Have Chosen Fort Arthur.

TIENTSIN, Feb. 18.—The Chinese foreign office has requested Mr. Denby, the United States minister, to suggest to the Japanese that the peace envoys appointed by the two countries to meet at Port Arthur or some place near Tien-Tsin in order to suit the convenience of Li Hung Chang, one of the Chinese envoys. The Chinese government has requested John W. Foster, selected to assist the Chinese envoys in peace negotiations, to meet Li Hung Chang at Tien-Tsin. Mr. Foster will probably leave Shanghai for Tien-Tsin as soon as communication between the two places is opened.

Disabled Steamer Adrift.
LONDON, Feb. 18.—The British steamer Ganges, which sailed from New Orleans January 5 for Havre, arrived at Corcubion, Spain, January 28 for a supply of coal. After replenishing her bunkers, she proceeded on her voyage, but soon broke her propeller, and was towed back to Corcubion. She started from there in tow for Havre, and when off the island Ushant, about 25 miles from Brest, broke adrift from the vessel towing her, and has not been seen since. The Ganges has a cargo of cotton valued at £80,000. Her crew numbered 30 men.

The Appropriations Committee.
WASHINGTON, Feb. 18.—The full senate committee on appropriations decided to report an amendment to the sundry civil appropriation bill for \$100,000,000 in certificates of indebtedness, of denomination of \$20 to run for two years and draw 3 per cent interest, and be good only for the purpose of supplying the treasury deficiency.

In the absence of Senator Cullom, the committee divided on the proposition to pay half of the bounty on sugar for the year 1894, as authorized by the McKinley law. The sum to be appropriated for this purpose is about \$6,000,000. Seventy thousand dollars is appropriated for proposed buildings at Cheyenne, Wyoming, Boise City Idaho, and Helena Montana.

Cargo Of Human Heads Sent To Morocco's Sultan.
TANGIERS, Feb. 18.—The report that the heads of a number of rebels have been sent to the sultan as trophies proves to be true, confirmation having been received from Morocco city. From the scene of the first prolonged struggle between the tribes supporting the sultan's brother in his claim to the throne and the government troops, the heads of 27 of the leading rebels were sent to Sultan Abdul Aziz, at Fez. These heads were transported on the backs of four mules and one donkey. After being exhibited to the sultan, it is said the heads will be placed on the city walls as proofs of triumph and as a warning to insurgents.

England Says Germany Has No Such Intentions.
LONDON, Feb. 18.—In the house today Under Foreign Secretary Gray said there has been no special agreements made in regard to the ownership of land in Samoa by foreign nations. The United States government claimed the exclusive right to the coal station in the harbor of Pago Pago. There was no truth, he said, in the statement that Germany was about to annex the Samoan islands. England certainly desired to consult the interests of Australia in regard to Samoa.

VICTORIA IN LONDON
The Queen Incapacitated From Walking by Rheumatism.
LONDON, Feb. 18.—The queen arrived in London this afternoon. The strictest privacy was observed in her reception, and at Victoria station empty trains were aligned along the platform so persons on other platforms could not see her alight. The reason for this extraordinary privacy was that rheumatism had incapacitated the queen from walking. A detachment of life guards surrounded her carriage as it was driven to Buckingham palace. In spite of all this the queen was heartily cheered.

A Total Loss.
PHILADELPHIA, Feb. 18.—A cablegram from Nassau states that the Philadelphia barkentine Sadie Thompson, Captain Nowatt, bound for this port with 5000 bags of sugar, valued at \$100,000, and consigned to the sugar trust, has been totally wrecked on Memory rock, Bahamas. The vessel was valued at \$50,000. It is presumed the crew landed safely.

In the House.
WASHINGTON, Feb. 18.—The revenue cutter service bill was defeated in the house today, failing to secure the necessary two-thirds vote. Under a suspension of the rules, the house passed a bill to raise the rate of pensions to Mexican war veterans to 12 a month, and also a bill to equalize the duties and salaries of inspectors of hulls and boilers.

UPHOLDS CLEVELAND Senator Gray Says he Has But Done His Duty.

QUICK ACTION WAS NECESSARY After His Two Appeals Were Slighted— The Tremendous Drain of Gold From the Treasury

WASHINGTON, Feb. 18.—The senate was the center of interest today as the result of the warm discussion on the financial question and personal criticism on the president Saturday.

Stewart's resolution declaring the government had no legal authority to buy gold coin in preference to silver coin for any cause whatever, was called up. Stewart spoke of the humiliating position of the United States in being held by the throat by a gold commission which had the power to coerce and squeeze the country up to next October, when the contract expired.

Gray then took the floor. He expressed surprise that the senator from Massachusetts (Lodge) and Wolcott, had so far gone out of their way to indulge in a violent assault upon the executive. The president had performed the duty incumbent on him by law. That law was such that an evasion of it would have been a plain dereliction of duty. The law made it necessary to maintain a parity between the metals by redeeming in either. No sooner had congress assembled than the president appealed to congress concerning the financial conditions. A bill was formed on the lines suggested by that message, and the house saw fit to reject it. Again the president applied to congress. Gray read from the president's message urging patriotic and unpartisan action to meet the emergency. "Does any senator think," interjected Stewart, "that the president has re-established confidence in affairs by hiring the assistance of a foreign syndicate?"

Gray said he would fully consider that point later. Proceeding with the president's message, the senator read the specific statement that the law did not provide for bonds payable in gold. At that time Lodge had not complained of the conditions clearly set forth by the president, but had waited until now to present a scathing denunciation. "Having presented the situation to both branches of congress in appeals almost pathetic in their earnestness," said Gray, "the president was left alone struggling with the condition and had to meet it." The senator told of the tremendous drains of gold from the treasury, running up to \$7,000,000 in one week shortly before the contract was made, and from December 1, to the time the contract was made, \$17,000,000 was withdrawn, and only half exported, showing that the other half had been hoarded at home. Quick action was necessary to prevent the country from going to a silver basis. There was no time to advertise for bids for gold.
