NICARAGUA WILL PAY

She Accedes to the Compromise Proposition

MONEY WILL BE PAID IN LONDON

The Reason Given is That a Revolution Would Follow Should the Indemnity be Paid Before the English Leave.

MANAGUA, Nicaragua, April 30.—The Nicaraguan government has formally decided to accede to the compromise proposition for a settlement of the pending troubles. This decision has been communicated to the authorities at Washington and London.

Nicaragua agrees to pay £15,000 in London in fifteen days from the time the British ships leave the harbor of Corinto. This preliminary is, strongly insisted upon on account of the condition of feeling in the country, which otherwise might render compliance with the ultimatum even in its modified form impossible. It now remains for Great Britain to agree to this condition. Nicaragua's course is regarded as shifting on Great Britain further responsibility for the trouble. The most positive assurance of the payment of the money have been given.

A Long Conference With the Nicaraguan Minister.

WASHINGTON, April 30.—The Nicaraguan minister was again an early visitor to the state department. He consulted with Gresham and shortly after left the building. The nature of the conference is not known, but it is presumed that Nicaragua has replied to the suggestion made yesterday looking to a withdrawal of British troops from her soil and the payment of the indemnity.

That a revolution will follow in Nicaragua if the indemnity is paid before British ships leave their harbor, is not doubted in well-informed circles here. Hostility against England grows in intensity, and while quiet prevails in Corinto, wild excitement exists in other towns and cities of the republic. Business is practically suspended. While President Zelaya is generally popular, there is a strong party in the republic which is ambitious of again succeeding to the chief magistracy, and any surrender to the British at this time would be playing into the hands of the Grenada party.

International Law Violated.

ROCHESTER, N. Y., April 30.—Ex-Congressman Van Vorhis, of this district, whom the English Member of Parliament Cramer says insulted him on the occasion of the later's visit to this country in advocacy of a treaty between England and the United States, for the settlement of disputes between them by arbitration, in an interview last night said England's action in the Nicaraguan case is a violation of international law. She would not dare, he declared, attempt to enforce her claims against the United States for compensation for the Canadian sealers. The United States ought to notify England that the occupation of Nicaragua will not be tolerated.

History Repeated.

WASHINGTON, April 30.—Seventeen years ago Nicaragua became involved in a controversy with Germany similar to that which the republic now has with England. The German consul was arrested for indulging in a street fight, but his identity being recognized, he was released. Germany demanded an apology, and an indemnity. Several German men-of-war were sent to Corinto, but the German admiral did not permit his marines and sailors to land. Nicaragua paid indemnity. Great excitement prevailed at the time.

The Examination Resumed.

SAN FRANCISCO, April 30.—Theodore Durrant's examination on the charge of murdering Minnie Williams was resumed in police court this morning. The prisoner did not look as well as he did last week. Dr. Barrett, the autopsy physician, was called to the stand, and the courtroom ordered cleared of ladies. He testified that the murdered girl had been outraged prior to the murder, and that her death was caused by suffocation and hemorrhage. In his opinion the wounds on the body were ante-mortem.

C. T. Hills next testified that he was on Twenty-third and Bartlett streets on Friday evening, the 12th inst., about 8:15, and saw a short woman wearing a cape meet a man there, who took her arm and entered the side door of the church with her. He did not see them emerge. He staid only a few minutes after. The woman wore a hat like the turban. The witness, however, could not identify the hat or cap when produced in court. The man wore a coat like Durrant's, which was also produced.

C. M. Johnson, clerk of the state board of trade, says that Theodore Durrant and a girl resembling Minnie Williams were seen together in the state board of trade rooms on the afternoon of April 12, the date of Miss Williams' death. A page from the visitors' register of that date has been mysteriously torn from the book.

Yesterday Detective Simmons, of Portland, Or., and a member of the Pinkerton force, who was formerly located at the main office of the Pinkertons in Chicago, but who has been recently in Oregon, inspected the Immanuel Baptist church with Detective Gibson, of the local force. A long consultation on the murders followed, during which the Pinkerton man took copious notes. The appearance of the Pinkertons on the scene is considered by people who have watched the case closely as furnishing strong reasons for hopefulness on the part of the defense.

Corwin Loses one of Her Crew in Northern Waters.

PORT TOWNSEND, April 30.—The revenue cutter Corwin arrived from Alaska this morning and reports a fatal accident to one of the cutters boats at Taku harbor. Captain Manger and party, while returning from a trip ashore, was overtaken by a squall which capsized the boat and drowned one seaman, Gustaf Wilson. The rest were rescued, but for two days the captain's life was despaired of. He has since partly recovered. The seaman's body was not found. The Corwin brought down two hundred gallons of seized liquor.

Strong For Silver.

MARSHALL, Mo., April 30.—The democratic central committee of Salina county has passed a resolution in favor of the free and unlimited coinage of silver and gold at the ratio of 16 to 1, by the United States, calling for a convention of democrats May 27 to express the sentiment of the party, and favoring a state convention for the purpose of making a public declaration as to the party policy for the campaign of 1896, and repudiating the gold-bug bonded debt policy of Cleveland's administration.

Again Defeated.

HAVANA, April 30.—The insurgents who were routed April 24 by Spanish troops, under Major Tejerizo, have re-organized and concentrated in the vicinity of Ramon Yaguerees. They again met the Spanish forces under Tejerizo at Ramon Yaguerees, and the rebels are reported to have lost sixty-two killed and many injured. The Spanish loss is six dead and three wounded.

Smallpox in Cleveland.

CLEVELAND, April 30.—New smallpox cases are being almost daily reported in the vicinity of the woolen mills, where the plague first broke out. It has been decided as a precautionary measure to burn a house where five cases developed in one family.

You can Get it

Cottolene—the new shortening—the only pure and healthful and perfectly digestible frying and shortening material in the market—is now to be had at all first-class grocers throughout the United States and Canada.

How to use it

In using Cottolene for shortening, it is of the greatest importance to use only about one-half or two-thirds as much as would be used of lard. This is essential to success in the cooking, as well as an important feature for one's pocket book.

Nothing Like it

Cottolene, like all other good things, has found several imitators, all of very inferior quality, and sure to cause dissatisfaction. To be sure of getting the genuine Cottolene, the best way to buy it is in the tin pails bearing the name and Trade-Mark.

A Democratic Caucus.

JEFFERSON CITY, April 30.—Thirty-five of the 58 democratic members of the state house of representatives met in caucus late last night and adopted a resolution favoring the free coinage of silver at the ratio of 16 to 1. The vote stood: Ayes, 22; noes, 9. Not voting, 4. The caucus precipitated a discussion which will probably result in holding a state convention.

Any one who has ever had a stack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 230 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Blakeley & Houghton, Druggists.

Sunk by Ice.

PORT HURON, Mich., April 30.—The stamer Everett, from Chicago to Ogdensburg, with grain, was sunk by ice on Lake Huron, twenty miles above Point Aux Barques, last night. The crew escaped. She was owned by the Minch estate, of Cleveland.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by Blakeley & Houghton, Druggists.
