

**The Japanese Demands.**  
 St. PETERSBURG, April 3.—A telegram from a Chinese source says that bad weather, sickness among the Japanese troops and the overflow of rivers have rendered the continuance of war extremely difficult. It is added that this has produced a favorable effect upon negotiations, but hopes for the speedy conclusion of peace is weakened by the Japanese demand for the cession of a portion of Manchuria, a war indemnity of 700,000,000 yen, and pending full payment of this indemnity that Peking shall be occupied by Japanese troops.

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

**Ugly Insinuations.**  
 PARIS, April 2.—As an indication of the strained relations between England and France, Matin and other newspapers persist in insinuating that the collision on March 3d off Messina island, between the two British steamers, the Alvah and Brinkburn, the latter chartered by the French government as a transport to take French troops and munitions of war to the island of Madagascar, was due to England's malice, and that the nation capable of such an action, should be made to regret it. The Alvah was sunk and the Brinkburn seriously damaged, but she succeeded in making the harbor of Messina.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Loper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakely & Houghton Druggists.

**San Miguel Lifted.**  
 A Santa Barbara, Cal., special says: The volcanic eruption and earthquake in Mexico had its counterpart here on the same day. San Miguel island, the most westerly of the Santa Barbara group, felt the effects of the disturbance in a very pronounced way. Captain Dally, of the sloop Liberty, reports that he reached Cairo harbor on Monday night about dusk. He started to run the Liberty in by the channel, but was surprised to find a 60-foot bluff projecting some 300 feet beyond where he supposed the shore line to be. He anchored, and early on Tuesday morning went on shore, where he found Captain W. G. Waters, owner of the island, and together they examined the coast line. For a distance of 1000 feet along shores the land had risen, and where formerly was a sandy beach there was now a towering cliff 60 feet in height. The land had not only risen, but for a distance of 500 feet the shore line had been extended 300 feet into the bay.

**TAKE STEPS**  
 in time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 95 per cent, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its filthy "emulsions" and mixtures, have been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write to those who have been cured and profit by their experience.
