HIS LAST MESSAGE

Cleveland Informs Congress of Another Bond Issue.

TERMS OF THE ARRANGEMENT

Will Run Thirty Years—Saving May Be Effected by the Substitution of Bonds Payable in Gold.

WASHINGTON, Feb. 8.—The president today sent the following message to congress: "Since my recent communication to congress calling attention to our financial condition and suggesting legislation which I deemed essential to our national welfare and credit, the anxiety and apprehension then existing in business circles have continued."

"As a precaution, therefore, against the failure of timely legislative action, cautious preparations have been pending to employ to the best possible advantage, in default of better means, such executive authority as may, without additional legislation, be exercised for the purpose of reinforcing and maintaining in our treasury an adequate and safe gold reserve. In the judgment of those especially charged with this responsibility the business situation is so critical and the legislative situation so unpromising, with omission, thus far on the part of congress, to briefly enlarge the powers of the secretary of the treasury in the premises, as to enjoin immediate executive action with the facilities now at hand."

"Therefore, in pursuance of section 3700 of the revised statutes, details of arrangement have this day been concluded parties abundantly able to fulfill their undertaking, whereby bonds of the United States, authorized under the act of July 14, 1875, payable in coin thirty years after their date, with interest at the rate of 4 per cent per annum, to amount to little less than \$82,400,000, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of \$65,000,000, to be delivered at the treasury of the United States; which sum, added to the gold now held in reserve, will so rest in such reserve as to make it amount to something more than \$100,000,000. Such premium is to be allowed to the government upon the bonds as will fix the rate of interest upon the amount of gold realized at 3 3/4 per cent per annum."

"At least half of the gold to be obtained is to be supplied from abroad, which is a very important and favorable feature of the transaction. The privilege is especially reserved to the government to substitute at par within ten days from this date in lieu of these per cent coin bonds other bonds in terms payable in gold and bearing only 3 per cent interest, if the issue of the same meantime be authorized by congress, and the arrangements just completed, which after careful inquiry appear under the present circumstances, and considering all objects desired; to be the best attainable, develops such a difference in the estimation of the interest between the bonds made payable in coin and those especially payable in gold, in favor of the latter, as is represented by three-fourths per cent annual interest."

In the agreement just concluded the annual saving of interest to the government if the 3 per cent gold bonds should be substituted for 4 per cent bonds, under the privilege reserved, would be \$539,159, amounting in thirty years, or at maturity of the coin bonds, to \$16,174,770. Of course there never should be doubt in any quarter as to the redemption in gold of the bonds of the government, which are made payable in coin. Therefore the discrimination in the judgment of investors between our bond obligations, made payable in coin

and those specifically made payable in gold is very significant. It is hardly necessary to suggest that whatever may be our views on the subject, the sentiments or preferences of those with whom we must negotiate in disposing of our bonds for gold are not subject to our dictation.

I have only to add that, in my opinion, the transaction herein intimated for the information of congress promises better results than efforts previously made in this direction, effectively adding to our gold reserve through the sale of bonds, and I believe it will tend, as far as such action can, in the present circumstances, to meet the determination expressed in the law repealing the silver-purchasing clause, act of July 14, 1890; and that in the language of such repealing act, "the arrangement made will aid in our efforts to secure the maintenance of parity in the value of coins of the two metals and in the equal power of every dollar at all times in the market and in the payments of debts."

(Signed), GROVER CLEVELAND, Executive Mansion, February 8, 1895.

Desperate Dash for Life.

NEW YORK, Feb. 8.—Fire started in Totham Bros., shot tower, which extends 225 feet above the street, early this morning, imprisoning Frederick Erickson on the top story. The fire was caused by an explosion of the oil furnace on the lower floor, and the flames quickly shot up and checked Erickson's descent by the stairway. He ran to a window, but found he could not jump to the roof of the main building, so he once more faced the fire. He sprang through the flames to the landing below him, was unhurt, and at once leaped to the next floor. On the next landing the flames were thick, but the desperate man never faltered for a moment. Below the next floor he saw safety, and once more leaped for life, landing in a mass of flames through which he rushed madly and sprang down the stairway with his clothes afire. The superintendent and several workmen soon had his burning garments torn from him. He may recover.

Train on the Philadelphia & Reading Derailed.

WILLIAMSPORT, Pa., Feb. 8.—The Philadelphia & Reading passenger train, due here at 10 a. m., was wrecked at Allenwood. Four passenger coaches were derailed and are lying on their sides. The fireman is missing. Many passengers are said to have been badly bruised. Particulars are meager on account of the condition of the wires.

Still Another Collision.

TORONTO, Ont., Feb. 8.—The Grand Trunk train, due here at 8:15 a. m., got stalled near Weston, eight miles from here, and was run into by the London train. The driver and fireman of the London train are badly scalded. Two male passengers are missing and two others are badly injured. The wrecked cars are on fire.

The Blizzard in New York.

NEW YORK, Feb. 8.—The worst storm since the blizzard of March 4, 1888, started last evening and has continued uninterruptedly up to this time. The traffic on surface street railroads is much delayed, and the elevated roads are taxed beyond their capacity. The ferry boats have stopped running, and thousands are snow bound on the railroads.

The Storm at Cape Breton.

SOUTH INGONISH, C. B., Feb. 8.—The telegraph lines are down and buried in the wrecks for half a mile. Twenty houses and shops were washed off the beach, and nothing was saved. At Middlehead all the fish stores were swept away. At New Haven all the fish stores and dry goods stores are gone, the result of Tuesday's storm.

The Storm in Pennsylvania.

PHILADELPHIA, Feb. 8.—Snow ceased falling in this city shortly after midnight, but the wind piled up high drifts, rendering street car and other travel almost impossible. According to the weather office report the lowest point reached by

Marvelous results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Snipes-Kinersly Drug Co's Store. Regular size 50c. and \$1.00.

Chicago Hotel Burned.

CHICAGO, Feb. 8.—The Hotel Royal, in this city, was burned at an early hour this morning. Ten people were injured, two of them, Maggie Bryan and Maggie Daniels, domestics, being frightfully cut through leaping through the window and having all their hair burned off. They will probably die.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Snipes-Kinersly Drug Co.

Rear End Collision.

BROOKLYN, Feb. 8.—While the fast train on the Long Island railroad was standing at Morris Park station the through train from Hempstead, drawn by two engines, crashed into the rear. A number of passengers on the fast train were injured.

Symptoms of kidney troubles should be promptly attended to; they are nature's warnings that something is wrong. Many persons die victims of kidney diseases who could have been saved had they taken proper precautions. The prompt use of Dr. J. H. McLean's Liver & Kidney Balm has saved thousands of valuable lives. If you have any derangement of the kidneys try it. Price \$1.00 per bottle. Sold by Snipes & Kinersly, druggists.
