THE NEXT BOND ISSUE

No Announcement Made by the Government.

A HUNDRED MILLIONS THIS TIME

Bonds to Be Disposed Of by London Bankers, and Paid for Entirely in Foreign Gold.

WASHINGTON, Feb. 2.—There is no longer any doubt that negotiations are about to be completed for the sale in New York of \$100,000,000 of 4 per cent 30-year bonds. While the prospective purchasers are New York parties, it is known that the bonds are expected to be disposed of by London bankers, and to be paid for entirely with foreign gold.

WASHINGTON, Feb. 2.—No information whatever was obtainable at the treasury department about an impending bond issue. It is positively stated, all reports to the contrary notwithstanding, that no preparations in the way of preparing plans for such an issue have been made so far.

Curtis' Mission to New York.

NEW YORK, Feb. 2.—Assistant Secretary Curtis called on the subtreasury today, but Treasurer Jordan stated that his visit was merely to receive the usual report, which is forwarded to him daily by telegraph. Mr. Jordan stated positively that no conference on the bond question was held at the subtreasury today. It is generally believed that Mr. Curtis met August Belmont, J. Pierpont Morgan and probably some other bankers up town somewhere, for neither of the gentlemen named was at his office today.

A Trifling Sum Withdrawn.

WASHINGTON, Feb. 2.—The treasury gold reserve stood at the close of business today at \$42,749,787. The withdrawals for the day amounted to the trifling sum of \$5,000, taken out at New York.

Making a Good Fight.

CHE-FOO, Feb. 2.—The western forts at Wei-Hai-Wei were taken by the Japanese on January 30th, in spite of the good resistance made by the Chinese. One Japanese gunboat was sunk, after having been badly damaged. A shell burst in the magazine of one of the Chinese forts, and the whole store of powder blew up. It is believed to have caused great mortality.

The eastern forts were bombarded for hours by the Japanese cruisers Naniwa, Akitsusu and Katsuragi. The Japanese fire was well directed and dismounted several guns, but neither the eastern forts nor the city of Wei-Hai-Wei were captured.

The authorities of Che-Foo seizing and beheading Chinese soldiers who ran away from Wei-Hai-Wei. Further operations are impossible for the present, owing to the severity of the weather.

Told by Official Dispatches.

HIROSHIMA, Feb. 2.—Official dispatches show the capture of the forts at Wei-Hai-Wei was due to the skillfully combined movements of the Japanese. The chief forts at Pai-Chai-Hyaso were taken after a few hours' fighting, but some others were stubbornly defended.

The Japanese sixth division was under arms at 2 o'clock in the morning and an advance was immediately ordered. The assault on the Chinese defenses began at daylight and by 9 o'clock the outlying batteries and trenches were almost all taken.

Meanwhile the second army corps was assaulting the Pai-Chai-Hyaso forts, on the southwest. These defenses were of great strength and had precipitous sides a hundred feet high. The attack was made under cover of a furious bombardment from the Japanese fleet. Here

was the main point of the Chinese resistance.

After the fighting had proceeded some hours, the sixth division, having driven back the enemy, made a detour and advancing behind Mount Ku, which hid the Japanese troops, made a strong attack, from that side on the Pai-Chai-Hyaso forts, which were captured by 12:30 p. m.

The Japanese fleet then, by preconcerted arrangements, proceeded to take possession of the eastern entrance to the harbor and by 3 p. m. all the forts about Pai-Chai-Hyaso to the southwest were captured, and the Chinese were retreating towards Fung-Lin-Chi.

At 4:50 p. m., when these dispatches were sent, the battle was still raging. The Chinese fleet, and Forts Yatao-Thamao and Wang-Tao, were furiously replying to the Japanese, whose ships were maneuvering so as to block the entrance to the harbor.

Charles Denby, Jr., Thinks the Japanese Cannot Easily Reach Peking.

