In the Spanish Deputies.
MADRID, March 16.—Replying to questions propounded in the chamber of deputies today. Senor Alejandro Groisard, minister of state, said the report that Minister Taylor, acting on behalf of the United States government, had claimed that reparation from Spain was due the United States on account of the Allianca incident was true. The United States government, he said, at the same time demanded that American trade with Cuba should not be interfered with. He hoped the Allianca affair would be amicably settled. The United States government, he explained, considered the firing on the Allianca to be a violation of the principles of international law. Minister Groisard, in conclusion, said that the Spanish government had ordered the fullest investigation of the affair to be made, and the government was willing to agree to any settlement, provided the principles of international law were not infringed upon, and that no attempt was made to prejudice the dignity of the nation. Senor dia Moreau, formerly an officer in the Spanish navy, said the commander of the gunboat had the right to demand that the Allianca should show her flag. He argued the Spanish officers also had the right to search any vessel found in Spanish waters. Minister Groisard declined to make any further statement, or to attempt any explanation of the incident until complete details and the report of the Spanish officers of the gunboat which has, it is claimed, fired upon the Allianca, had been received.

Governor Laughton Dead.
TACOMA, March 16.—Charles E. Laughton, "the fiddling governor," and ex-lieutenant-governor of Washington and Nevada, died at 8:20 tonight, at the Bohemian club, of heart failure, caused by kidney trouble, dropsy and a tapeworm, which he was relieved yesterday. He came here last Saturday from Olympia, where he had been during the legislative session. He became sick suddenly, and Tuesday his son Ray was telegraphed for. At 8:10 this evening he felt better, and was moved to the parlor of the club. Ten minutes later he complained of the

room being too warm. His son Ray went to open a window, when he exclaimed, "Oh, my God?" and expired, sinking in his chair. The book he was reading, "The Sunny Side of Politics," fell in his lap. The funeral arrangements are not made. Mrs. Laughton and two daughters are in San Francisco. Mr. Laughton was born in Bangor, Me., where his father still lives, and was 49 years old. In 1882, he was elected lieutenant-governor of Nevada, serving four years, and in 1889 was elected to the same office in this state, for three years. He was acting governor for six months during 1890. He was an Elk, 33d degree Mason and a Mystic Shriner.

Chang Travels in State.
WASHINGTON, March 16.—The Japanese legation has received a cable message confirming the press dispatches of the departure of Li Hung Chang from Tien-Tsin for Japan to arrange terms of peace. Negotiations will be conducted at Simonosaki, instead of Hiroshima. The change has been made to accommodate Li Hung Chang. Simonosaki is on the extreme southwestern coast of Japan.

It is stated at the legation that assertions that terms of peace have been already are erroneous. No details, it is said, have been settled. Japan has been informed that Li Hung Chang has full power to arrange terms, and has been assured that China desires the war to be stopped by a treaty agreement. Japan has reached certain conclusions, especially respecting a cession of territory, but no conclusion has been reached with China.

Minister Denby has cabled the state department confirming the report of the departure of Li Hung Chang from Shanghai for Japan. He says the viceroy sailed in royal state with 130 persons embarked on two ships.

German-American Extradition Treaty.
BERLIN, March 16.—The revision of the German-American extradition treaty is now under way. The terms of the existing treaty, in some respects, are not satisfactory to either government. It is the question of the costs involved in extradition proceedings which is the main

objection on the American side, which, since the great majority of extradition proceedings occur in America, each side defraying the expenses of proceedings within its respective sphere, bears more than its proper share. Consequently, in 1891 the American government made advances to Germany with the view of modifying the treaty provisions in this and other respects, including the right of each government to try extradited persons solely on the special charges under which their extradition was demanded. Germany, however, was not satisfied with the proposed changes, and the negotiations after a time were dropped. A recent extradition case at Hamburg, the person involved being a clever adventuress, who passed herself off in Berlin and elsewhere as the Archduchess Theresa D'Este and victimized several persons to the amount of 200,000 marks, is the direct cause of reopening the negotiations for a revision of the treaty. This time Germany came forward with certain proposals, and these were sent a few days ago, through the American ambassador here, to Washington.

The A. F. A. of Illinois.
CHICAGO, March 16.—An amended bill was filed today before Judge Payne in the fight commenced against the state council of the American Protective Association of Illinois last fall by Professor Walter Sims. The bill asks for a receiver for the organization. In the amended bill Sims says that up to January 4, 1895, he was a member of the organization, in good standing, but that he was expelled therefrom in an illegal manner. Sims then cited his damage suit against the defendant and says he believes the \$6000 assets of the concern will be wasted unless a receiver is appointed. Sims alleges he was expelled because he announced he would vote at the fall election for candidates not indorsed by the advisory board of the council.

Called Meeting Held.
SALEM, Or., March 16.—A called meeting of the stockholders of the Oregon Breeding and Speed Association was held today. A majority of the stockholders were present. According to the by-laws, assessments against stock must be paid before stock can be voted. A motion that a spring meeting be held was carried by a vote of 54 to 41 shares. A motion to adjourn was made and carried before the result was announced. The association will meet again Saturday, March 23rd, at 7 p. m. The association has run over \$200 short every year since its organization, and the shortage this year would probably reach \$400.
