GAMAGUAYA INVADED

Insurgents Under Gomez Besieged Guayaro Monday.

RELIEF FORCES WERE ROUTED

Smallpox and Yellow Fever Aid the Rebels--General Maceo Talks of the Fight at Hondo Creek.

TAMPA, Fla., May 10.—Passengers arriving on the steamer Mascote say the condition of things is encouraging to the Cuban insurgents.

It is said Gamaguaya has been invaded by Gomez, who, with 3000 insurgents, besieged Guayaro Monday. There were about 2000 Spaniards in the city. After the fighting became disastrous for the besieged a regiment from Cadiz, numbering about 2500 arrived, attacking the Cubans in the rear. Gomez quickly recovered from the first onslaught. While a small force kept up the conflict with the forces of the city, his main body faced the new enemy. The fighting was very fierce, but it is asserted the strategy of Gomez and the valor of the insurgents resulted in a victory.

The regiment from Cadiz, it is said, was cut to pieces. The city, the passengers say, is in the possession of the insurgents.

The Cuban loss in killed and wounded is put at 700. The Spanish loss is 5000. Smallpox and yellow fever are very prevalent.

General Campos is said to be greatly displeased with the situation, and insurgent leaders are hopeful that another crisis will occur in the cabinet, which will require Campos' return to Spain. The Cubans assert dissatisfaction exists among the troops over the execution of Gallego. On this account Lieutenant Mahy, who was taken to Havana for execution, was not executed, but was decorated with medals for valor.

General Maceo Interviewed.

NEW YORK, May 10.—A special to the World from Songo, Cuba, says: A World correspondent interviewed General Maceo, who was found in his camp in the forest a league from Jaraguea, and 40 miles from Santiago. General Maceo gave out some details of the fight at Hondo creek, near Guantanamo, in which his brother Jose Maceo, who is not dead after all, had a sharp encounter with 500 Spanish soldiers of Escamero's regiment, commanded by Lieutenant-Colonel Bosch.

The Spaniards were attacked from ambush. Jose Maceo had 700 followers. The Spaniards admit a loss of 16 killed and several officers wounded. According to a letter just received by General Maceo from his brother, the Spaniards suffered severely. The Cubans used their machetes with deadly effect when the Spanish soldiers had fired away their ammunition.

Maceo placed his men in position in thickets along the bank of the Hondo, which at that point is a stream about 30 feet wide. Colonel Bosch approached early in the morning along the bank of the creek, and on receiving the fire of the rebels, drew his men into position in a cane field. The firing continued until 1 o'clock. As usual the Spaniards wasted much ammunition and when it was exhausted Jose Maceo charged across the river and cut many down with machetes. One of Maceo's lieutenants, a French half breed named Alcide de Verger, rode recklessly to the creek, calling on his men to use their machetes. A shot from the Spanish killed the daring man.

The Spanish regulars were aided by 200 volunteers. Colonel Bosch's men withdrew when they had fired away their ammunition. This is a fatal fault of the Spanish. The officers appear to make no effort to prevent the soldiers from banging away as fast as they can.

Jose Maceo was left in his position and he still held it.

Murder and Suicide.

PHILADELPHIA, Pa., May 10.—On the sidewalk in front of 56 North Seventh street, at 9 a. m., in the presence of a throng of passers by, August Tepper, a manufacturer of novelties, aged 36, shot and killed Clara Herhold, alias Schmidt, aged 26, twice in the right side, and then sent a bullet into his head, dying almost instantly. The girl died half an hour later.

Tepper is a married man. He was desperately in love with Miss Herhold, but his advances were coldly received. The girl came from Germany a year ago, and lived with the Tepper family as a servant. Tepper's attentions became so annoying to her that she left the place a month ago. Tepper's annoyance of the girl did not cease, and last week she swore out a warrant for his arrest. As she had no money it was not served. Tepper's wife refused to receive his body, and it was taken to the morgue.

Shocking State of Affairs in a Tennessee Jail.

MEMPHIS, Tenn., May 10.—The grand jury, which has been investigating the management of the county jail under Sheriff McCarver, has returned a report containing serious charges against that official. The jury has evidence that prisoners have been brutally beaten by Jailer McCarver, son of the sheriff, and one instance, that of a prisoner named J. C. Evans, is cited. He is said to have been held down by four of Mr. McCarver's assistants while the jailer beat him unmercifully with a rawhide. Evans was then forced, half dead, into a dungeon, the floor of which was covered with bad-smelling water, where he was left several hours.

The negro trustees, the report says, are allowed to carry the keys of the female prison, which is characterized as a regular assignation-house.

Dishonest Cashier Gets Seven Years in San Quentin.

SAN FRANCISCO, May 10.—John W. Flood, ex-cashier of the Donohoe-Kelly bank, has been sentenced by Judge Wallace, to seven years at San Quentin. Flood was accused of embezzling \$187,000. Flood had been tried twice for embezzlement and once for falsifying the records of the bank. On the first trial the jury disagreed, the second verdict of conviction was set aside, and on the third trial he was acquitted. Two weeks ago he appeared before Judge Wallace on a grand jury indictment for making a false entry of \$400,000 in his book of records of certified checks passed through the bank. On the advice of his counsel Flood refused to plead. The judge construed this as plea of guilty. Today defendant's counsel plead for mercy, but the court construed the offense as a felony, and not as a misdemeanor, as the defendant's attorney argued.

It is estimated that \$1,000,000 has been stolen from the city in this manner."

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Blakeley & Houghton, Druggists.

NEW YORK, May 10.—A special to the World from Managua, Nicaragua, says: "The expected revolution probably will be postponed until July, although Granada remains turbulent. In Mosquito all is quiet. General Duarte will talk over the government without trouble. "At Greytown everything is ready for the reception of the American commission. An escort will be furnished across the country."

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely cramps and diarrhoea. He chances to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me."
