

Mothers

have never found a preparation so well adapted to the needs of thin, delicate children, as Scott's Emulsion of Cod-liver Oil, with Hypophosphites.

Children almost universally like the taste of it, which makes its administration easy, and it supplies their blood with the food properties that overcome wasting tendencies.

Scott's Emulsion enriches the blood, promotes the making of healthy flesh, and aids in a healthy formation of the bones.

Don't be persuaded to accept a substitute.

The Tables Were Turned.

COLUMA, Cal., March 20.—This morning about 1 o'clock H. Jacobson, of the firm of E. & H. Jacobson, furniture dealers, was awakened by a noise of some one boring holes in the door of his store. Hastily and noiselessly he arose and dressed himself, and on reaching the door heard the fellow at work. Mr. Jacobson, thinking that if he would open the door suddenly and quickly he could capture the burglar, quietly unfasted the bolts. Springing at the man he called out, "Hands up," but was met by a knife-trust, the force of which nearly knocked him down, the knife penetrating an account book which he had in his coat pocket. As the burglar made another attempt to strike him, Mr. Jacobson fired at him. The man then started on a run, followed by two more shots from Jacobson's pistol. It was a narrow escape for Mr. Jacobson, as the knife penetrated the book to a depth of nearly an inch. It is believed that the man was wounded, as fresh blood was found near the door.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Trainrobbers Balked.

MIDDLESBORO, Ky., March 20.—Robbers attacked Frank Ball, George Neo, and a man named Gibson in the Cumberland Gap tunnel this morning. Fifty shots were exchanged, and one robber was wounded. The Louisville & Nashville pay train passed over the road today, and it is supposed the robbers were waiting for it.

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail, and was given up and told I could not live. Having Dr. King's New Discovery in my store, I sent for a bottle and began its use, and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Snipes & Kinerly's.

Committed Suicide.

SEARON, Pa., March 20.—Captain Sam Stull, a veteran of the Fifty-seventh volunteers, and prominent in the Grand Army of the Republic, committed suicide yesterday by blowing out his brains with a revolver. The deed was probably premeditated, as he persuaded his wife to read the Bible two hours longer than usual the night before.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed. I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. Snipes-Kinerly Drug Co.

B. H. Bowman; Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby, the only one we have, was taken sick with croup. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. Snipes-Kinerly Drug Co.

Police Hunting for the Murderer of Stagg.

SAN FRANCISCO, March 20.—Detectives and police are still hard at work trying to get a clue which will lead to the discovery and arrest of the two men who murdered Cornelius Stagg and robbed the barkeeper of the Ingleside house last Saturday night. Five men have been taken into custody on suspicion, but all were released except James Bailey, who is held pending further investigation as to where he was on the night of the crime.

Sheriff Cunningham, of San Joaquin county, who is in the city, is positive that the trainrobbers are now in hiding in San Francisco, and he has good reasons for his belief. He is also sure that the trainrobbers are the same men who killed Stagg. The same kind of masks, gray ulsters and caps were used on each occasion. The height and size of the men correspond as closely as the evidence of a dozen witnesses can make them. The men who saw the trainrobbers' pistols say they are of the same size, length and color as those used by the robbers in this city.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, billious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Snipes-Kinerly Drug Co.

Expresses No Surprise.

WASHINGTON, March 20. — Persons familiar with the course of Hawaiian affairs in congress express no surprise at the recall of Thurston. Members of both houses who supported the policy of the administration in Hawaiian matters made no secret of their dissatisfaction with the alleged course of Thurston in furnishing information to friends of his government for use in debates. McCreary, chairman of the house committee on foreign affairs, is said to have been considerably provoked at Thurston's activity in matters before congress and the story goes that he told Gresham of Thurston's frequent presence at the capitol, and his belief that he was furnishing the opponents of the administration with their facts and figures for use on the floor. Gresham refused today to make any comments whatever on the report concerning Thurston's recall.

On Behalf of Armenians.

