THE DALLES OR

Castoria

For Infants and Children.
Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARON, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results."
E. W. F. PARRIS, M. D.,
125th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."
CARLOS MARTIN, D. D.,
New York City.

WEST INDIAN REVOLT

Fires of Civil War Lighted
in Cuba.

UPRISING SEEMS TO BE GENERAL

Ybarra in the West and Guantanamo in the East Headquarters for Revolutionists—Plenty of Arms.

HAVANA, Feb. 26.—The governor-general has put into effect the public-order law throughout the island. This law provides for the immediate punishment of anybody taken in the seditious act. Some twenty-four men have defied the authorities and called for rebel recruits at Ybarra, near Matanzas, and trouble is reported also from Guantanamo. It is also reported that several revolutionary parties rose in arms in different parts of the island.

The governor-general yesterday issued a proclamation suspending the constitutional guarantees. There is great excitement throughout the island, and many well-known separatists have been arrested. It is reported here that there has been an engagement between the government troops and the insurgents.

FURTHER PARTICULARS.

Tales Told by Cipher Dispatches Received in New York.

NEW YORK, Feb. 26.—Cipher dispatches received here by members of the Cuban revolutionary party, to whom the date set for the uprising has been known since February 9th, told that the revolution had begun.

Jose Marti, twice banished from Cuba because of his hate of Spanish domination, and General Maximo Gomez, who commanded the eastern wing of the Cuban rebels in the revolution of 1868, left New York two weeks ago for Vera Cruz, and news received from Cuba last night tells that they have landed, and their arrival was to be the signal for an uprising.

It was here in New York that the revolution was planned and it was from here that the order was sent which lighted the fire of civil war in Cuba. Cuban leaders here are in league with the revolutionists of the islands and with sympathizers in the United States, Mexico and South America republics, and have been long preparing for the event.

The insurgent forces in Matanzas, near Ybarra, where one wing of the patriot party raised its standard, are under the command of Major-General Julio Sanguily. The point mentioned is about sixty-six miles east of Havana, on the west end of the island.

The scene of the other uprising mentioned in the Havana dispatches, Guantanamo, is on the east end of the island, and the fact that these widely separated places are given prominence is accepted by Cubans in New York to mean that the uprising has extended throughout the island, and that the Spanish authorities are attempting to belittle its extent.

The revolutionary forces in the eastern section of the island, which includes Guantanamo, are commanded by Brigadier-General Guillermo Moncada. It is estimated that he can raise 4000 men. The Spanish forces number about 18,000 regulars, of which about 6000 are stationed at Santiago de Cuba, and are within reach of the rebels at Guantanamo. The bulk of the remaining Spanish troops are stationed at Havana, and so are near the scene of General Sanguily's starting point, Ybarra.

Men who are high in the councils of the Cuban party, and who were instructed with the date set for the uprising say that the arms which have been smuggled into Cuba during the last few weeks, and which were landed near Matanzas and other points, and those

which are already in the possession of the patriotic forces of General Gomez, would be able to arm 3000 men at once and many more within a short time.

A Great Trade Destroyed.

CHICAGO, Feb. 26.—Speaking of the decree just issued by the French government prohibiting the importation of American cattle, Nelson Morris, a well-known packer, said: "We shipped \$18,000,000 worth of cattle and produce to France alone last year, and this great trade is absolutely destroyed by the order of the French government. I knew this was coming, and with the exception of three boat loads, not any cattle or any product has been sent to France in the last ten days. The effect of the German and Belgium embargo had been to reduce the price of cattle of the classes shipped to these countries by \$10 a head, and this French edict will even more unjustly affect the stockyards.

"This has been the effect on prices notwithstanding the fact that the supply of cattle has been cut down two-thirds on account of the lack of feed. The effect on the product is even greater than the effect on the live-cattle trade, especially as far as France is concerned. We were shipping 7000 cattle a week and as many more in addition in the form of product. France has been taking a great deal of lean cattle for soups, and this class will be very injuriously affected by the new edict, while as dressed beef and pork products the result will be even more far-reaching."

Over a Dead Man's Body.

HAZELTON, Pa., Feb. 26.—With a jug of liquor and a jackpot on the table, a party of gamblers were found playing cards at Sugar Loaf yesterday, while on the floor lay the body of a murdered man.

Philip Schaup, the murdered man, was a mine foreman, living at Sugar Loaf, a mining village two miles east of here, and populated by foreigners. The news reached here yesterday that Schaup had been found dead a few hours after he had started to see some of his workmen.

