#### BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

"How's your scab?" is a common form of salutation nowadays.

Read the program for the entertainment Wednesday evening.

Four carloads of hogs were shipped from Saltmarsh & Co.'s to Troutdale today.

Do you want garden seeds? If so, read Crossen's ad tomorrow, which will tell you just where to get them.

The recorder's court this morning had two John Does, one charged with being just drunk, and the other with vagrancy.

Under the law there was nothing for the school meeting to do today, as the election of officers will not take place until next Monday.

The Regulator is doing a good local business, better than could be expected at this season, and it will grow better steadily as the season opens.

The O. R. & N. are now running a regular passenger coach and a baggage car on trains 7 and 8, being the local between this place and Portland.

Do you ever doubt? Do you wonder sometimes just where you can get the best returns on your money? Of course you do, and at such times turn to Mr. Honeywill's advertisement and gather wisdom therefrom.

Quite a large number of men are at work on the telephone line, and it is being pushed to completion very rapidly. All connections will be made, and the line will be in operation by the 1st of April.

The school meeting was held at the brick schoolhouse this afternoon, but outside of the reading of the reports of the clerk, no business was transacted, for the reason principally that there was none to transact.

The funeral of the late Theodore Cartwright took place from Crandall & Burget's undertaking parlors, yesterday afternoon at 3 o'clock. The procession was a long one, attesting the esteem in which the deceased was held.

Dr. Doane has received a letter from Rev. Whisler stating that his condition is somewhat improved since leaving The Dalles, but that he is very nervous, and suffers continually from pressure at the

base of the brain. He is not under the doctor's care, but is trying to see what exercise and rest from mental labor will do for him.

The smallpox scare has about subsided. It is now eleven days since Monahan was attacked, and no others have taken the disease, although confined in the house with him. The six persons taken to the pest house are getting on nicely, and in five or six days will be released. From present indications there will be no further cases.

The Dalles Cold Storage Co. this morning, shipped two carloads of potatoes to St. Paul, one carload of apples to Butte and one carload of prunes to Minneapolis. This company promises to develop a market for our fruit men, and as it buys the fruit, the grower knows what he is getting, and does not wake up at night with a nightmare of devouring commissions, unpaid freight bills, fruit unions, Sam Clark and other fruit pests.

The weather is enough to make anyone want to go fishing, and a good many are doing so. This is all right so long as they don't catch anything, but this is the close season, and it is against the law to catch any trout except the salmon trout. It is a dangerous amusement, because if a fellow happens to catch a brook trout and some fellow makes complaint, that little fish will cost \$50 gross.

#### Concert Program.

Following is the program of the entertainment to be given Wednesday evening at the M. E. church:

- Quartet—"Larboard Watch"..... Messrs. Crandall, Johnson, Doane, Magee
- Duett—"O Restless Sea"..... Messdames Huntington and French
- Solo—"Let All Obey"..... Mr. Magee
- "Zion Awake From Thy Sadness"..... Full Chorus
- Recitation—"Cassius to Brutus"..... Mr. N. Sinnott
- "O, Hush Thee, My Baby"..... Messdames Condon, Doane, Corson, Varney; Messrs. Davenport, Johnson, Magee, Doane.

#### Want a Telephone Line.

"The project of building a telephone line from The Dalles to Antelope is being agitated vigorously in this country, and judging from the interest manifested by most of those who would be the principal stockholders, it is very probable that the scheme will materialize before long. It is proposed to build the line from The Dalles to this place by way of Dufur, Boyd, Kingsley, Sherar's Bridge, Bake Oven and Cross Hollows. The distance between these two points, taking this course, is something like 75 or 80 miles and on account of the poles being so easily procured, the expense of building the line would be much less than that required in most other places. By each of the places named taking its proportionate share of stock in the enterprise it would not be a hard matter to have the line completed and in working order by the 1st of July. The Dalles is the shipping point for this country, and a telephone line to that place would be of inestimable value to every citizen in this part of the interior. There is not a man doing business of any kind in this part of the country but that would have occasion to use the telephone several times each year. Such a line would save a man many a long, tiresome, expensive trip to The Dalles, and we don't believe there is a citizen in this part of the country but that would be glad to take stock in the enterprise. We hope to hear of satisfactory development in the near future."—Herald. "Such a line has been under consideration by the citizens of Mitchell for some time and our people are, we think, favorably inclined towards it. Should the Antelope people desire our co-operation in this matter we would be glad to join in with them and make the telephone a success. There is no doubt but that it would be of great benefit to the people along the proposed line and there is no reason why it could not be put through at once."—Mitchell Monitor.
