LOST IN NORTH SEA
Steamer Elbe Sunk With
Over 300 Souls.

TWENTY KNOWN TO BE SAVED
En Route to Southampton and New York—Much Excitement in London—List of Officers.

LONDON, Jan. 30.—Lloyds' has received the following dispatch from Lowestoft, dated 6:12 p. m.: "The Elbe was sunk in the North sea, after colliding with another steamer. Twenty people on board of her have been landed here by fishing smacks. Persons saved include the second officer and the pilot. It is feared the loss of life is great."
The reception of the news caused great excitement everywhere, and it soon became known in clubs and other places of public resort.
The agents of the company and all others were soon doing everything possible to obtain facts. It was believed the Elbe had about 350 persons, passengers and crew, on board, and as the time passed and no additional news was obtainable the people became convinced the report of over 300 lives lost must be correct.
She was on the way to New York from Bremen.

NEW YORK, Jan. 30.—The North German Lloyd's steamer Elbe was commanded by Captain Von Gosset. She arrived at Bremen from New York January 26th, and sailed from Bremen yesterday for Southampton and New York. She was built in 1881 in Glasgow, and was 4510 gross tonnage, 420 feet long, and 45 beam, and her depth of hold was 36 feet 6 inches. The Elbe was a four-masted screw steamer.
Following is the list of her officers: Captain, Von Gosset; chief officer, G. Wilhelm; chief engineer, A. Nusell; purser, W. L. Lohmiller; physician, Dr. A. Reichardt; chief steward, H. Pfichador.
Probably the vessel with which the Elbe collided.

ROTTERDAM, Jan. 30.—The steamship Cranthie, from this port, for Aberdeen, Scotland, has put into Maasluic leaking slightly forward, her stern having been stove in by a collision early this morning with an unknown ocean steamer, believed to be the Elbe, of the North German Lloyd Steamship line. The collision occurred about 5 o'clock this morning some 35 miles distant from the coast of Holland. It is not known if she has any passengers on board taken from the Elbe.

THE NEWS IN NEW YORK.
NEW YORK, Jan. 30, The North German Lloyd's Steamship Company has received the following cable: "The most deplorable news from Lowestoft states that the Elbe was sunk through a collision at 6 this morning. Boat No. 5, with Third Officer Stallburgh, Purser Weser, Engineer Neussel and 19 persons landed at Lowestoft. No further news so far." A representative of the company said: "The Elbe probably had 200 passengers."

WASHINGTON, Jan. 30.—The house banking and currency committee resumed discussion of the administration bill today. The following amendment proposed by Walker (Mass.) was agreed to by a two-thirds vote:
Section 5—From and after July 1, 1895, the 10 per cent cash reserve required by law shall be kept in coin or coin certificates, and not less than half of such coin or coin certificates shall be in gold coin or gold certificates, and such cash reserve required by the law shall be kept in coin or coin certificates in amounts increased by 10 per cent of the whole

cash reserve required to be kept by law, on and after the first day of each quarter of the calendar year until the whole cash reserve be in coin or coin certificates, and not less than half of such cash reserve shall at all times be in gold coin or gold certificates.

Warner's amendment offered yesterday was defeated by a vote of 10 to 2, Warner and Walker voting for it, when the committee took a recess. At 1:30 the Russell amendment, providing that the amount of treasury notes canceled in any one month shall not exceed the issue of national bank notes for one month, was under consideration.

Administration democrats say no amendment so far adopted will endanger the success of the bill, but they fear this one will if it is adopted.
The committee at the afternoon session adopted the Russell amendment and took up the one offered by Warner repealing so much of all laws and parts of laws as limit the rate at which national banking currency may be retired, and prohibiting any national banking association from taking out additional circulation within six months after it shall have withdrawn any part of its circulation.

WASHINGTON, Jan. 30.—A dispatch from the St. Louis chamber of commerce urging that the president's recommendations be carried out without delay was presented today by Vest, who declared the St. Louis chamber of commerce did not represent the people of Missouri. The people did not favor the retirement of \$500,000,000 greenbacks and treasury notes and the issuance of gold obligations running 50 years with interest aggregating \$750,000,000. It was a selfish suggestion that posterity should be left to pay this debt.

"The president has declared war on silver," said Vest. "He would make us accessories to this effort to fix the gold standard upon us." The senator asked if any man really believed the supposed emergency would not be met by silver payments.

In answer to a question by Cullom, Vest said he did not believe there was any possibility of the finance committee agreeing on any measure to report to the senate. Vest said the talk about the lack of revenue was a waste of words. The secretary of the treasury had assured him that the revenue was increasing every day, and there promised to be a large surplus.
The senate went into executive session and financial debate ceased.

WASHINGTON, Jan. 30.—Western representatives working against the Reilly Pacific bill have practically come to an understanding that they will support Representative Boatner's bill for the Pacific railroad commission, provided he will amend it in one important particular. The feature they oppose is that which provides that purchasers, in case the roads are sold under foreclosure, should assume all debts of the old companies and give the United States a mortgage on the property payable in 50 years at 3 per cent. They say the Western states will have to bear the burden in high traffic rates.
There is a possibility that Boatner will strike out this section and leave the feature open for future legislation. In that event, Californians will support the Boatner plan, if they think there is a fair chance to block the Reilly bill. It is understood they prefer that there be no legislation, and that the government foreclose in case the roads default in payment of bonds.

WASHINGTON, Jan. 30.—It is understood that a preliminary agreement has been reached by Mexican and Guatemalan representatives in Washington for the settlement of the boundary dispute by arbitration, which needs only the approval of the two governments to become effective. No doubt is entertained that President Diaz will give his approval to

"Oh, these Advertisements Tire me."

Some advertisements do have that tendency. So do some people, and some books. Nevertheless bright people understand that the advertising columns now-a-days carry valuable information about things new and good. Such is

the plan, which has already received the approval of President Barrios. Full confidence is expressed in official circles that war is now out of question, and that the quarrel will be permanently ended by an entirely amicable agreement, honorable alike to Guatemala and Mexico.

Marvelous results.
From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Snipes & Kinersly's Drug Store. Regular size 50c. and \$1.00.

Import Duties Increased.
WASHINGTON, Jan. 30.—The United States consul at Gothenburg, Sweden, Mr. Boyesen, in his report to the state department, shows that by the royal ordinance import duties on grains have been greatly increased, in some cases more than 100 per cent.

A Secret.
If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Great Oaks
From little acorns grow, so also do fatal diseases spring from small beginnings. Never neglect symptoms of kidney troubles; if allowed to develop they cause much suffering and sorrow. Dr. S. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. Sold by Snipes & Kinersly, druggists.
