Fruit Growers Solid Sprays.

These Sprays are reduced to a SOLID form, requiring only the addition of water for immediate use.

SPRAY NO. 1.

Winter Spray for San Jose Scale and Curl Leaf of the Peach.

Lime, unslacked.....30 lbs Sulphur, powdered.....20 lbs Salt, Liverpool.....15 lbs

The above is a very efficient remedy for the San Jose Scale and Curl Leaf of the Peach, and is an excellent fertilizer for the trees. It not only destroys the scale and prevents the spread of the curl leaf, but removes all lichens and keeps the bark soft.

In the case of curl leaf, the greatest good will result from the early spraying, as it prevents to a large degree the dormant spores of this parasitic fungus coming to life, and destroys any that may have started.

DIRECTIONS.

To be most successful, this spray should be applied just before the buds swell in the spring. It can be used at this time stronger than later, and should be thrown upon the trees when it is warm.

Use for winter spraying, 1 pound to 2 gallons of water; for summer work use 1 pound to 8 gallons of water. Maier & Benton, sole agents, The Dalles, Or.

WEDNESDAY - - - APRIL 3, 1895

BRIEF MENTION.

aves From the Notebook of Chronicle Reporters.

Crop weather bulletins for the year 1895 began their issue this morning.

License to wed was issued today to George H. Woodruff and Miss Marcie V. Morris, both of Tygh Valley.

Among the passengers on the Regulator yesterday morning were six ministers, who held services on the boat.

The weather report for this section, as cast by the Portland office, was for today fair, and for tomorrow is rain and cooler.

Two tramps were arrested last night and are working out their fines on the streets. Commissioner Butts thinks they are totally unreliable.

Eli Perkins, who lectures tomorrow night at the Baptist church, has a national reputation. Those who miss hearing him will miss a treat.

Hereafter the postoffice will be open Sundays from 12:30 to 1:30 p. m. This change is made so that mail arriving on the 12:15 train can be delivered the same day.

The city marshal warns all persons owning cows to take care of them and keep them off the streets. After this week all cows found running at large within the city limits will be impounded.

Miss Corilla G. French, daughter of Mr. S. French of this city, was one of those graduating from the medical department of the Willamette university, Tuesday. She graduated at the head of her class.

Commencing with our Saturday issue, we will again begin publishing a weekly market report. It was discontinued during the winter for the reason that there was nothing coming into the market.

Sheriff Driver received a telegram this morning stating that his old friend, Sheriff Bogard of Tehama county, California, who was killed by train robbers near Marysville last week, was buried at Red Bluff today.

Editor Hayne, who was elected school clerk of Portland, resigned because he was unable to get bondsmen. The board cannot do better than re-appoint Mr. Allen, who has disbursed \$2,000,000 in his seven years of service, and disbursed it honestly.

The Regulator brought up 145 calves as a part of her cargo last night. They belonged to Mr. J. W. Carey and were purchased near Salem. They were a musical lot and seemed determined to let our people know they had arrived, for they no sooner got off the boat than each one of them began to call for his ma.

Mr. C. L. Gilbert of Hood River, has been appointed second deputy clerk. It is necessary to have three persons in the clerk's office a larger portion of the time and especially during the sessions of the circuit court. Mr. Gilbert writes a hand like copper plate, is a clever, accommodating and genial gentleman, thoroughly competent, and his appointment will prove gratifying to his innumerable friends.

The wind was on another frolic this afternoon, and the amount of dust it stirred up and whirled about was something astonishing. The streets are apparently clean and free from dust, but the wind managed to find an abundance of it somewhere, and distributed it with a generous and impartial hand; in fact both hands. As the weather resembles a woman, in that an extra exhibition of temper generally winds up in tears, and as this was no exception, we cheerfully put up with the wind.

Real Estate Transactions.

The following deeds have been filed for record since our last report:

Hugh Gourlay to Bessie Gourlay, lot D, Dufur's Grand View addition to Dalles City; \$1 and other considerations.

James W. Wallace to Mary A. Palmer lot 23 and 40 feet of lot 22, block 1, town of Waucoma; \$800.

Johanna Fredericksen and Margaret Fredericksen to Hannah E. White, lot L, block 74, Fort Dalles military reservation addition to Dalles City.

Willamette Graduates.

