REBELLION IN PERU

Lima a Battlefield Since Sunday Morning.

THE FIGHTING IS CONTINUOUS

Rebels Are Expecting Reinforcements—Foreigners Are Organizing for Protection.

New York, March 20.—A special to the Herald from Barranca, Peru, says: The rebels and government troops have been engaged in battle in Lima for three days. The attack by the rebels began about 4 o'clock Sunday morning. They were commanded by their chief, Pierola, assisted by Durand, Ore and others. All communications with Lima has been cut off, and it was impossible to learn the strength of either force. All reports are based on rumors and speculation.

It is known, however, that there was a heavy cannon and musket fire on Sunday and Monday. This continued almost without cessation until sundown of Monday. Two distinct explosions were heard on Monday, but the place where they occurred is not known. There was a renewal of the firing at 5 o'clock Tuesday morning, and it continued for six hours. It is reported that the fighting then ceased so as to permit the contending forces to care for the dead and wounded.

Reports from Lima are of necessity meager. From one source it is reported that President Caceres holds the palace, the principal plaza, Fort Sta. Catalina and the Exposition square. It is also reported that he had closed all avenues of approach to the city with armed forces. There is another report that a detachment of the rebels entered the city, but they are hemmed in by the government troops. It is also said that the rebels are awaiting reinforcements.

The rebels, it is said, have lost 35 men.

this side of Lima, and will attempt to break through the ranks of the government troops at once. So far as known the houses and buildings in the city are uninjured, except a few high buildings, which were riddled with bullets.

All trains have stopped running since Saturday. Foreigners living in this village are endeavoring to organize an urban guard to protect property from looters, who attempted to commit depredations last night.

Garza's Body Identified.

MOBILE, Ala., March 20.—The Register's correspondent at Bocas del Toro, United States of Colombia, under date of March 13, says the identification of General Catarino Ezaremo Garza, slain in the attack on Bocas del Toro, is complete. Several letters were found on his body addressed to him and also a telegram. Individuals also identified him. Three times during the fight he advanced within 10 feet of the barracks and called on the captain to surrender and each time was met with a refusal.

When killed he was within 20 feet of the barracks. As he fell, he shouted: "Fire the town," and a rebel named Caltro poured oil on a building between Wilson's store and the barracks and struck a match, but was shot dead in his tracks.

Government soldiers captured the small schooner on the 9th, in which the rebels came from Greytown. Five rebels were on board, but they jumped into the sea, reached shore and escaped in the woods. These alone escaped to tell the tale of the defeat. On board were found 40 Winchesters and a number of cartridges. From this the inference is, that Garza expected to have had a larger force than that which appeared at Bocas. It is possible he anticipated that the force would have accessions at Bocas. Since the fight 40 more government soldiers have arrived from Colon. The total record of the battle is 11 dead, 25 wounded and 35 prisoners. Several of the wounded will die. The prisoners say they were signed as laborers at Greytown to work on banana plantations at Bocas. When they arrived at Bocas arms were given them and they were told to fight or die. This story is not

credited. There is but one Colombian in the party. It is thought it was merely a pillaging expedition.

Would Not Discuss It.

WASHINGTON, 20.—Chairman Morgan, of the senate committee on foreign relations, refused to discuss the act of Gresham demanding the recall of the Hawaiian minister. He said it was an affair solely between Gresham and the minister. Discussing the rumor that one reason why Gresham had asked withdrawal of Thurston was because of his activity in soliciting the support of senators for the Hawaiian cable scheme. Morgan said Thurston had not approached him nor any other member of the committee, so far as he knew, on that or any other subject in which the government of Hawaii is interested.

No Official Information.

WASHINGTON, March 20.—An intimate friend of Minister Thurston, now in Washington, says Thurston has no official information as to the request for his recall, while at the same time he has no doubt that such a suggestion will be made to the Hawaiian government. It is likely, however, that Thurston will continue to look after Hawaiian matters in an unofficial manner. Thurston's friends say as a matter of fact he has never been treated at the state department as other ministers have been treated. It is intimated that Frank Hatch may be selected to succeed Thurston.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakely & Houghton Druggists.

Indiana Highwaymen Overpowered by a Large Posse.

BREMEN, Ind., March 20.—Jacob Miller, a farmer, was robbed by several highwaymen of a large sum of money. Marshall Kaufman and two deputies found the gang near the Baltimore & Ohio depot, but when the officers attempted to arrest them the outlaws opened fire. Citizens with revolvers and shotguns soon came to the rescue of the officers. The gang fired promiscuously in the crowd, wounding two of the posse, and began retreating. After an hour's chase by 100 armed men, six of them were captured. The jail is guarded to prevent lynching.
