is amenable to treatment. Hope, e rage, proper exercise, and from the inception of the disease the continual use of Scott's Emulsion of Cod-liver Oil and Hypophosphites, are absolutely necessary.

Keep up good courage, and with the use of this most nourishing and fattening preparation recovery is certain in the first stages, and may be accomplished even when the lungs are seriously involved. Stop the excessive waste (and nothing will do it like Scott's Emulsion), and you are almost safe.

One Cent a Corpse.

At a recent meeting of the county commissioners at Butte City, Mont., bids were opened for the burial of the county's poor and the contract was awarded to the Butte Undertaking Company at 1 cent per burial. Two bids were received from the Montana Undertaking Company, two from E. H. Sherman and one from the Butte Undertaking Company. The Montana company offered to bury the paupers in a nice redwood coffin, handsomely lined and trimmed, convey them to the cemetery, the county to furnish the open grave, at \$10 per burial. The same company offered to do the same amount of work, but with a stained pine coffin, for \$3.

E. H. Sherman offered a handsome a head board for the grave, one hearse knocking off the back for the funeral Druggists. and substituting a "bent wood" coffin for the walnut stained one, and offered the lot for one cent per burial.

The Butte Undertaking Company's bid was in every particular the same as Chronicle and paying for one year in the second bid of Mr. Sherman, except that the Butte Undertaking Company agreed to throw in a shave when necessary, and on motion of Commissioner Lloyd the contract was awarded to the company at 1 cent. The contract runs for ane year.

Was Death Necessary?

[Special Telegram to Chicago Inter-Ocean.]

"Sycamone, Ill., May 25, ISM.—George W. Churchill, chief engineer of the city waterworks, died of heart disease this afternoon while riding his bicycle."

A splendid man.

A useful citizen, occupying a responsible position in the city where he lived.

He was a necessity, not only to his family and friends, but to the entire community.

Near Vandalia, in the same state, illinois there lives a widely known, much respected prosperous farmer, Mr. J. F. Heim.

Why did he not drop dead?

On the same day that the telegraph operator at Sycamore was cheking to the press of the country the startling news of the sudden death of Mr. Churchill, Mr. Helm at Vandalia posted the following letter:

Vandalia, Ill., May 25, 1894.

Dr. Miles Medical Co., Elkhart, Ind.:

I desire to add my experience to the many testimonials of benefit, persons have received from the use of your remedies. I was troubled with heart disease for several years, at first I felt an oppression around my heart; I then began to get short of breath, after violent exercise I would have palpitation, and finally became so bad that that work became an impossibility. I was doctored by several of the best physicians but obtained only temporary relief; Mr. G. B. Capps, druggist here, induced me to try a bottle of your Heart Oure. It helped me from the start; my trouble had become chronic, I had neglected it so long, that I have used several bottles. The result has been most wonderful. I can breathe freely and easily, suffering no inconvenience from extra exertion and can enjoy a good night's rest, something I have not been able to do for years. I cannot express thanks too highly in commendation of your Heart Oure; believing you have prolonged my life many years, I can and will cheerfully recommend it on anyone suffering with heart trouble. Very respectfully yours, J. F. HELM.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$i, 6 bottles for \$5, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind
