

THE REASONS WHY

Scott's Emulsion of Cod-liver Oil and Hypophosphites is so useful in all wasting diseases, such as Consumption, Anæmia, Scrofula, Rheumatism, Bronchitis, and Marasmus and Rickets in children, is because it furnishes to the depleted blood the fattening and enriching properties of the oil, and to the bones and nervous system the phosphorescent and vitalizing properties of the Hypophosphites, which together nourish the body, arrest the progress of the disease, and commence a process of repair that finally means restored health and vigor.

Disposition of War Department to Uphold the Rikers.

MADRID, March 16.—The raids of the army officers upon the newspaper offices were discussed in congress this afternoon. The war minister described the trouble in a manner which elicited repeated protest from the reporters present, and eventually caused them to leave the house in a body. At a meeting held this evening, the Madrid editors resolved to notify the government that they would suspend the publication of all the city newspapers tomorrow unless they should receive guarantees of the safety of their lives and property. Premier Sagasta this evening granted a hearing to a deputation of journalists. He assured them that he regarded last night's attack of junior army officers on the newspaper offices as a very serious matter. He promised to make them a definite statement with regard to affording them protection after conferring with the minister of war and the captain-general.

These attacks on the newspaper offices were provoked, it is claimed, by the appearance of articles charging that the officers in the service of Spain have been so reluctant to volunteer for the Cuban service that the government has been compelled to draw lots to determine who should be ordered to the front. Great excitement prevails here. The military governor of Madrid resigned.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. A Good Word From Mr. Clarke.

The following from the pen of S. A. Clarke gives a good idea of the adaptability of this section of country to fruit culture. Mr. Clarke is the man who according to his own statement has never told aught but the truth.

The Dalles and surrounding country of Wasco county, offer very great inducements to fruitgrowers. Eastern Oregon excels this western valley in production of small fruits. The Clark strawberry, that originated near Mount Tabor, close to Portland, is the wonderful, all-round market berry grown at The Dalles and Hood River, and far excels there what is done with and for it in the land of its birth. The district along the Columbia and from the Cascade range on the east to the Deschutes river, from the Columbia to the Tygh valley, south, is well adapted to fruit, as vicinity to the mountains renders the uplands fruitful without irrigation over most of those broad hillsides. Wherever irrigation is possible, small fruits are grown in wonderful luxuriance.

Escape of a Prisoner.

CAIRO, Egypt, March 16.—Following are the particulars of the escape of Slatin

Rey from Bahdi's camp, Omdurman, Khartoum, where he has been a prisoner for eleven years past. Slatin escaped with the assistance of a Soudan merchant named Eyal, who arrived here from Omdurman some months ago bearing a letter from Slatin Rey in which the latter asked if some arrangement could be made with Eyal so as to enable him to escape. Eyal was placed in communication with the Austrian consul here, who made a contract with the merchant, the latter agreeing to try and effect the escape of Slatin Rey. When the arrangements were completed, Eyal returned to Omdurman and laid his plans to get Slatin away, but the first attempt failed. Eyal persisted, however, and eventually succeeded in getting Slatin Rey out of Omdurman. After Father Oherwalder effected his escape in December, 1891, he stated that there were forty Europeans still held at Omdurman, that they were kept lodged with manacles and were often cruelly beaten and were so strictly guarded that they had lost all hope of ever escaping. He also stated Slatin Rey was still alive and belonged to a bodyguard of Mahdi's successor, but that he also was closely watched.

"Perhaps you would not think so, but a very large proportion of the diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to the cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 50 cent bottles for sale by Blakely & Houghton Druggists.

PETERSBURG, March 16.—The Chinese envoy has solicited the intervention of Russia for the protection of the integrity of China's continental territories in the event of Japan insisting upon concessions on the Chinese mainland. The Chinese envoy has gone to Berlin in order to make the same request of Germany and similar instructions have been sent to the Chinese envoy at London and Paris. It is added that no request for assistance has been made to the United States, Italy or Austria.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakely & Houghton Druggists.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store, I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Snipes & Kinersly's.
