BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

Seeds at cost at E. J. Collins & Co.'s
One load of wool came in from Klickitat this morning.

Two victims of misplaced confidence were up before the recorder this morning. They took \$5 worth of medicine each.

The jury list for the May term was made up yesterday, but as the venire has not been served yet the names cannot be published.

Mr. S. L. Brooks shipped a crate of strawberries to Portland yesterday. The crate contained one box, and the berries were grown by Winans Bros.

Three carloads of cattle were shipped to Portland yesterday by Saltmarsh & Co. and two more carloads are in the yards, that will be sent out tonight.

The A. O. U. W. in this state, number 7000 members, with 102 lodges. This year to date, there have been twenty-two deaths and six assessments. The order is growing steadily.

The Salem Statesman says that J. Anderson sent from this city to the penitentiary for one year by Judge Bellingher for selling liquor to Indians, was discharged this morning.

The day has been a disagreeable one, cold and windy. The fact that the weather clerk sent us a good rain recently alone prevented us from being afflicted with an overdose of dust.

The Redmen have everything in good shape for their Sunday picnic. The grove has been cleaned up at the Cascades, a platform built and everything possible done to provide for the comfort and pleasure of those attending.

The weather bureau reports high temperature throughout the basins of the Columbia and Snake. If it continues without a break the river may reach the average high water mark, but it is not likely to go above the 40-foot mark.

William Tibbets, the ossified man mentioned in the dispatches on our first page, and who died at Monterey, Cal., Saturday, was the father of Charles Tibbets, of this city, who went to California about a week ago on account of his father's serious illness.

Our friends, the democracy, have been after Collector Blackburn's scalp, and according to the dispatches this morning came near getting it. They charge the collector with carrying his wife on the pay roll without giving her any employment other than drawing her salary.

It is stated the department has notified Mr. Blackburn to make Mrs. B. earn the salary she draws, or discharge her.

Hon. W. W. Brannin, Grand Master Workman of the jurisdiction of Oregon, organized a lodge of A. O. U. W., at Dufur last night. The lodge starts with twenty members, and the following officers: P. M. W., Fred Frazier; M. W. A. J. Douglas; foreman, W. C. Hendricks; overseer, Omar K. Butler; recorder, M. J. Anderson; financier, W. L. Vanderpool; receiver, C. P. Balch; Guide, A. J. Brigham; inside watchman, P. J. Stricklen; outside watchman, W. E. Cantrell; trustees P. Dolan, W. A. Hendricks and H. M. Pitman, medical examiner, Dr. John M. Kane. The lodge is Mt. Hood No. 72. Meeting nights Wednesdays.

H. H. Prather Arrested.

United States Marshal Grady yesterday, came up from Portland with a warrant for the arrest of H. H. Prather, who is charged with sending a letter through the mails to a man named Parker, at Walla Walla, requesting Parker to obtain a couple of girls and send them here for immoral purposes. Somehow the letter came into the postal authorities hands and a warrant was issued for Prather's arrest. When Marshal Grady arrived here he went to the postoffice to learn if there was such a man here and had hardly got inside the door before Prather appeared and asked for his mail. Grady at once stepped outside and arrested him as he was leaving the building. He will be taken to Portland for trial.

Young Men's State Republican Club.

The meeting of this club at Portland, May 23d, will be largely attended. At this meeting delegates to the National Republican League meeting at Cleveland, June 19th, will be elected. Arrangements have been made for reduced rates on the railroads. It is urgently requested that every club in the state be represented. The above information is contained in a postal sent out by the secretary, but which is so verbose and contains so much of the secretary's self that we cut out that part to make room for more interesting matter.

Notice to Water Consumers.

The water commission has ordered that the rules concerning the use of water for irrigation be printed and posted upon the gates of consumers, so that all may understand what the rules are. This has been done as ordered. The great waste of water heretofore, and the limited supply make the enforcement of these rules absolutely necessary. All consumers will please take notice of these regulations, and in case of a violation of the rules, the water will be at once shut off and a charge of \$1 will be made before again making the connection.

Weather Crop Bulletin No. 6 of the Oregon State Weather Service for Eastern Oregon.

