Kingsley Notes,

That mean, cranky look has disappeared from our farmers' countenance, and now when they meet you 'tis "yes, yes, that was a fine rain, making of the country," etc., etc.

Mrs. Nettle Mayhew is suffering from a severe attack of la grippe.

Ed Wing has sold his stage line to Mr. Davis, the former proprietor.

Emerson Williams now carries his head in a sling, caused by an overdose of neuralgia.

Tim and Ernest Mayhew have gone wool hauling and expect to be on the road until harvest time.

George Roder, a 13-year-old boy, who has been making his home with Mr, James Kelley for the past year, is very low with consumption. We learn there are no hopes of his recovery.

Mr. M. T. Thourbourn bas just fipished digging eight acres of potatoes. Hugh Morehead and Emerson Williams helped him one day, so of course the job

Mr. E. L. Boynton is building a large barn on his farm three miles south of Kingsley.

Lumber is arriving for the new residence of Geo. Friend, our popular black-

How sad and heart broken Wm. Cox looks since last Tuesday. It was a mean trick to send him hunting horses and then coaxing his best girl away on the stage. Make a kick, Will.

And now comes the information that Pat Bolton is thinking seriously of purchasing a bicycle. He says his boys are too slow hitching up the buggy when he wants to go to The Dalles.

Wm. Neabeck, alias Epicac Bill, is making things howl in the timber these days. We imagine wood will be much cheaper from now on, as Bill has the reputation of being a holy terror when it comes to pulling a cross-cut saw.

We had a genuine old-fashioned scrapping match on our streets last Saturday between our stage proprietor and one of his drivers. It all grew out of a settlement in regard to wages. Fists were the arguments used and plenty of precious blood spilt the result. The last seen of them one was Wing-ing his way to The Dalles and the other climbing the Jackson hill, and both seemed perfectly entisfied.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Chamberlain, Pain Balm. "I only Hundred Dollars for any case that it fails to cure, Send for list of testimo ninks. GENTLEMEN—The Waverley Scorcher and Belle came to hand vesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$85? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last (and you know that is a right good number), we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
