

# Indians in Arizona on the Warpath.

Wilcox, Ariz., May 14.—Sunday a courier came in stating that 12 armed Indians were seen prowling around the hills in the vicinity of Buckhorn basin, where the mines are being worked, Saturday last. The miners at once left their claims after being notified, and have congregated together for protection to themselves and the few scattered families. This locality is near the abandoned Fort Bowie, and some 20 miles east of Wilcox.

Monday morning another report was brought in from the new gold find in the south pass of Dragon mountains, 20 miles south of here, that six Indians fully armed, were seen there. They attacked a prospectors' camp, driving the prospectors from the claim, and firing four shots at one of the men, compelling him to jump for safety from a high ledge, severely injuring himself.

This morning responsible reports from Graham county state a band of 15 heavily armed Indians were seen last evening at sundown seven miles south of Clifton rounding up the horses of citizens. Much alarm is felt. Today a body of citizens take up the trail. This morning one troop of cavalry left Fort Bayard, N. M., for the scene, but long marches are necessary to reach the place of reported danger. The citizens are feeling very insecure.

The Indians are reported in distress from insufficient rations, and trouble is predicted, with no adequate military protection. The only available troops which can quickly reach the locality are at Fort Grant, and under orders to move inside of a week, hence all are packed up. The abandonment of Fort Bowie leaves the whole southern country open to their ravages, and it would not surprise those who keep watch of the Indians to see the present trouble from the numerous small bands now off the reservation, bent on rapine and murder, and in a general outbreak.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. # SCROFULA 12 YEARS

Always Sore. Face Burned Like Fire. Ashamed to be Seen. Four Doctors but Little Benefit. Cured by CUTICURA.

For about ten or twelve years I have been troubled with scrofula. My head was always sore, my face was dry and scaly, and burned like fire most of the time. My body had big red spots on it, and I did not know what to do. I went to four different doctors and they helped me at first. In the fall I got worse again; then I tried other remedies, but they did me no good. I was ashamed to go into public. I was a sight to look at. Every one would say, "What is the matter, why don't you take something?" Even at my daily labor I had to wear a sort of cap to keep the dirt from getting into the sores. After I would wash, I would be covered with big red pimples all over my neck and face. Some two or three people advised me to try the CUTICURA Remedies. I did try them, and am glad I have done so. Glad to say I am a well man, and in the best of health since I used the CUTICURA Remedies too highly. I enclose my portrait.

Read the following opinion of one of the most prominent American dealers who has sold hundreds of these wheels:

RICHMOND, VA., Oct. 2, 1894.

GENTLEMEN—The Waverley Scotch and Belle came to hand yesterday. We are afraid you have sent us the high-priced wheel by mistake. You can't mean to tell us that this wheel retails for \$55? We must say that it is, without exception, the prettiest wheel we have ever seen, and, moreover, we have faith in it, although it weighs only 22 lbs., for of all Waverleys we have sold this year and last (and you know that is a right good number), we have never had a single frame nor fork broken, either from accident or defect, and that is more than we can say of any other wheel, however high grade, so called, that we sell. We congratulate ourselves every day that we are the Waverley agents.
