

Yesterday's Cyclone.
KANSAS CITY, Mo., May 2.—A special to the Star from Newton Kan., says: "Further particulars of yesterday's cyclone, report that the death list will probably reach 15 or 20."
 Those known to be dead are Mrs. A. Chapin, an aged woman; Joseph Wile, wife and three children; William Armstrong, Mrs. F. Rizelle, and Miss Cora Snaff. There were about 20 badly injured. Physicians from the surrounding towns have gone to the assistance of the injured.

Dead cattle are strewn over the prairie for miles, and debris is everywhere. The storm did not rise from the ground and moved with terrible velocity. It demolished the telegraph poles in crossing the main line of the Santa Fe.
 The force of the storm broke north of Mount Ridge. Hundreds of people turned out from Newton, Halstead and Burton to assist the injured and to recover the remains of the dead. Several are missing and a search is being made for the bodies.

1100 Edward Street.
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.

In Better Positions.
NEW YORK, May 2.—A special to the World from Corinto says:
 The British warships have changed positions again. It is understood that they are to leave upon receiving from Managua a promise to pay the indemnity. The ships have been stationed so as to command the bridges over the lagoons in order to guard the armed force on shore against surprise by the Nicaraguan troops on the mainland, as it was reported that an attempt would be made to regain possession of the town. Though the report was denied by British officers on land the men-of-war were shifted as noted.
 Admiral Stephenson has wired home asking for instructions. He says the concessions made by England indicate that a peaceful solution of the trouble has been reached.

A severe rheumatic pain in the left shoulder had troubled Mr. J. H. Leper, a well known druggist of Des Moines, Iowa, for six months. At times the pain was so severe that he could not lift anything. With all he could do he could not get rid of it until he applied Chamberlain's Pain Balm. "I only made three applications of it," he says, "and have since been free from all pain." He now recommends it to persons similarly afflicted. It is for sale by Blakeley & Houghton Druggists.

This has been done as ordered. The great waste of water heretofore, and the limited supply make the enforcement of these rules absolutely necessary. All consumers will please take notice of these regulations, and in case of a violation of the rules, the water will be at once shut off and a charge of \$1 will be made before again making the connection.

Warranted Superior to any Bicycle built in the World, Regardless of Price.

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:
 RICHMOND, VA., Oct. 2, 1894.
 GENTLEMEN—The Waverley Scooter and Belle came to hand yesterday. We are afraid you have sent us the high priced wheel by mistake. You can't mean to tell us that this wheel retails for \$55? We must say that it is, without exception, the prettiest wheel we have ever seen, and moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last [and you know that is a right good number], we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
 Yours truly,
