BEFORE THE SENATE

The President Furnishes a Number of Documents

IN COMPLIANCE WITH A REQUEST

The Logbooks of Naval Vessels Cannot be Obtained, But Reports of Their Commanders Are Submitted.

WASHINGTON, Feb. 11.—The president today sent the following message to congress:

"To the senate: On the 8th day of January I received a copy of the following senate resolution: Resolved, that the president be required, if not incompatible with public interest, to communicate to the senate all reports, documents and other papers, including logs of vessels, relating to the enforcement of regulations respecting fur seals, adopted by the governments of the United States and Great Britain, in accordance with the decision of the tribunal of arbitration convened at Paris, and the regulations under which said reports are required to be made, as well as relating to the number of seals taken during the season of 1894 by pelagic hunters and by lessees of Pribyloff and Commander islands; also relating to steps which may have been taken to extend said regulations to Asiatic waters, the North Pacific ocean and Behring sea and secure the concurrence of other nations in said regulations, and further, all papers not heretofore published, including the communications of the agent of the United States before said tribunal at Paris, relating to the claims of the British government on account of the seizure of sealing vessels in Behring sea."

"In compliance with said request, I herewith transmit sundry papers documents and reports, which have been returned to me by the secretary of the state, the secretary of the treasury, and the secretary of the navy, to whom said resolution was referred.

"I am not in possession of any further information touching the various subjects embodied in such resolution. It will be seen from the letter of the secretary of the navy, accompanying the papers, and documents sent from his department, that it is impossible to furnish at this time complete logbooks of some of the naval vessels referred to in the resolution, but I venture to express the hope that the reports of the commanders of such vessels as are herewith submitted, will be found to contain in substance so much of the matters recorded in said logbooks as are important in answering the inquiry addressed to me by the senate."

"GROVER CLEVELAND."

An International Cable.

WASHINGTON, Feb. 11.—A bill to incorporate the International Pacific Cable Company, for a cable from California to the Hawaiian islands, thence to Japan and other points in the Pacific, and on the mainlands of Asia and Australia, was introduced in the house today by Representative Charles W. Stone, of Pennsylvania.

The incorporators are: William Alford, Samuel T. Alexander, Hugh Craig, William H. Symond, Alfred S. Hartwell, Edward B. Pond, John Irwin, Ray Stone, A. G. Hawes, Herman Oelrichs, Charles R. Bishop, G. W. McNear, Lewis B. Parrott, W. M. Buckner, C. L. Taylor, O. D. Baldwin, Henry F. Allen, W. J. Adams, John D. Spreckels.

The bill proposes to give the company the right to hold requisite connections, land, offices and stations, and to exercise such powers as may be granted by any other government, with the provision that nothing in the action shall be construed to commit the United States to any financial liability or guarantee of carrying out its contracts.

Will Pay Principal.

WASHINGTON, Feb. 11.—The house committee on Pacific railways gave a hearing today to representatives of the companies. Ellery Anderson, receiver and government director of the Union Pacific, A. A. H. Boisevain, who represent foreign holdings in the same company, and C. H. Tweed, of the Central Pacific, presented a proposition of the corporations to settle their government debts by the payment of the principal, by which arrangement the Union Pacific would pay the United States about \$33,500,000, and the Central Pacific about \$27,500,000.

Representatives of large interests in New York city, among them President Fitzgerald, of Mercantile Trust Company, and J. P. Morgan, a member of the reorganization committee, have been sent dispatches asserting that a bill authorizing the secretary of the treasury to accept cash payment of the principal of the Union Pacific debt in full satisfaction of all claims upon it, would be accepted and carried out by the company. The proposition was formally made by Boisevain, for the Union Pacific today.

Anderson said the re-committal of the Reilly bill by the house without action and the failure of congress to give the executive branch any instructions as to the protection of government interests left the whole matter in a very unsatisfactory condition.

Central Pacific Representative Weed was not prepared to make the same proposal in behalf of that company, but said if the parties who might advance the principal of the debt could be protected by holding a government lien as security for their advances, the same terms could be carried out by the Central Pacific. Such security was necessary in his opinion on account of the existence of liens prior to the government lien.

Baptism by Immersion Through a Hole in the Ice.

LANCASTER, Pa., Feb. 11.—With the thermometer hovering near zero, the Baptist River Brethren, or Dunkards, cut a hole in the ice at Conestoga creek, at Earlville yesterday, and baptized Miss Groff and Miss Lizzie Stump, of Bareville. The Rev. John Graybill and the candidates stood waist deep in the icy water, asking and answering questions in Pennsylvania German. Then there were prayers, and the final plunge of the candidates' heads under the surface of the stream, until their entire bodies were submerged. Another prayer was offered that their names might be written in the book of life, and the ceremony which occupied five minutes, was over.

Oyster-Growers Hope the Weather Will Moderate Gradually.

SEA ISLAND CITY, N. J., Feb. 12.—The oyster-growers throughout South Jersey are worried over the continued cold weather, and say that unless it moderates gradually, they will lose hundreds of dollars. The bays in which the oyster grounds are situated are frozen solid and the ice reaching to the bottom has caught thousands of bushels of bivalves. If a sudden warm spell should follow this extremely cold weather, the ice will carry the oysters away and deposit them in the creeks and thoroughfares.

A Case of Mistaken Identity in Chicago.

CHICAGO, Feb. 11.—Robert Robson was passing along West Madison street last night when a man rushed up to him, and without a word, seized him by both ears and bit off his nose. Then with a shriek the assailant shouted: "My God it's the wrong man!" and ran away. A bystander found Mr. Robson's nose, and it was put on again, and fastened with courtplaster. A physician was called, but he expressed doubts as to the probability of the nose growing again.

A Chicago Washerwoman Makes a Plucky Fight.

CHICAGO, Feb. 11.—The laundry combine, comprising all the big firms in the business undertook to freeze out little Miss Mary G. Hennessy because she would not join the association. The

combine sent agents to Miss Hennessy's customers and in some cases did washing free, to drive her out of the business. Miss Hennessy retaliated by suing several of the conspirators for \$10,000 damages, and a jury has awarded her \$6,000. The case will be appealed by the combine, but Miss Hennessy will fight it to the last.

Marvelous results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Snipes-Kinersly Drug Co's Store. Regular size 50c. and \$1.00.

"I offer thee," exclaimed the prince in the story, "my crown. Will share it with me?" The beautiful maiden smiled. "Sure thing," she answered. "Why shouldn't I? They are wearing men's styles in everthing."—Town Topics.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Indian Chief (to prisoner)—You say you are a foreign tourist? Prisoner Yes. "And have you a title?" "Yes." "And you are unmarried?" "Yes." "Well, I will let you go; but you will have to run the gantlet of American heiresses all the way back from Denver to New York."—New York Weekly.

O. W. O. Hardman, Sheriff of Tyler Co., W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by Blakeley & Houghton, Drug-gists.
