HAYWARD IS FOUND GUILTY

He Was Removed From the Courtroom Before the Verdict Was Made Public-Fearing Violence.

GUILTY AS CHARGED.

MINNEAPOLIS, March 8.—The jury's verdict in the Hayward case is "guilty as charged." The verdict was kept a secret while the prisoner was being conducted back to jail.

No one was allowed to leave the court house, and immense crowds gathered.

The judge's order that no one should be allowed to enter or leave the courtroom until Hayward was safe behind the bars was effective in preventing trouble. When word was brought back that the prisoner was safe the verdict was read. A poll of the jury was demanded, and without hesitation each man answered "guilty." Up to the time the verdict was read counsel for the defense expressed the greatest confidence in his acquittal.

Hall, assistant county attorney, moved for immediate sentence, but owing to the absence of Erwin, the passing of sentence was postponed until Monday morning at 10 o'clock.

Erwin finished his argument for the defense today. He pointed out that the loan Harry Hayward made Miss Ging had not been attacked in the evidence except by the word of Blixt. The validity of this loan was a citadel of defense.

It was evident that had the police machine been properly set in motion the mystery surrounding Miss Ging's behavior would have been solved in a manner consistent with the noble character of the girl, and an innocent man would have been relieved from the charge under which he now rests.

In closing, he said this was the most monstrous persecution in history.

It took Judge Seagrave Smith 40 minutes to read his charge to the jury. He declared the verdict must be guilty as charged or not guilty. If the defendant was guilty it was premeditated.

He explained the reasonable doubt theory at great length. He continued: "It is necessary for you to be satisfied that Blixt killed Miss Ging; second, that Hayward incited him. If when you retire you are satisfied that Blixt did not consider the verdict further, but if Harry did incite as charged, your verdict will be guilty."

The charge was perfectly satisfactory to both sides and no exceptions were noted. The ruling passion in Harry Hayward was strong in the presence of death. He placed a bet of \$10 this morning that a verdict of acquittal would be reached inside of two hours.

Court adjourned until two o'clock. It is believed in case a verdict of "not guilty," there will be rioting. There is no way in which Hayward can be taken from the room except through the crowd, and rumors of violence are heard.

Swindled an Englishman. ZACATECAS, Mexico, March 8.—Louis J. Foot, an Englishman, representing a wealthy British syndicate, has been swindled out of \$50,000 by two American mining prospectors. They salted a non-paying mine west of here and sold it to the Englishman for \$100,000. One-half of the amount was paid in cash. The Americans immediately left the country.

The Haytian Rebellion. KINGSTON, Jamaica, March 8.—The revolution in the republic of Hayti, reported yesterday to have begun in the north, has extended already to the south. Haytian exiles who have been

living in Jamaica waiting for a chance of overthrowing Hippolyte, are preparing to leave.

The Haytian minister of war, General Adelson Verene, has fled to San Domingo. This makes two members of the cabinet that have deserted President Hippolyte. Finance Minister Fouchard being the first to go, after a bitter quarrel. The public treasury is empty and the president is unable to raise money by loan.

River Stern Sunk. CINCINNATI, March 8.—During a heavy fog this morning the steamer Longfellow, belonging to the Cincinnati, Memphis & New Orleans Packet Line Company, going to New Orleans, in some way not yet clearly explained, lost her course, crashed against a pier of the Chesapeake & Ohio railway bridge and sank.

Her 26 cabin passengers were all rescued by the company's harbor boat, Hercules Carrell, except a lame man named Aldrich, of Cleveland, who is still missing. Those of the crew who are missing are: Captain I. Lawrence Carter; second mate, name unknown, and three roustabouts also unknown.

The steamer literally crumbled to pieces immediately following the collision, and sank bow first.

The Longfellow was valued at \$22,500 and insured for 15,000. She was carrying 500 tons of freight.

The real cause of the accident is said to be that the boat was unweildy. The towboat Hercules Carrell was sent along with the steambot to aid her in passing the bridges, and was attached to the stern of the steambot for the purpose of keeping the stern clear of the bridge piers, but proved unable to do this.

Many passengers were in their state-rooms when the collision occurred, but the blasts of the whistles of both the Carrell and Longfellow awakened them and they hurried on deck. The Carrell ran alongside of the sinking boat, and the passengers were quickly transferred to it. But for the presence of the Carrell the loss of life would have been fearful.

The Longfellow was one of the handsomest packets on the Ohio. Second Clerk Colbert and Second Engineer Hart each had a foot crushed.

The known list of dead numbers three; David Aldrich of Rome, New York, who was lame; Captain I. L. Carter, the clerk of the boat, and James Miller, a colored porter. The others reported missing have been accounted for. The loss of the steamer is one of those tragedies there seems to be no means of preventing short of the removal of the bridge piers.

Canadian Cheers Given for the American Flag. ST. JOHN'S, N. F., March 8.—The steamer Grand Lake arrived here from Halifax last evening. At 6 o'clock, when the ship was sighted, an immense crowd began to gather until about 3000 people were on the wharf. As the ship came near the wharf, the American flag was hoisted at the foremast head and excitement ran very high. Cheer after cheer went up for the American flag, for the United States and for Boston. When the ship was moored a delegation from the relief committee went on board and were met by Mr. Faye, who is in charge of the relief, which amounts to about 1700 barrels of provisions.

Protestant Worshipers at Lompanis, Bulgaria, Attacked. SOFIA, March 8.—During religious services at the Protestant church at Lompanis, the building was invaded by a mob members of the orthodox Greek church, who assanited the worshipers, tore up their prayer books and completely wrecked the interior of the church.

Several Germans and Americans were seriously injured during the disturbance. The Americans are under British protection.

It is understood that Colonel Ingersoll is willing to recant to the extent of admitting that there is a—Hoboken.—New York Advertiser.

Growing More Liberal

That's what the human race is doing—particularly the American part of it.

There are a few left who are satisfied with ancient history. But most people are ready to apply modern progress and common-sense to the treatment of the human stomach—an organ that demands its rights whether or no; that resents the insults of worn-out methods. All this is to emphasize the facts about

Cottolene

There was once a prejudice against Cottonseed oil. But people who are alive, who investigate, who have no bigotry in their composition, have found that pure, refined cottonseed oil combined with selected beef suet is a better article in every conceivable way than hog's lard. And so they wisely use it for cooking—and are correspondingly healthy and happy. The sales of COTTOLENE are enormous and constantly increasing; a proof that it is appreciated by appreciative persons. Ask your grocer for it.

Sold in three and five pound pails.

Caught in Time. BUFFALO, N. Y., March 8.—A trunk containing jewelry samples, valued at \$100,000, was stolen from the sidewalk in front of a prominent hotel this afternoon. It was only left for a few minutes by the porter. Detectives found it in an alley where two men had broken it open and were busy burying its contents in a hole. The men were arrested.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
