FRIDAY, - - - APRIL 12, 1895

THE NEXT ISSUE.

The dispatches yesterday stated that Senator Palmer will fight the movement in Illinois calling a convention of democrats to commit the democracy of the state to a free silver policy. Senator Palmer may profit by the illustration made by Otis a hundred and twenty years ago of "damming the Nile with bulrushes." It can't be done. That the democracy will adopt an out-and-out free silver platform at its next national convention is as certain as anything earthly can be. There is no other course left open for it. Free trade is as dead as a door nail for years. That issue will not do as a blast to gather the clans. Circumstances have killed it; the working people have damned it, and its obsequies were looked after by Mr. Wilson of West Virginia.

What other issue can the party make? It is true that should this plank be adopted, Mr. Cleveland and some more heavy weights the party has carried will be dropped, but that will be but little loss. Cleveland never did anything for his party except to fight it, to disrupt it, and to stultify it. For twelve years, rather for three successive terms, he has headed the ticket of his party and amused himself between times by holding its nose and making it take such medicine as he prescribed. He never diagnosed the case properly either, for he being the disease as well as the doctor, failed to see that it required a course of anti-fat. It will get it in '96. Cleveland and his followers will leave the party, there will be a split, but the democrats know that where they lose one democrat they will gain five republicans, unless the latter party also comes out for free silver. It will not do that. It can't afford to do it, and in consequence there is going to be a re-arranging of party lines. It is going to be silver against gold, and gold is going to have the hardest struggle that ever happened it. The tariff will be a minor issue, although the action of European nations in shutting out American farm products will, per force, drive many democrats into the protective tariff ranks, and will help to make up the loss from its ranks by the silver question.

Senator Palmer may fight the calling of the free silver democrats to a convention, but they will meet just the same. Democracy has but one weapon, and it will use it.

LET THEM FIGHT.

Much has been said and written about the new rates from Portland to Spokane and the effect on the shipping business of the two cities, but the fact remains that the new tariff is now in force, and Portland merchants have the best of the deal. A prominent Spokane merchant, when asked what would be their recourse, replied that he expected, in a short time, that the Spokane merchants would combine and raise a fund to defend themselves; that since low rates were to be the order of the day, and that since "the other railroad and Spokane merchant were dancing now to the O. R. & N. fiddling," the latter proposed to see that low rates applied in other directions. A plan is on foot by which a subsidy will be raised to charter one or two steamers, which will be placed on the run between San Francisco and Portland and the rates of fare reduced to the figure of \$3, and the freight rates also proportionately reduced. This will enable Spokane merchants to get back at the O. R. & N. Co. and to handle freight brought from the East via the Panama route and destined direct to their city for distribution on a basis which will enable them to meet the competition of the Portland and Sound merchants.

The suggestion was also thrown out that the rail lines of the O. R. & N. are almost entirely paralleled by water routes, and that it was among the probabilities that the Northern Pacific would put on a line of steamers from Pasco to Riparia and Lewiston, making the rates nominal, and that with a new line of boats between Portland and The Dalles such a pressure could be brought to bear on local rates that the O. R. & N. would be very likely to treat with other lines on an equalization of rates that would give Spokane a show.

It is positively stated that the means can and will be raised for the movements, and that the building of the Astoria road will be another factor in helping these places along, indirectly, as

it is more than likely that Astoria merchants would then stand in on such a scheme.—Sun.

Yesterday's Oregonian says: "The salmon season opened today, and shipments from Oregon City and points between here and Portland indicate one of the greatest after-midnight catches on record. The steamer Ramona carried 2006 salmon, weighing somewhat more than twenty-three tons. This is the heaviest first's day's shipment from this part of the river for four years."

It is not at all remarkable that the first night's catch should be the largest on record. It does not indicate an extraordinary run of fish, but does convey the impression that the almanac was out of whack a day or so up about Oregon City. It is quite probable that mid-night of the 9th began about 12 o'clock p. m. the night of the 7th. It is also probable that the catch will fall off suddenly, and that the fishing the night of the 11th will not be good. It happens that way on first nights.

Secretary Morton is out with instructions to those representing his department to find out why the price of meat is going up to the consumer and the price of stock going down. If the secretary would read the market reports, he would find that his premises are incorrect. The price of meat is going up and so is the price of cattle, hogs and sheep. The secretary needs to oil up his thinker.

Chamberlain's Cough Remedy gives the best satisfaction of any cough medicine I handle, and as a seller leads all other preparations in this market. I recommend it because it is the best medicine I ever handled for coughs, and croup. A. W. Baldrige, Millersville, Ill. For sale by Blakely & Houghton Druggists.

Choice two-year-old roses for 25 cents; also cut flowers and floral designs at the Rose Hill Greenhouse, Eighth and Lincoln street. Orders can be left at Mrs. Phillips' millinery store, on Washington street, between Second and Third. tf.

THE BUSINESS MAN'S LUNCH.

Hard Work and Indigestion go Hand in Hand.

Concentrated thought, continued in, robs the stomach of necessary blood, and this is also true of hard physical labor.

When a five horse-power engine is made to do ten horse-power work something is going to break. Very often the hard-worked man coming from the field or the office will "bolt" his food in a few minutes which will take hours to digest. Then, too, many foods are about as useful in the stomach as a keg of nails would be in a fire under a boiler. The ill-used stomach refuses to do its work without the proper stimulus which it gets from the blood and nerves. The nerves are weak and "ready to break," because they do not get the nourishment they require from the blood, finally the ill-used brain is morbidly wide awake when the overworked man attempts to find rest in bed. The application of common sense in the treatment of the stomach and the whole system brings to the busy man the full enjoyment of life and healthy digestion when he takes Dr. Pierce's Pleasant Pellets to relieve a bilious stomach or after a too hearty meal, and Dr. Pierce's Golden Medical Discovery to purify, enrich and vitalize the blood. The "Pellets" are tiny sugar-coated pills made of highly concentrated vegetable ingredients which relieve the stomach of all offending matters easily and thoroughly. They need only be taken for a short time to cure the biliousness, constipation and slothfulness, or torpor, of the liver; then the "Medical Discovery" should be taken in teaspoonful doses to increase the blood and enrich it. It has peculiar effect upon the lining membranes of the stomach and bowels, toning up and strengthening them for all time. The whole system feels the effect of the pure blood coursing through the body and the nerves are vitalized and strengthened, not deadened, or put to sleep, as the so-called celery compounds and nerve mixtures do—but refreshed and fed on the food they need for health. If you suffer from indigestion, dyspepsia, nervousness, and any of the ills which come from impure blood and disordered stomach, you can cure yourself with Dr. Pierce's Golden Medical Discovery which can be obtained at any drug store in the country.

Notice.

Lost, One red and white heifer, 3-year-old in the spring; branded on the hip; marked smooth crop off the right ear and slit and under bit in the left ear. Also one almost red 2-year-old heifer, branded on the hip same as red and white heifer's brand. Any one letting me know where they are will be paid for their trouble. Address: BEN SOUTHWELL, an19-1m Endersby, Wasco Co., Oregon.

Fine Millinery.
