

Remarkable Outcome of a Recent Surgical Operation.

New York, March 29.—Thomas Nevins, a Brooklyn merchant, from whose spine a remarkable growth was removed a few weeks ago, died at the Senep hospital Wednesday afternoon. Ever since the operation his life has been ebbing away. He was 38 years old, prosperous and robust, till nearly three months ago, when he complained of sharp pains in the thighs and groin, and his friends concluded that in some over-exertion an abscess had formed. An operation was performed and a male child eight inches long and perfectly formed was found imbedded in tissues. The doctors said Nevins was one of twins, and that before birth the embryo of the other child had become entangled in his own. The doctors believe that all his life Nevins had sustained the life of his imprisoned brother. Then, in some way, the connecting ligaments were broken, and the death of the baby ensued.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.
