

Newfoundlanders Opposed to Union With Canada.

St. JOHN'S, N. F., March 23.—A public meeting last night, under the auspices of the Anti-Confederation League, which opposes the plan for the union of Newfoundland with Canada, was one of the most enthusiastic ever held here. Resolutions were passed requesting the colonial government not to send confederation delegates to Canada, but to ask instead for a royal commission from England. The anti-confederation feeling is evidently very strong, and the plan of sending a delegation to Ottawa decidedly unpopular. However, public clamor seems likely to prove of no avail. In all probability the delegation, which is already named, will proceed to Ottawa. Premier Sir William Whiteway continues very ill, and cannot accompany his colleagues in the delegation when they leave Newfoundland, but intends following them when sufficiently recovered. Besides the premier, the delegation, as named, will consist of Robert Bond, George Emerson and Edward Morris. All the documents and other material will be ready for the delegates in time for the next Halifax steamer. It is understood that the government has not yet asked for the co-operation of the opposition as regards confederation, and it is not likely to do so.

A Secret.

If all the ladies knew the simple secret that a bad complexion is due to a disordered liver, there would be fewer sallow faces and blotchy skins. This important organ must be kept active and healthy to insure a clear and rosy color. Dr. J. A. McLean's Liver & Kidney Balm as a purifier, beats all the creams and lotions in existence and will produce a more permanent effect. Removes bad taste in the mouth, offensive breath, yellow tinge in the skin, wind on the stomach and that dull, bilious feeling which so surely indicates the torpid liver. Price \$1.00 per bottle. Announcement of the Program of the New Spanish Ministry.

MADRID, March 23.—The queen regent having charged Castillo with the formation of a cabinet, to replace the Sagasta ministry, the following appointments were announced today:

President of the council, Senor Castillo; minister of foreign affairs, Duke Tetuan; justice, Romero Robledo; war, General Azaraga; marine, Admiral Beranger; finance, Navarro Reverter; interior, Senor Cosgayan; public works, Bosch; colonies, Castellanes.

The members of the cabinet were sworn in this evening. The program, as published, urges the new ministers to act with energy regarding the disturbances in Cuba, and says that Cuba will make any sacrifice in order to suppress uprisings.

WASHINGTON, March 23.—Considerable curiosity is felt here as to the complexion of the new Spanish ministry. It is regarded as not unlikely that the conservative Canovas del Castillo will form the cabinet. This would result in all probability in the resignation of the Spanish minister at Washington, as the minister is a liberal, and could not serve under a conservative prime minister.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.

This is Why Thurston's Recall Was Asked by Gresham.

WASHINGTON, March 23.—The precise complaint which was forwarded to the Hawaiian government, in the customary manner through Willis, upon which Mr. Thurston's recall is requested, stated that he had made statements to the press reflecting upon the American minister at Honolulu, and intended to discredit him and impair his usefulness. It is claimed that when confronted by Gresham with certain publications of this character, Thurston acknowledged himself the source from which the information had been derived and also admitted his mistake in giving the matter publicity, and upon this Gresham immediately represented to the Hawaiian republic that Thurston was no longer welcome in an official capacity in Washington.

The complaint that Thurston had published official matters before communicating them to the state department, was considered of secondary importance, though the administration regarded it as strange that he should have officially confirmed the report that the schooner Walberg had cleared from San Francisco to land 1000 stands of arms, of which the Hawaiian government had captured only 300. It is said the attitude of Thurston toward Willis alone was the immediate ground for declaring his official continuance at Washington no longer desirable, and upon this representation the Hawaiian government is relied upon to withdraw him.

"Perhaps you would not think so, but a very large proportion of the diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to the cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 50 cent bottles for sale by Blakely & Houghton, druggists.

Unmerciful Disaster.

Press advices by steamer from South Africa contain a story of an extraordinary series of fatalities that occurred near Johannesburg, and whereby a prominent resident lost his entire family in the space of a few minutes.

Three of his children, aged respectively 8, 10 and 12 years, left the family farmhouse to go to their father, who was in a field about half a mile distant. On the way each of the three put their hand in a crevice of a rock for the purpose of searching for birds' eggs. The crevice, however, happened to have been taken possession of by a deadly snake, and each of the children was bitten before it could withdraw its hand. Two died almost immediately, while the third man to crawl back to the house and raise an alarm.

The mother, frantic with grief, mounted a horse, with a view of going for help. She placed the child in front of her, but forgot to securely fasten it, and she had hardly gotten out of the yard when it fell over to the ground, sustaining a fracture of the skull which caused instant death. The mother re-entered the house with the body, only to find that within a few moments her fourth and youngest child had been drowned by falling into a cistern.

The mother is now down with brain fever, and the original family of six there is only the father to tell the remarkable story.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakely & Houghton Druggists.
