Mr. Fredenburg stated that when he bought the land at sheriff's sale Francisco agreed to vacate, but afterwards changed his mind and claimed the right to hold possession. Mr. Fredenburg had no objections to his remaining on the place, but Francisco was very abusive and objected to him doing any work on the place, and hindered the work by all means in his power. The Fredenburgs then called upon the law to give them what they considered to be their rights in the premises, but they found the old saying too true that "possession is nine points of the law" and that it is a hard matter to get control of property bought and paid for if another holds possession and wants to act ugly, as they claim Francisco did.—Glacier.

Infringement Suits.

The Western Electric Company, of Chicago, on December 10, brought suit in the federal court at Springfield, Ill., against the Decatur Telephone Exchange for an accounting. The Decatur exchange is about to begin business with the instrument manufactured by the Harrison Telephone Company. An infringement of patent is claimed.

The Western Electric Company has also brought suit for infringement against several other companies in different parts of the United States. The Western Electric Company is a sub-company of the American Bell Telephone Company, and does most of their manufacturing.

Senator Ealey's Bill.

Senator Ealey's Eastern Oregon insane asylum bill carries an appropriation of \$140,000, which is theoretically the same \$140,000 left out of the original appropriation made last session, of \$165,000 after the \$25,000 for the land has been taken out. It does away with the building commission as contemplated in the original act and puts the work in the hands of the governor, secretary of state and state treasurer, as the asylum board.

Masquerade Ball.

The Woodmen and Workmen will give a grand masquerade ball the evening of February 22d. There will be four handsome prizes, one each for the best sustained character lady and gentleman, one each for the best and handsomest costume. The ball promises to be the finest ever held in the city, and if all the members of these prominent orders turn out there will be a crowd large enough to fill to overflowing any hall in the city.

Wanted.

A girl as an apprentice. Apply at Mrs. Forwood's dressmaking parlors, the former Gilhouse gallery on Court street.

THEY STAND FIRM.

Dolph Neither Gains Nor Loses, But Holds His 42.

The vote today shows no material change; it is as follows: Dolph 42, Hare 10, Hermann 7, Weatherford 8, Lord 5, Moore 2, Williams 10, Lowell 3, Barkley 1, paired Scott and Conn. The situation seems to have resolved itself into dead lock, as far as Dolph is concerned. It is quite probable that the bolting republicans will not be particular as to who else it may be, and the silver question will be largely lost sight of if Dolph is eliminated from the fight.

It is not probable that either side will yield, at least until the close of the session, and only then in case the Dolph men find some man for whom they can vote. The fight bids fair to last the whole session.

MARRIED.

In this city, Jan. 28, 1895, by Justice L. S. Davis, Miss Lillian M. Phipps to Mr. J. H. McCoy, late of Dufur.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.
