Don't fail to hear Hon. D. P. Thompson at the Congregational church to-night.

Stone's fish wheel caught about 300 pounds of salmon last night, mostly chinooks. Mr. Stone is of the opinion there will be a good run of black chinooks soon, and thinks the outlook for the season fairly good.

The city recorder's office is looking up somewhat. This morning one hobo and three persons who each had a small jag on last night, were interviewed by the recorder. Two of them were fined \$10 each, and the others each deposited \$5 bail which they forfeited.

Captain Paul Webb in going over the falls at Oregon City last Sunday, in a barrel, broke one of his arms. The only serious regret among sensible people is that it was not his neck. Such men as Webb should be arrested for vagrancy for the calling they follow is little if any better than begging.

Arrangements have been made between the Third regiment and Max Vogt, for the rebuilding of the old opera house burned down in 1891. It will be used as an armory, but at the same time a stage will be put in, and in the future may be fitted up for theatrical purposes. We are pleased indeed to note that Mr. Vogt is finding use for this property and hope the business of the town may soon improve to such an extent as to cause him to rebuild on Second street.

Articles of incorporation of the Hood River Spring Water Co. was filed yesterday. The object of the company is to furnish water to the town of Hood River for household, irrigation and other purposes. The incorporators are Amby S. Blowers, L. N. Blowers and W. M. Yates. The capital stock is \$12,000, divided into 120 shares and duration perpetual. It is a re-incorporation of the Hood River Hydrant Co., being the

same system now supplying the town with water.

Hon. D. P. Thompson will lecture tonight on the subject of either the "Monuments of Egypt," or "Points of Interest in Palestine." Mr. Thompson was minister to Turkey under President Harrison and at the close of his official term made an extended trip through Egypt for the purpose of studying the evidences of ancient civilization. The subject is a very interesting one, and Mr. Thompson presents it in a very interesting manner. Don't fail to hear him at the Congregational church tonight.

Mr. Hugh Glenn received this morning a sample school desk manufactured by the East Portland Mill and Fixture Co. The desk is a handsome piece of work very strongly built and is made from Oregon iron and Oregon wood, the latter being a fine grained and very beautiful maple. We mention the fact in order that our people can begin to put in practice the suggestions lately made by so many correspondents of the Oregonian concerning the patronizing of home industries. The desks are equal to any made in the East, and will compete with the latter in price. The idea of importing wood in any shape to Oregon is so supremely ridiculous that it will not even admit of comment.

A gentleman in from 5-Mile this morning, says the grain crop is all in, wheat sprouting and looking fine. Miss Daisy Allaway is teaching the school and giving universal satisfaction. Tuesday morning Mr. Brown's children were going to school in a cart, and a little daughter of Joel Koontz climbed in with them to ride. When near the schoolhouse the horse became frightened and ran away, throwing the children out and smashing the cart into kindling wood. Fortunately no bones were broken, but Mr. Koontz's little girl was badly, though it is thought not seriously, injured. The only thing a measly roadcart is good for is to furnish newspaper items, in the shape of runaway accidents. As they have no brakes and the cayuses are in the same condition, both easily get beyond control.

Arbor Day.

EDITOR CHRONICLE:—I send you the following reports from school districts celebrating Arbor Day:

District No. 3, Hood River, H. L. Howe, principal, had a fine literary program consisting of declamations, dialogues, singing, etc., with a plan to secure funds for a new flag for their new schoolhouse.

District No. 6, Miss Marguerite Shelley teacher, spent the afternoon in decorating the house and clearing up the grounds.

District No. 13, Miss Omah Smith, teacher, rendered the following program: Song, Nellie Frost; declamation, Lena Deckert; declamation, Malcom Southwell; reading, Mace Fulton; song, Nellie Foss; declamation, Lena Deckert; declamation, Lillie Krause. Ten trees were planted, two white and eight silver poplars, each tree being named by the one who planted it.

District No. 16, J. A. Haylock, teacher, reported as follows: Planted six locust trees and named them, George Washington, Grover Cleveland, Robinson Crusoe, His Man Friday, Tennyson and Longfellow. Several visitors were present.

District No. 21, at Boyd, R. A. Galley, teacher, reports a very pleasant day. Had a short program and a half holiday. As the grounds are not fenced no trees were planted.

District No. 42, at Wamic, H. G. Lake, principal, spent the half day with lessons in botany. The grounds are not fenced and no trees could be planted. District No. 48, on Juniper Flat, Asa Stogsdill, teacher, planted a number of trees, naming them after the presidents from Washington to Polk. A fence enclosing the grounds was built by R. Beattie and R. D. Pitcher. Following was the literary program: Song by school. Remarks on Arbor Day, by teacher. Biographies of a number of the presidents by Grace Confer, Polly Crabtree, Elmer Snodgrass and Job Crabtree. Recitations by Eddie Lundy, Anna Beattie, Lena Snodgrass, Mamie Pitcher and Ethel Butts. Song, America, by school.

I would like to suggest that Arbor Day could be profitably spent by many other districts like the one above, in fencing the grounds.

TROY SHELLEY, School Supt.

There will be a lecture by Hon. D. P. Thompson of Portland, at the Congregational church, Friday evening, April 19th, at 7:30 o'clock, subject, either "The Monuments of Egypt," or "Points of Interest in Palestine." The lecture will be under the auspices of the Ladies' Aid Society of the Congregational church.