NEW YORK, Feb. 2.—Charles Denby, jr., secretary of the United States legation at Peking, arrived here today on board the Paris from Southampton. He has been absent from Peking on leave for the last three months. To a reporter he said:

"The overwhelming defeat of the Chinese armies is a great surprise. However, I do not think the prospects for the Japanese army reaching Peking are very bright. If the troops went by land, it would be a long march of 200 or 300 miles around the gulf of Pe-Chi-Li from their present situation, and it would take eighteen or twenty hours' steaming for transports to reach Taku, the seaport of Peking. And to take Taku would be a serious undertaking, for it is very strongly fortified. This is the port where the British troops met with reverse on one of their invasions of the country."

An Estimate of the Free-Coinage and Anti-Free-Coinage Strength.

WASHINGTON, Feb. 2.—Many Eastern republican senators are receiving letters and telegrams from their constituents urging them to stand by the president and lay aside party feeling and aid in passing a sound currency bill. This has impelled a canvass of the senate by several senators, and they point out that the anti-silver men are in the minority. The canvass shows 47 for free coinage of silver and 39 against. The admission of Wilson of Washington and Carter of Montana will increase the free-silver vote to 49.

A Female Prisoner Sentenced.

ANTWERP, Feb. 2.—Mme. Joniaux was tonight found guilty on six counts and was sentenced to death. This sentence in accordance with the Belgian law, will be commuted to penal servitude for life. Mme. Joniaux was tried for the murder by poison of her sister, Mlle. Leonie Ablay; her uncle, Jacques Van Den Kerchove, and her brother, Alfred Ablay. The convicted woman was of good social standing, and her trial has excited widespread interest.

Anarchist Cappelli Arrested.

ROME, Feb. 2.—Policemen arrested today Ravaglio Cappelli, a dangerous anarchist, and two of his friends. They had been informed that the three had formed a dynamite plot. In Cappelli's lodgings they found several bombs, an infernal machine loaded with powder and bullets, and a parcel of revolutionary proclamations. Cappelli is very boastful. He says that he intended to make good use of a bomb in the immediate future.

A Conservative's Resignation.

LONDON, Feb. 2.—H. S. Naylor Layland has resigned his seat in the house of commons. He is a conservative, and represented Colchester. In 1889 he married Miss Jane Chamberlain, daughter of H. S. Chamberlain, of Cleveland, Ohio.

The French in Madagascar.

PARIS, Feb. 2.—A dispatch from Tamatav, island Madagascar, via Zanzibar,

This is it.

This is the new shortening or cooking fat which is so fast taking the place of lard. It is an entirely new food product composed of clarified cotton seed oil and refined beef suet. You can see that

Cottolene

Is clean, delicate, wholesome, appetizing, and economical—as far superior to lard as the electric light is to the tallow dip. It asks only a fair trial, and a fair trial will convince you of its value.

Be sure and get the genuine. Sold in three and five pound pails by all grocers. Made by

announces that the Hovas recently commenced the bombardment of Tamatav, which for some time has been occupied by French troops. Shell fire from the French cruiser Papin and the fire of the French land battery silenced and dismantled the Hovas guns.

Marvelous results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Snipes & Kinersly's Drug Store. Regular size 50c. and \$1.00.

Rocheport to Return to France.

LONDON, Feb. 2.—M. Henri Rocheport, of Paris, exiled from France since he came to England with the late Boulanger in 1889, has left London for Paris, the amnesty bill having been passed by both the senate and the chamber of deputies. M. Rocheport has arranged to arrive at the French capital tomorrow.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer blotchy faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. The Triple Alliance.

PARIS, Feb. 2.—Le Memorial Diplomatique declares that the emperor of Germany and the king of Italy have arranged for an interview for the purpose of fixing the minimum number of troops each party to the triple alliance agreement is to furnish in the event of war.

O. W. O. Hardman, Sheriff of Tyler Co., W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by Blakeley & Houghton Drug-gists.