LONDON, March 20.—Francis Seymour Stevenson, M. P., chairman of the Anglo-Armenian Association, on behalf of the Tiflis Armenians, will present to Mr. Gladstone, when the latter returns to London, the copy of the Armenian gospels inscribed upon vellum, which is to accompany the address to the ex-premier, now being signed by the Armenians there. In a recent letter, Mr. Gladstone says he has abandoned hope that the condition of affairs in Armenia will change for the better. The sultan, he declares, is no longer worthy of the courtesy of diplomatic usage or Christian tolerance. The ex-premier promises that when the gospels are formally presented to him on his return to London, he will deliver a rallying address on behalf of the Armenians.

ASK THEM WHY?

Ask the men who are making imitations of COTTOLENE, the new vegetable shortening, why they give up lard and try to trade on the merits of COTTOLENE? Perhaps you can guess why.

ASK HIM WHY?

Ask the grocer who attempts substitution, why he tries to sell an imitation when people call for that pure, palatable and popular vegetable shortening, COTTOLENE? Perhaps you can guess.

ASK YOURSELF WHY?

Why should not YOU use COTTOLENE, instead of lard or any other compound, for all cooking purposes? It has the highest possible endorsement; from Physicians as to healthfulness; from Cooking Experts as to superiority; from housekeepers as to economy. USE COTTOLENE and stick to it.

Sounds Like Old Times.

One of those frequent happenings—a barroom fight—occasioned by a too free indulgence of stimulants took place about 1 o'clock yesterday morning at the Mann corner and which resulted in a number of black eyes, broken noses and swelled heads. The fight has more than a passing significance inasmuch as one of the principals, Eben P. Torrey, heretofore the champion "scrapper" of the town, was badly worsted.

At the time of the commencement of hostilities there were assembled a large crowd of all-round "good men," husky miners, who are open for an engagement at any time. Thomas Murrey and Eben Torrey with others were at the bar and engaged in a parleying of words, when it is said Torrey, as he has many times done on previous occasions, struck the first blow, landing on Murrey's eye. Murrey gathered himself and went at Torrey like a whirlwind, landing heavy on Torrey's nose and eyes and felling him to the floor. The first blow that Murrey struck was a stunner and Torrey, to the surprise of those present, showed the "white feather," by asking for quarter. This made Murrey more incensed than ever, since he had not yet started in on his man, and he hit him harder than ever. At this juncture Ed. Farrell, a peace maker, stepped up and was in the act of separating the men, when Dan Halisey struck him a fearful blow over the eye. Farrell, who is somewhat of a fighter himself, then went for Halisey and the way he done him up was a pleasure to all the eye witnesses. A stop to the row was made when Jack Monahan stepped in and demanded peace.

As a result of the "scrap" Torrey is now confined to his bed with a broken nose, eyes swollen shut and generally in a badly used up condition. Murrey has only a slight discoloration of one eye and Farrell and Halisey are laid up for repairs.

Chief Lamb has caused warrants of arrest to be issued and they will be served upon Torrey, Murrey and Halisey as soon as practicable and a full investigation of the affair made in Judge Packwood's court.

The general sentiment seems to be that Torrey got just what he has long been looking for and that Halisey should be heavily fined for the part he took in the affair. His attack on Farrell was cowardly in the extreme.—Baker City Democrat.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather. Dr. McLean's Volcanic Oil Liniment should be kept on hand at all times for immediate application when troubles of this nature appear. It is a sovereign remedy. 25c, 50c and \$1.00 per bottle.

Mr. Debs, the great labor leader, is in Portland. We are glad that we got away before he arrived, for while our modulated voice and softly beaming eyes, could hardly be taken up for contempt of court, yet in view of Mr. Debs' business with the United States courts and the fact that we were mistaken for him three days before he arrived, we feel more secure, while we have a good strong alibi.

Symptoms of kidney troubles should be promptly attended to; they are nature's warnings that something is wrong. Many persons die victims of kidney diseases who could have been saved had they taken proper precautions. The prompt use of Dr. J. H.
