The Hayward Trial.

MINNEAPOLIS, Feb. 12.—The cross-examination of Adry Howard today brought out facts showing that a violent hatred exists between Adry and Harry. Adry admitted he had been charged with embezzlement from his father both by his brother and father, but claimed the money had been stolen from his flat by Harry for the purpose of fomenting trouble. Adry declared that was all that ever made any trouble.

Mrs. Hayward, sitting beside Harry, shook her head and exclaimed: "Leave out nothing."

Further questionings by the defense indicated the purpose of setting up the claim that Adry had conspired with Blix to murder Miss Ging. He was asked if he was not crazy October 7th.

Adry replied: "I'm not in a position to answer," and laughed, when the court ruled the question out of order. Adry denied he said in his office to his father October 7th: "I've got to have money some way. If I don't get it I'll hold up a train or do something; I know a scheme to fix Harry, and I'll do it."

He said he told Elder Stewart of Harry's conspiracy to kill Miss Ging, because he regarded Stewart as his friend.

The defense offered in evidence the pointed shoes worn by Adry, indicating their purpose to claim that the tracks at the scene of the murder were made by Adry.

The Magazine Was Blown Up.

LONDON, Feb. 12.—A Tokio dispatch says the Japanese admiral reports that the Japanese blew up the magazine of the Whih Tam fort at Wei-Hai-Wei on February 8. On the 9th two shells from the eastern forts struck the Chinese cruiser Chen Yuen, which immediately sank. The Whih Tam fort has been silent since the blowing up of its magazine, and is probably evacuated. The Japanese having captured the enemy's torpedoes, the enemy's ships are firing machine guns nightly in order to avert a torpedo attack upon them.

A dispatch from Wei-Hai-Wei says the Chinese General Tai committed suicide February 7, in a fit of anger at the desertion of some of his officers.

A Shanghai dispatch says the recall of the Chinese peace envoys was the result of the consultation of Chinese authorities with foreign ministers.

Miss Buecker Has Been Summoned to Osborne House.

LONDON, Feb. 12.—Messrs. Keller, Wallis & Co., agent for the North German Lloyd's Steamship Company, state that the body landed at Harwich yesterday is unquestionably that of Herman Gebrets, the doctor of the Elbe.

Miss Annie Buecker, the only woman on the Elbe who was saved, yesterday received a command from the queen to visit her at Osborne house, the royal residence on the Isle of Wight. The royal yacht has been placed at her disposal for the purpose of the visit. Empress Frederick, of Germany, the queen's eldest daughter, is visiting her mother at Osborne house, and Miss Buecker will be given an audience by both the queen and Empress Frederick.

Miss Gould's Engagement.

New York, Feb. 12.—George Gould has verified the engagement of his sister Anna to Count Castellane. "Yes," said Gould, "my sister is really engaged to Count Castellane, and we are all

much pleased with the match. I have known Count Castellane some time, and think he will make one of the best of husbands. I cannot tell you yet when the marriage will take place, but I think it will be soon."

Count de Castellane denied absolutely the rumors that Miss Annie Gould and he have signed a marriage settlement by which he will be \$2,000,000 richer on the day he makes Miss Gould a countess. "There has not been a word spoken on the subject," said the count. "I have not inquired in regard to her fortune, nor has she asked of mine."

The Election of Senators.

WASHINGTON, Feb. 12.—The senate committee on privileges and elections today decided to report back the bill introduced by Senator Mitchell of Oregon for a constitutional amendment providing for the election of senators by a direct vote of the people. The majority and minority reports were afterward submitted to the senate. Turpie, Palmer and Mitchell say in their report:

"The object is to place one department of the government wholly in the control of the people. The legislative or lawmaking department of the government ought, in our opinion, to be so placed. The laws of the United States are made by congress and in behalf of the people. It is therefore a matter of the highest importance that the lawmakers in both branches of the national legislature should be chosen by the people."

Speculation in Agricultural Commodities Cannot Be Stopped.

LONDON, Feb. 12.—In the house of commons today, Harcourt stated in reply to a question that he feared the time was not ripe for entering into an agreement with other countries to prevent speculation in agricultural commodities.

A Guy in the pulpit.

OAKLAND, Feb. 12.—Rev. Edwards Davis, pastor of the Christian church, a young preacher whose bizarre methods attract immense crowds, preached on dancing Sunday night, defending waltzing, and illustrating its grace by dancing waltz steps in the pulpit, with an imaginary partner. On former Sundays he recited Shakespeare in defense of the drama and said poker was a more commendable game than tiddle-de-winks. Next Sunday he will wear evening dress.

Glad to Be at Home.

CLEVELAND, Feb. 12.—County Commissioner John Vevera, one of the few survivors of the Elbe disaster, arrived here yesterday. The meeting between Vevera and his family was most pathetic. "America is the grandest country on earth," said Vevera, "and I do not want to leave it again. I would not take another trip across the Atlantic for all the money in the world."

Another Respite Given.

MOSCOW, Mexico, Feb. 12.—Adolfo Villarela, the rich Mexican rancher, who assassinated David McKellar, the millionaire English ranchman two years ago, has been given another respite by the authorities. At his trial Villarela sentenced to be shot and \$40,000 of his estate was confiscated by the court and ordered to be paid to the widow of the murdered man.
