SIXTEEN TO ONE.

The silver question has captured the Illinois democracy, and in spite of the president, Senator Palmer, or any one else, the state convention will come out flat footed for free silver at the ratio of 16 to 1, and regardless of any international combinations.

Be it for good or bad, the free silverites are going to carry the day in Illinois, and we believe in every state west of it. It is going to be a fight between the South and West on one side, and the East on the other; between the agricultural class and the speculative class.

We do not presume to argue the merits of the situation, but state what we believe the consequences will be. The blast of Waterson's bugle horn sounds loud, but it will not serve to gather the clans.

A DURRANT STORY.

The dispatches today state that a new witness has been found against Durrant, it being the 15-year-old daughter of a San Francisco gentleman. The story has all the earmarks of a rank fake. It states that a high official has communicated to Chief Crowley a statement that a San Francisco physician had informed an Oakland fellow practitioner that some time ago he had been called to attend professionally a 15-year-old girl, who claimed that she had been lured into the belfry of Emanuel church by Durrant and ruined by him.

The Pall Mall Gazette says editorially: "As Japan's troubles drop asunder she moves nearer to America. Let us also move nearer to America." That is all right if England would move nearer to America in the proper spirit, but just now Americans are rather suspicious of her, and firmly of the opinion that she is moving entirely too near, since she has landed her troops in Nicaragua and is undertaking to take a slice of territory from Venezuela and to control the mouth of the Orinoco.

After all the comment that has been made over President Cleveland's course with England over the Nicaragua affair, it seems that he has been exactly correct. The justness of England's claim cannot be disputed, and had the United States interfered it would have been virtually the establishing of a protectorate over all the country south of us, and we would have been kept in hot water continually by the peppery Spanish republics, who not being held responsible

for their acts would have been barking at the heels of every nation in Europe.

Patronize home industries is a good motto, and it doesn't matter what those industries are, either. Be loyal to your own town, patronize your home merchants, your home tailors, your home manufacturers, no matter what they are. Encourage your neighbor by patronizing him, and keep your money at home. Don't send a dollar out of town for anything you can get in it. That is the way to grow, and that policy is what builds up a town.

DID YOU EVER

hear tell of a purchaser wanting to buy an imitation? Why do men who try to sell such articles speak of the act as "working them off?" Simply because people want the best, and it takes work and likewise deception to sell them the worst. This unpleasant experience may befall the housekeeper who determines to

TRY COTTOLENE

The healthfulness, flavor, and economy of this wonderful cooking product has won for it the widest popularity, which in turn has attracted the attention of business parasites who are "working off" imitations and counterfeits. Forewarned is forearmed. Be sure you get the only genuine vegetable shortening—COTTOLENE.

That's the way to look well. Cure the disorders and ailments that beset you, with Dr. Pierce's Favorite Prescription. It regulates and promotes all the proper functions, improves digestion, enriches the blood, dispels aches and pains, melancholy and nervousness, brings refreshing sleep, and restores health and strength. Mrs. ANNA ULRICH, of Elm Creek, Buffalo Co., Neb., writes: "I enjoy good health thanks to Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I was under doctors' care for two years with womb disease, and gradually wasting in strength all the time. I was so weak that I could sit up in bed only a few moments, for two years. I commenced taking Dr. Pierce's Favorite Prescription and his 'Golden Medical Discovery,' and by the time I had taken one-half dozen bottles I was up and going wherever I pleased, and have had good health and been very strong ever since—that was two years and a half ago."