The graduating exercises of the class of '95 of the medical department of the Willamette university were held at the Taylor street M. E. church, at Portland Tuesday. The church was crowded with friends of the school and of the graduates.

The names of the graduates are James Harlan Bristol, Elta Hill Chambers, Corilla French, Lulu M. Munkers Marquam, Harry Freeborn McKay and John Dayton Shaw.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

W. T. Sanford, Station Agent of Leeper, Clarion Co. Pa., writes; I can recommend One Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure. Snipes-Kinersly Drug Co.

"Fibre Chamolis" just received at A. M. Williams & Co.

Mr. Monahan's Statement.

Mr. Monahan, the smallpox victim, feels aggrieved at the stories that have been circulated concerning him and as to the manner in which he contracted the disease and brought it here. Mr. Monahan says that he left Hot Springs, Arkansas, on the 14th day of February, went to Kansas City, stopped there a day, and then came to The Dalles. He states emphatically that when he left Hot Springs he did not know the smallpox had broken out there; that if it existed the health authorities had kept the matter concealed, and the public did not know it. That he does not know where he was exposed to the disease, or when, but presumes it was at some of the public resorts at Hot Springs, since it is now known smallpox existed there. That when he arrived here he was sick, but had no suspicion that he had the smallpox, and in fact did not believe it even when told by Dr. Hollister, until the eruption commenced. He further offers to pay for a telegram to the health officers, mayor, or any other person in Hot Springs, to verify his statement that the disease was not known to exist when he left.

He wants further to say that he did not contract the disease intentionally for the purpose of bringing it here; that he did not want it, and did not enjoy it.

The Great Northern Coming.

Yesterday's Oregonian has the following concerning a proposed change in railroad matters that would result in giving The Dalles direct communication with the East over the Great Northern: "The Great Northern proposes putting into effect about May 1st a new time card, by which the time between Portland and St. Paul will be shortened twelve hours. This will be agreeable news for the traveling public, but another change is contemplated which will be of far greater benefit to Portland. Since the connection was made between the O. R. & N. and the Great Northern, the latter's road business out of Portland has rapidly increased. It is now proposed to run a complete through train between St. Paul and this city, instead of between St. Paul and Seattle. The line between Spokane and Seattle will thus become a branch line, as the business over it does not warrant the running of a full train. The train which will then roll into Portland will consist of buffet library cars, first and second-class sleepers, diners and express and baggage cars, and drawn by Great Northern engines. It is not yet known when this change will be made, but it will probably come with the new time schedule. The Great Northern is going to make a strong bid for business from the coast the coming summer, and the officials realize that they can do far more with the terminus of the road at Portland than they can do at Seattle or any Puget sound point.

Miss Aimee Newman, teacher of piano-forte music. For terms apply at residence, corner of Fourth and Union. mch29-may1.

PERSONAL MENTION.

Prof. Wm. Birgfeld went to Portland yesterday.

Mr. Hugh Glenn went to Cascade Locks this morning.

Mr. Grant Mays has returned from a trip to San Francisco.

Mrs. H. Lauretson went to Portland this morning on the Regulator.

Miss Carrie Davenport went to Portland yesterday on a visit to her sister.

Mr. Balfe Johnson went to Portland yesterday, and will probably return tonight.

Mr. John Gilpin was a passenger on the Regulator, bound for Portland this morning.

Exposure to rough weather, dampness, extreme cold, etc., is apt to bring on an attack of rheumatism or neuralgia; chapped hands and face, cracked lips and violent itching of the skin also owe their origin to cold weather. Dr. McLean's Volcanic Oil Liniment should be kept on hand at all times for immediate application when troubles of this nature appear. It is a sovereign remedy. 25c, 50c and \$1.00 per bottle.

Giggs—Do you mean to say you have been married three years and have three children? Briggs—Yes, and that isn't the worst of it. Giggs—What do you mean? Briggs—They are all the same age.—Brooklyn Life.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but lay with them half open. About this time, I started using the CURICURA REMEDY, and in one month she was completely cured. The doctor and drug bills were over one hundred dollars, the CURICURA bill was not more than five dollars. My child is now strong, healthy, and large as any child of her age (see photo), and it is all owing to CURICURA. Yours with a Mother's Blessing, Mrs. GEO. H. TUCKER, Jr., 632 Walker St., Milwaukee, Wis.
