BRIEF MENTION.

Leaves From the Notebook of Chronicle
Reporters.

Hon. W. H. H. Dufur was in the city
this morning.

Two hoboes were before the city re-
corder this morning, and will do service
on the streets.

Sixteen carloads of sheep, 3,000 will
be shipped from this point to the East
in the morning.

The Fargher Bros. are bringing in a
large flock of sheep for shipment East.
They will arrive in tonight or tomorrow
morning.

Tygh was visited by a generous rain
Monday night, our informant stating
that the ground was wet to the depth of
three or four inches.

Last night was a very cold one at
Dufur with a severe frost. When our
informant left this morning he was un-
able to learn if the fruit had been dam-
aged, but is of the opinion the damage is
slight.

This has been by long odds the most
perfect day of the year. The sun has
beamed down upon the fragrant earth
softly, and the air odorous of fruit blos-
soms has been as quiet as a woman's
conscience.

Up at the East End Will Moody is
having an awning built in front of the
warehouse and Saltmarsh & Co. caught
the idea and are having the same kind
of a sun shield put up in front of their
place of business.

O. S. F. Baker, who was arrested yester-
day on a charge of selling fictitious
lottery tickets, was taken before Justice
Davis at 4 o'clock yesterday, at which
time he waived examination and was
bound over to appear before the grand
jury.

The jury in the case of the state
against Rev. J. C. Read, indicted for at-
tempting to rob the East Portland bank
a month or so ago, after being out
twenty hours reached a verdict yester-
day afternoon, at 5 o'clock, finding him
not guilty. The defense set up was in-
sanity. The verdict seems to give gen-
eral satisfaction to all those who have
followed the testimony in the case.

Yesterday evening Ermie Sach, a boy
of ten years of age came up from the
Boys and Girls Aid society of Portland

to find a home here. He was sent to
Judge Blakeley who had secured him a
good home with Mr. H. W. Wells, and
the little fellow who had been badly
abused by his father and stepmother
seemed delighted with the prospect of
having a peaceful, pleasant home in the
green fields and beneath the fine skies
of Eastern Oregon.

It seems that we were mistaken yester-
day in saying that Tom Kelly dined
with Senator Dolph. It was our old
friend Robert Kelly, he of the sheriff's
office, and formerly of Kingsley, he was
the self same man. Robert did the
honors of the occasion in his inimitable
style, until the senator pulled a card on
him and told him he would like to issue
him an insurance policy. Then Robert
took a tumble, two of them and still the
boys won't quit on him.

The band of wild cattle which has
been in the habit of ranging on Joe and
Fawn creeks, branches of Agency creek,
in the coast range have changed their
range, so hunters say, who have been
looking for them. This band of cattle
has ranged in the Cascades for nearly
twenty years and has weathered the
worst winters during that period with
ease. Those killed by hunters in the
spring have been found fat and tender.
The valley cattle as a rule are poor when
spring comes. These wild cattle are
much harder than domestic stock and
are as shy and hard to come upon as
deer.

Crop Weather Bulletin No 8

Following is the report of the Oregon
state weather service for Eastern Oregon:

WEATHER: A few light showers or
sprinkles of rain fell, but not sufficient
to lay the dust. The winds have been
dry and of a velocity higher than usual.
The maximum temperatures have
ranged from 48 to 72 deg. The minimum
from 34 to 52 degrees and below the
freezing point south of the Blue moun-
tains.

CROPS: The lack of sufficient rainfall
is already being felt. The ground is dry
and spring sown grain needs rain to
cause it to germinate. Due to the dry
season, and to other causes, many farm-
ers have been prevented from sowing
as much grain as usual. In some coun-
ties this decrease will be considerable.
In Umatilla and Union counties the
grain crop appears to be in the best con-
dition at the present time. The marked
deficiency in rainfall will seriously injure
the grain crop unless copious rains should
occur in May and June. The rainfall
of these two months determines the
cereal crop of the year. In the Colum-
bia river valley the fruit crop is, so far,
uninjured by weather conditions; the
fruit trees are in full bloom, in some sec-
tions over their blooming period. The
trees at present indicate large yields.
The berries are growing and thriving
and in good condition. Vegetables are
having only a fair growth, needing
moisture and warmth. Lambing contin-
ues with success. The shearing of
sheep has commenced and some small
lots of wool have been received at The
Dalles, Pendleton and Heppner, all of as
good quality as was ever clipped. To
the south of the mountains, except in
the Grand Ronde valley which is more
advanced, the fruit trees are swelling their
buds. The range grass is good and stock
in good condition. While the fruit crop
is very promising, the cereal crop is in
danger from drouth.

At the Locks.

Cascade lodge, No. 69, A. O. U. W.,
was invaded on Saturday evening last,
immediately after adjournment by a
large force of ladies. Master Workman
Lewis called the lodge to order again and
gracefully surrendered everything but
the goat to the fair invaders. Mrs. G.
P. Morgan, on behalf of the "wives and
sweethearts of the Workmen," then pre-
sented the lodge with a very handsome
altar Bible. Graceful speeches of accep-
tance were offered by Past Master Tomp-
kins and Master Workman Lewis and
there being no pre-arranged program
Miss Brian and Miss Aldrich kindly re-
sponded to calls with a recitation and
some music. During the only lull in
the proceedings some cake and ice cream
found in the ante room was tested,
found fresh, discussed with great en-
thusiasm and the ladies were immedi-
ately invited to join the Degree of Honor
so that they might be sure to come
again. X.

High Prices for Beef.

Oregon stockmen are profiting by the
advance in the price of beef, caused by
sharp Chicagoans getting a corner on
cattle and control of the market. There
is a great scarcity of cattle in the East
at present, and while prices have been
steadily going up, it is impossible to ob-
tain beefs. Kansas and Nebraska had
no corn to feed cattle last winter. It
was a winter of desolation and suffering
west of the Mississippi river. There
was no time to think of cattle, and many
were frozen to death. Several weeks
ago agents of Eastern stockyards ap-
peared in Eastern Oregon and com-
menced going over the ranges with a
view of buying what stock they could.
Prices went up as the activity of the
buyers increased, and not only have
thousands of beefs been bought, but
agents have been sent to the Willamette
valley to gather up what stock can be
found there. With the rise in the price
of beef there came an extra demand for
mutton, and in Crook county as high as
\$3.25 has been paid for good mutton
sheep.
