SURPRISED SENATORS

Appropriation Bills Taken Up at an Early Hour.

LAGGARDS TAKEN UNAWARES

Public Building for Olympia Is to Cost \$20,000—Annapolis Loses Her Appropriation.

WASHINGTON, Feb. 25.—The arrangement for dispensing with the reading of the senate Journal and crowding all usual morning business aside for the appropriation bills today was a surprise to all but a few senators, who were in their seats when the order was made. The programme was arranged on the democratic side by Senator Cockrell, and on the republican side by Senator Platt. There were not over 20 senators present. The senate plunged immediately into the appropriation bills, and was well under way when senators arrived who might have had other business to present in the morning hour.

Cockrell, chairman of the appropriation committee, asked that a recess be taken at 6 o'clock tonight until 8, and the session then be continued until 10 or 11. The request went over until later in the day.

The sundry civil bill was then taken up. The item for an examination of the subsoil of the lot for a new public building at San Francisco was changed to make it mandatory on the secretary of the war to have two or more army engineers conduct the investigation.

Perkins, of California, spoke incidentally of the needlessness of the investigation by those more versed in politics than by scientific engineering, and desirous of taking a pleasure trip to the coast.

The appropriation of \$75,000 for a public building at Annapolis, Md., was struck out. There had been some indirect criticisms as to including Annapolis with Cheyenne, Boise City and Helena, and Gorman created surprise by a personal request to omit Annapolis.

Wilson of Washington, secured \$20,000 for a public building at Olympia. Vest, chairman of the committee on public buildings and grounds, warned the senators of the northwest that by loading amendments on the bill, the appropriations for Cheyenne, Boise City, Olympia, etc, would fail.

THE RAILROAD BILL.

Its Terms Are Decidedly Objectionable to Californians.

WASHINGTON, Feb. 25.—Boatner states that the committees on rules will set aside tomorrow for the consideration of the Pacific Railway bill.

Reilly says no attempt will be made to call up the bill unless special order, inasmuch as it would be useless to bring it before the house under suspension of the rules.

Boatner says the committee may limit the time to next December instead of one year from the passage of the bill, but this concession is hardly less acceptable to Californians than the terms of the original provisions.

An Ohio Man Who Would Rival the Sultan of Turkey.

GALLIPOLIS, O., Feb. 25.—A rival of the sultan of Turkey has just been discovered in East Gallipolis. He has been living here for two years with his wife and another woman who acts in that capacity, the happiest relations existing between the three. Another of his adopted wives came over from West Vir-

ginia recently and came in on good terms and then he had three. A few days ago another woman came there for refuge and then he had four. Everything went on swimmingly, between taking in washing and getting help from the township trustees, and the "pound" parties, until the other night, when a 14-year-old girl appeared at the harem and sought shelter. It was given, she was very comely, and the man of the house having a big heart. When she learned the rules of the institution that every newcomer had to become his wife, she objected and fled. The neighbors are greatly incensed, and are talking of hickory switches, duckings, tar and feathers, etc.

His Health is Falling.

CHICAGO, Feb. 25.—The Herald's Washington correspondent sends the following: "Notwithstanding the determination of Justice Field to remain on the supreme bench until some democratic president besides Mr. Cleveland may appoint his successor it is now believed that the old gentleman will be compelled to retire and permit Cleveland to fill the vacancy. His health is falling at last and members of his family endeavor to convince him that he should stop the hard work entailed upon him by the court, and pass his remaining years in quiet and rest."

"Justice Field is now nearly 80 years old, and while his mind is still sound, he finds it impossible to concentrate his mental powers as he did, even as recently as five years ago, making it so much harder for him to keep up his share of the work. On the supreme bench there is a sort of unwritten law and every justice must take his stint and struggle through it. The work is hard, requiring justices to sit up till late hours at their homes."

"With Justice Field failing and Justice Jackson unable to sit on the bench at all, the court is very much in need of assistance. If the wishes of the other members of the court were consulted, not only Justice Jackson, but Justice Field, would immediately retire and permit the president to appoint younger and more vigorous men in their places."

Congress Asked to Suspend Action on Claims.

WASHINGTON, Feb. 25.—Representative Caminetti, of California, has reported to the house from the public land committee a concurrent resolution suspending action on all claims cited by land grant to the railroads for lands in California until January 1, 1896. A similar resolution has been reported to the senate. The secretary of the interior cordially approves it. The object is to permit suitable action by congress concerning the lands affected.

The house concurred in the senate amendments to the Indian appropriation bill and it was sent to conference. The house in committee of the whole resumed consideration of the general deficiency bill.

An amendment to pay \$425,000 to Great Britain in settlement of the Behring sea awards was carried; ayes 95, noes 85.

Would Choose Southampton.

LONDON, Feb. 25.—James E. Huddart, promoter of the new Canadian line of steamships to Australia, said at a recent banquet that if the selection was left to him, Southampton would be the English port of the new line. He declared the American steamship line had judged the matter accurately when it chose Southampton, which was making itself felt against Liverpool.

BRUSSELS, Feb. 25.—A dispatch from Christiania, says King Oscar contemplates the solution of the ministerial crisis by ceding the Norwegian throne to his son Oscar, who renounced his claims to succession to the throne of Sweden, upon the occasion of his marriage to a lady having a royal connection.

to suppose that an imitation offers the customer any guarantee like the original does. Take *Cottolene* for example. It is plainly to their interest to make and keep it what it is to-day—the most popular shortening in the world.

To accept any Counterfeits for Cottolene

Fomenting a Rebellion.

KINGSTON, Jamaica, Feb. 25.—Alexander Bedward, a negro, who styles himself "prophet," and has a following of over 5,000 people, has been arrested on the charge of sedition. Bedward is alleged to have in the most emphatic manner advised his congregation to rebel against the government and crush the whites.

Marvelous results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory results." Trial bottles free at Snipes-Kinnersly Drug Co's Store. Regular size 50c. and \$1.00.

Insurgents Successful.
