SPRAY NO. 1.

Winter Spray for San Jose Scale and Curl Leaf of the Peach.
Lime, unslacked.....30 lbs
Sulphur, powdered.....20 lbs
Salt, Liverpool.....15 lbs

The above is a very efficient remedy for the San Jose Scale and Curl Leaf of the Peach, and is an excellent fertilizer for the trees. It not only destroys the scale and prevents the spread of the curl leaf, but removes all lichens and keeps the bark soft.

In the case of curl leaf, the greatest good will result from the early spraying, as it prevents to a large degree the dormant spores of this parasitic fungus coming to life, and destroys any that may have started.

DIRECTIONS.

To be most successful, this spray should be applied just before the buds swell in the spring. It can be used at this time stronger than later, and should be thrown upon the trees when it is warm.

Use for winter spraying, 1 pound to 2 gallons of water; for summer work use 1 pound to 8 gallons of water. Maier & Benton, sole agents, The Dalles, Or.

BRIEF MENTION.

aves From the Notebook of Chronicle Reporters. The Mt. Hood Hose Company meets tonight at 7:30. E. J. Collins & Co. have removed the awning from in front of their store building. The East End yielded nothing to the reporter this morning, except dust, and lots of it. Farley & Frank re-opened this morning and are prepared to transact any business in their line. Try Frank Getz' Easter ice cream and cream soda tonight and Sunday, Columbia Candy Factory. Paul Schulze, recently general agent for the Northern Pacific railroad, committed suicide at Tacoma yesterday. The members of the Methodist Sunday school will give an Easter concert, at 11 o'clock tomorrow morning. All are invited. Mrs. Nellie Hines, room 50, Chapman block, has Spanish creams for the face; also Dow's electric belts. Tells past or future by the hand or cards. Call and see her. Easter services will be held in the Congregational church tomorrow. The church has been handsomely decorated with flowers and flags. The day is not only one of peculiar religious import, but is also the 30th anniversary of the assassination of President Lincoln. Constable Trans brought three persons from the Locks last night, who had been tried in the justice court and committed to jail for being drunk and disorderly. They were H. Martin, who was sent up for ten days and - Lynot and Wm. Burns, who were rewarded with five days each. This was what Jailer Fitzgerald calls a rush from the Cascades. The hen down in Kinerly's window must have been awfully surprised yesterday, when she found as a result of a bath given her that her plumage had changed to a lively red color. Her little brevet children, however, did not seem to object to the change, and today from sleeping under her protecting wings they have taken on a slight tinge of the same color. The hen is in style being a perfect coesee color with bluet trimmings

around her gills, but, no doubt, feels that she is putting on too much even for Easter.

James Richardson, who was arrested yesterday for throwing rocks at the section men, was examined this morning, the charge being assault with a deadly weapon. The testimony showed that he was going after some of the men armed with a monkey wrench. Mrs. Richardson was charged with resisting an officer and her examination set for 2 o'clock this afternoon, at which time she was fined \$10.

It was really unkind in Mr. Pague, in view of the fact that Easter comes but once a year, and that as a matter of custom nearly every woman has a brand new bonnet that she wants to wear, to order up a rain for that day, but that is what is on the docket. The report for tomorrow says it will be showery, followed by cooler weather. Mr. Pague is not infallible, hence the weather may be fine, yet we advise all the CHRONICLE's lady readers to take their umbrellas with them to church, or post their better-halves, or to-be better-halves, as the case may be, to come after them in case of rain.

PERSONAL MENTION.

Mr. Alex Fargher is up from Portland. Rev. J. H. Wood returned from Portland on the noon train. Mr. Rashky of Portland is in the city for the purpose of purchasing hides. Mr. Harry Bochau, a former Dalles boy, returned this morning, after a two-years stay in Denver. Mr. Remington, of Clarke county, Wash., came up on the Regulator last night and returned this morning. Mr. John Parrott, who has been visiting his brother in Goldendale, is again home. He reports his brother as making good progress on his new motive power and machinery. Col. Pollock, of Lexington, Ky., was a passenger on the D. P. & A. N. Co.'s line yesterday, from Portland to this city. He has been in California for several months and his comments on that section, in conversing with a CHRONICLE reporter last night, shows that he is a keen observer. He was delighted with Oregon and could not speak warmly enough of the grand scenery of the Columbia. Oregon, he thinks, has a grand future and will in the near future outrank California as a fruit producer.

City Council.

An adjourned meeting of the city council was held last evening, the mayor and full board of councilmen except S. B. Adams, being present.

A committee of the board of fire delegates, consisting of John S. Schenck and others, asked on behalf of said board that a fire-alarm system be put in. Thereupon the committee on fire and water reported progress in the matter, and asked further time, which was granted.

Petition of F. X. Kramer and Charles B. Adams, asking that that portion of what is known as Harrison street, between lots A and B, in Kramer's addition, be vacated, was read and referred to committee on public property.

The report and recommendations of the committee on finance in the matter of the claims incurred on account of the smallpox, and which were heretofore referred to said committee was read, and on motion it was ordered that the report be received and that the recommendations and claims be acted upon separately. Thereupon the following claims were acted upon and allowed in the following amounts:
