Symptoms of kidney troubles should be promptly attended to; they are nature's warnings that something is wrong. EMPIRE IS TOTTERING

Outside Aid Alone Will Save the Chinese Kingdom.

AN IMPERIAL EDICT IS ISSUED

His Successor Called Upon to Wipe Off the Disgrace Put Upon the Flowery Kingdom by Japan.

TACOMA, Jan. 29.—The News publishes a private letter from Hong Kong, stating that the emperor of China has issued an imperial edict in which he says that if the worst should come and the Japanese continue their victorious march, "there remains for us but to perish with them. When the time comes may you reverently escort the empress dowager westward and elect a worthy man to be emperor and to look after the sacred altars of our ancestors and wipe off this disgrace."

The Hong Kong English Press says: "The empire is even now tottering, and unless supported by the Western powers it must surely fall."

Large Numbers Along the Coast Road From Yung Cheng.

HIROSHIMA, Jan. 29.—A dispatch from the headquarters of the Japanese army says a strong force of the enemy, which retreated from Yung Cheng Shen north-west without fighting, is now in the vicinity of Ku Shang Hon. Large numbers of the enemy are reported along the coast road from Yung Cheng.

China Wants More Money.

LONDON, Jan. 29.—A Shanghai dispatch says that China is negotiating a \$3,000,000 loan.

Strikers Unsubdued.

BROOKLYN, Jan. 29.—Stones assailed pickets at the Ridgewood station, Brooklyn Heights railway, a little before daylight this morning. Three companies of the Forty-seventh regiment, on duty there were called out, and several shots were fired in the direction whence the missiles had been thrown.

Wire cutting and acts of petty violence were plentiful this morning. The withdrawal of some of the troops gave law-breakers the opportunity they desired. The thick snow storm also aided the wire-cutters. A dozen lines were interfered with, and a score of wire-cutters were arrested today.

Half a dozen men on one of the salt cars employed in salting the tracks of one of the trolley lines, were attacked at Nostrand and Flushing avenues by a gang of strikers today and badly beaten with clubs before they got away. There was no general break in the ranks of the strikers this morning, some of the old men having applied for reinstatement, however.

President Lewis, of the Brooklyn Heights Company, said this afternoon that moving the first brigade was a serious mistake, and if the second brigade is removed there will be hell to pay. He says he has anonymous information to that effect.

Strikers say they will ask for a writ of mandamus today to compel President Norton to operate all the cars of the Atlantic avenue system. The basis for this action will be the letter sent to President Norton by Master Workman Connolly yesterday, offering to send strikers back on last year's agreement.

For Forfeiture of Charter.

ALBANY, Jan. 29.—Arguments will be heard before the attorney-general tomorrow on an application for forfeiture of the charter of the Brooklyn Heights Trolley Car Company, for its failure to operate its road.

Fair's Will Was Stolen.

SAN FRANCISCO, Jan. 29.—The discovery was made shortly before the office of the county clerk closed yesterday afternoon that the will of the late ex-Senator

James G. Fair had been stolen, and that in its place a lot of worthless papers had been inserted in the envelope that contained the bulky document.

There is nothing now on the file or of record to show what was the will of the dead millionaire. In effect it may be said that on the face of things, as they now appear, Senator Fair left no will.

It now devolves upon his legal representatives to prove that there was a will, which they will be called upon to do when the matter of probate is again called for hearing before Judge Slack on February 7th. While there can be no hearing of the probate petition before that time, the present complication will probably result in the earlier gathering of all attorneys in court.

England Wishes to Honor a Distinguished Naval Officer.

LONDON, Jan. 29.—The Daily Graphic, in a leader on the suggestion made by a correspondent of the St. James Gazette, that Captain Mahan, United States Navy, be called to Cambridge to take the professorship of modern history, which was left vacant by the death of Sir John Seeley two weeks ago, says: "Captain Mahan's contribution to history is not easily measured by academic standards, for it rises into a higher plane of statesmanship. The weakest point of the suggestion is that Captain Mahan possibly will prefer active life in the United States navy, but this is no reason why the offer should not be made. A refusal would be our loss, but we should have the pleasure of expressing appropriately our gratitude for the national service he has done us."

Ill-Advised Interference.

ST. LOUIS, Jan. 29.—A City of Mexico special says that the Two Republics, a newspaper, today in an editorial on the intervention of the United States in the Guatemalan dispute, says the announcement from Washington that the United States would, if agreeable to Mexico, mediate the Mexico-Guatemalan question, has created considerable dissatisfaction. Mexico has maintained that the question is not of a character that should be submitted to arbitration. The offer of the United States seems to be ill-considered and inopportune. The crisis has been reached, and if there is no outside interference, there will be an end, pacific or otherwise, in a short time.

Peaceful Solution of Central American Troubles.

WASHINGTON, Jan. 29.—The Guatemalan government has agreed, it is understood, to make such concessions in the boundary dispute that a peaceful solution may be achieved without wounding the national honor of Mexico. In official circles here confidence is expressed that the irritating question of territory will be speedily and permanently settled to the complete satisfaction of Mexico, and that the matter of indemnity, which has recently complicated affairs and been particularly obnoxious to Guatemala will be disposed of through the arbitration, probably of a South American government, possibly Brazil.

Great Meteor Found.

HERMOSILLO, Mexico, Jan.—The great meteor that recently fell in the mountains ten miles northeast of Real Del Castillo, has been found by H. B. Tremble, an American archaeologist, who was accompanied by a party of Mexican guides. It is of immense size, and Mr. Tremble pronounces it the most wonderful specimen of the kind ever discovered. The meteor produced a sound like a terrific explosion as it struck the earth, terrifying the ignorant Mexicans for miles around.

Armenian Outrages Proved by the Consular Reports.

LONDON, Jan. 29.—The Westminster Gazette claims that Foreign Secretary Kimberley refuses to issue the consular reports from Armenia because they confirm the previously received stories of massacre and outrage. Kimberley, in a letter to the Armenian Association, states that none of the fifty-eight Armenians condemned by the tribunal at

Marvelous results.

From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Snipes & Kinersly's Drug Store. Regular size 50c. and \$1.00.

A Fictionist—What are you writing, Hawley? "A story. I'm going in for fiction." Really? For a magazine? "No. For my tailor. He wants his money, and I'm telling him I'll send him a check next week."—Harpers Bazar.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Snipes-Kinersly Drug Co.

William Dorrity of Lane county went out on a spree last Saturday night. He went to Eugene with his team, and on his return home about 9 o'clock his eyes went into the eclipse and he drove off a bridge on South Willamette street. Quite a time was had getting the man and team out of the ditch.

Great Oaks

From little acorns grow, so also do fatal diseases spring from small beginnings. Never neglect symptoms of kidney troubles; if allowed to develop they cause much suffering and sorrow. Dr. S. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. Sold by Snipes & Kinersly, druggists.