Following is the report for the week ending Monday, May 6th:

Cooler, cloudy weather with rain showers has prevailed since May 1st. The maximum temperatures ranged from 58 to 75 degrees; the minimum temperatures fell from 12 to 15 degrees, the minimum remaining stationary. The rainfall was heavy and general, ranging from one-half to three-quarters of an inch. At The Dalles it was .75 of an inch, which is .11 more than the average for May. In Umatilla county and to the south thereof, the average May rainfall is from 1.5 to 2.5 inches, of which 20 to 30 per centum has already fallen. The rainfall was especially heavy on Saturday and Sunday.

The rainfall was badly needed and its coming most opportune, the ground is now in good condition for plowing and fall seeding and in excellent condition for the growth of the cereal, hay, fruit and berry crops. Some correspondents are of the opinion that the present rains have insured a full cereal crop, but past experience has shown that the product depends more upon the June weather than upon the May rainfall. The rains have been of inestimable value and benefit and with favorable June weather, will make a large cereal output. Strawberries are ripening at Hood River and The Dalles, a few haying already ripened. Green pears are in the market at The Dalles. Fruit prospects continue excellent and barring frosts, a large crop will result. Range feed is good. Stock in prime condition. Sheep shearing with uniformly heavy and good fleeces continues. Prospects for all crops are first class at present time.

B. S. PAGE, Director.

The Passing of the Horse.

A prominent electric company has collected some startling figures, which show the almost incalculable influence of the introduction of the electric car, taken merely on its one basis of replacing the horse for traction purposes. It is estimated that electric cars have already displaced 1,100,000 horses, and this estimate is manifestly far below the actual number. The feeding of these horses would entail the consumption of \$500,000 bushels of corn or oats a day. The animals are now back on grass, and the enormous decrease in corn and oats consumption caused by their withdrawal is sufficient to appreciably affect the prices of these grains. In round figures, it amounts to 180,000,000 bushels a year. There is another view of this subject, the significance of which will probably be more apparent a few years hence than it is even now. The loss of commercial demand for these coarse grains in the cities means an enormous decrease in the tonnage of the railroad freight traffic. This failure is already put at a minimum of 250,000 car loads. But it is not only in public traffic that the day of the horse is waning. In some cities the electric car lines have been so judiciously

distributed, and give such excellent service, that many private families have given up their carriages, and use the electric cars instead. In many places the business of the liverymen is practically ruined by the electric car, and, as at Niagara falls, the formerly arrogant and extortionate hackman has become a comparatively civil and temporizing individual. The electric car and the bicycle has sounded the knell of the horse as a commercial factor.

PERSONAL MENTION.

Mr. Frank Kellogg came up from Portland this afternoon and went on to Heppner on the local.

Miss Gertruda French, M. D., returned to Portland this morning, after a visit to her parents here.

Mrs. Smith French, Mrs. W. H. Biggs Miss Alma Schmidt, Mr. E. H. Merrill and Rev. J. H. Wood, went to Portland this morning on the Regulator, to attend the state convention of Sunday schools.

Mr. N. J. Sinnott went up to Pendleton with Judge Bennett for the purpose of being examined for admission to practice law in the courts of Oregon. He is an industrious student, and we predict will win a place for himself high up in the list of the nation's lawyers.

BORN.

In this city, Sunday, May 5th, to the wife of J. C. Hostetler, a daughter.

Clothing! Clothing!

We invite you to inspect our new spring stock of mens' suits, boys' suits and childrens' suits, latest cuts. Also a very large assortment of mens' and boys' pants in all the new styles. Never in the history of low prices has such been offered. We will guarantee to save you fully 50 per cent. Remember the location. ROBERT E. WILLIAMS, Blue Front store, opposite Diamond Mills. a16tf.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

We have made arrangements with the San Francisco Examiner to furnish it in connection with THE CHRONICLE. Having a clubbing rate with the Oregonian and N. Y. Tribune for our republican patrons, we have made this arrangement for the accommodation of the democratic members of THE CHRONICLE family. Both papers, the Weekly Examiner and Semi-Weekly CHRONICLE will be furnished for one year for \$2.25, cash in advance.

Money for Paper.

All county warrants registered prior to May 1st, 1891, will be paid if presented at my office, corner 3d and Washington streets, The Dalles, Or. Interest ceases after April 12, 1895.

WM. MICHELL, County Treasurer.