His father-in-law, William Ringleben, and several friends went at once to Sugar Loaf, where they learned that the body had been carried into Mike Sinkers' house. It was here that the searching party interrupted the gamblers. They claimed they had found the body in the woods a short distance away, and then carried it into the house. The gamblers, who were foreigners, declared that he was alive then. Dr. Smith expresses the opinion that the man had been poisoned. An autopsy will be held.

Decidedly Unique Answer.

NEW YORK, Feb. 26.—A special from Cincinnati, O., says; Mary T. F. Fierro, wife of John W. Fierro, a wealthy artist, on Saturday filed a petition for divorce, alleging neglect. Yesterday Attorney Oden O'Neil filed for the husband the most unique and advanced answer and cross-petition ever filed in these courts. John says Mary is a devout believer and disciple of woman's rights, and that her pursuit and study of this subject has induced her to absorb a bitter hatred for society as it now exists, and especially for mankind.

Mr. Fierro alleges that his wife thinks it is his duty to support her in absolute idleness, her conception of the rights of a married woman being that she shall have all the rights assumed by the sternest sex, relegating the irksome duties of household work to others.

Further, he says, his spouse is a believer in spiritualism, and consults mediums who pretend to advise her of his "shortcomings" and the manner of treatment that should be meted out to him. On this account he asks for a divorce, denying all her charges.

Liberal and Conservative Speak for It in Parliament.

LONDON, Feb. 26.—In the commons today Everett, liberal member of parliament, offered a motion reciting that the house views with apprehension the growing divergence between gold and

It's Right Against Common Sense

to suppose that an imitation offers the customer any guarantee like the original does. Take *Cottolene* for example. THE FAIRBANK CO. discovered it, perfected it, and spent thousands in making its merits known. It is plainly to their interest to make and keep it what it is to-day—the most popular shortening in the world. But when you come

To accept any Counterfeits for Cottolene

these guarantees all disappear, and the housekeeper is at the mercy of an imitator who deals on others' reputation and who profits only by others' loss.

To ensure having good cooking and healthful food stick tight to COTTOLENE and let all imitations severely alone.

Sold in 3 and 5 pound pails.
Made only by
The N. K. Fairbank Company,
ST. LOUIS and
Chicago, New York, Boston.

silver. He urged the government to cooperate with other powers in placing gold and silver on a common ratio.

Everett further said England was not justified in bankrupting her debtors by her course regarding silver. Chapin (conservative) seconded Everett's motion and severely arraigned the government for its course toward silver. He predicted that bimetalism would be victorious at no distant date, because it had justice and truth on its side.

Symptoms of kidney troubles should be promptly attended to; they are nature's warnings that something is wrong. Many persons die victims of kidney diseases who could have been saved had they taken proper precautions. The prompt use of Dr. J. H. McLean's Liver & Kidney Balm has saved thousands of valuable lives. If you have any derangement of the kidneys try it. Price \$1.00 per bottle. Sold by Snipes & Kinerly, druggists.

For Aerial Navigation.

WASHINGTON, Feb. 26.—In the senate yesterday Bruce reported, without recommendation, a bill authorizing the secretary of the treasury to pay the sum of \$100,000 to any inventor who shall prior to 1900 construct vessels that will demonstrate the practicability of safely navigating the air at a speed of 30 miles an hour, and capable of carrying freight and passengers.

Trans-Siberian Railway.

SAN FRANCISCO, Feb. 26.—O. P. Wisemsky, chief engineer of construction of the trans-Siberian railway, arrived on the Gaelic from the Orient. He is accompanied by his secretary and chief assistant. "We are going to St. Petersburg," said he, "to make a report on the work done on the new railroad which is to connect Vladivostok with St. Petersburg. About 400 miles of the railway constructed, and I shall ask for a bill to pay for the construction of 300 more miles, now surveyed and staked. The total length of the line is about 4000 miles, and it will take six or seven years to complete it."

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather. Dr. McLean's Volcanic Oil Liniment should be kept on hand at all times for immediate application when troubles of this nature appear. It is a sovereign remedy. 25c, 50c and \$1.00 per bottle.

We wish to state to our patrons that One Minute Cough Cure is a safe and reliable remedy for children troubled with croup, colds, hoarseness and lung troubles. It is pleasant to take and quickly cures. Snipes-Kinerly Drug Co.
