### BRIEF MENTION.

Leaves from the Notebook of Chronicle Reporters.

Circuit court meets Monday. The docket is an extraordinarily long one.

It has been quite cool for two or three days and today there was a light sprinkle of rain.

The weather report today gives us for tomorrow showery weather and stationary temperature.

Strawberries are coming in quite plentifully, and 10 cents will now buy a box of the beauties.

A telegram received from Theis & Barrol, states that the city bonds have been approved and that the sale is complete. This being true it will be but a short time until the money will be forthcoming.

Mr. George D. Hunt the railroad builder came ever from Goldendale today and went on to Portland this afternoon. He is at present preparing to build a road to California but evidently has been taking a look at the proposed Goldendale Lyle road.

Reports from Snake river show that stream is feeling the effects of the recent warm weather. This morning the river had risen in twenty-four hours at Umatilla three-tenths of a foot; at Lewiston six-tenths; at Weiser one tenth, and Wenatchee seven-tenths.

Lieutenant Col. Patterson went to Hood River this afternoon to muster out D. Company of the Third Regiment. This company has steadily gone down for the past year or two until the mustering out process is largely a matter of form—in fact it is nearly all mustard and no meat.

The strawberries are getting ripe for the shortcake the Methodist ladies are preparing to serve Wednesday evening at the old Chronicle building, corner of Second and Washington streets. From 5 until 8 the ladies will be ready to wait upon their guests. The charge will be 15 cents for a big piece of shortcake with cream and a cup of coffee. Should you not like shortcake, they will give you bread and butter, strawberries and cream, with a cup of coffee for 15 cents. The phonograph will be there, and all the aunts, uncles and cousins can listen

to bands, orchestras, songs and speeches, as they themselves please, at a very low price.

The county court will meet on the 25th at which time it is probable some action will be taken concerning the Currant Creek road. It is of the utmost importance that this road be completed, and it is hoped that in spite of the laudable desire to economize, the commissioners may feel that it is a necessity and not a luxury that is being demanded. The interests of the whole country demand that the road be finished, and that at once.

The Dalles Orchestral Union will give another excursion to the Cascades next Sunday on the steamer Regulator. The boat will leave the wharf here at 8 o'clock arriving at the Cascades at 10:30. Returning will leave the Cascades at 4 o'clock. Tickets for the round trip, 50 cents. The excursion Sunday before last was the most delightful ever made from The Dalles, and as the orchestra will furnish music for the occasion, there is no reason why the excursion Sunday should not be fully as pleasant.

Quite a number of Dallesites left for Portland this afternoon to attend the meeting of the republican clubs in that city tomorrow. They have our paternal blessing, and we sincerely hope they may come home alive. The prospect, however, is not cheerful, as the delegates from the far eastern portion of the state are going down brimful of silver speeches to meet the host from Portland that want peace and want it on a gold basis. It looks to us as though an irresistible force was going to meet an immovable body and the result cannot therefore be even guessed at. The fires may possibly be drawn and the temperature kept down, but we fancy there will be a perceptible change in the weather, such as will be conducive to the ripening of strawberries by tomorrow night.

### The Telephone Situation.

The telephone patent notice which has appeared in THE CHRONICLE columns daily for the past few weeks, probably has considerable significance when taken in conjunction with the telegraphic news item published in the Sunday Oregonian of May 19th, to the effect that the United States court of appeals in the case of the U. S. vs. the Bell Telephone Company, relative to the Berliner patent, had reversed the decision of the lower court and that therefore the American Bell Telephone Co., practically retains its monopoly of all forms of battery telephones.

### WEATHER BUREAU.

Weather Crop Bulletin No 8 of the Oregon State Weather Service for Eastern Oregon.

WEATHER: Clear, warm weather prevailed up to the 19th, when a few light showers occurred amounting to from .01 to .10 of an inch. The maximum temperatures ranged from 48 to 60 degrees in the Columbia river valley and from 38 to 48 degrees to the south of it. Warm northerly winds prevailed on the 15th and 16th.

Crops: The warm winds did no marked damage, further than to dry the soil still more. The cereal crop is reported to be in fair condition in Wasco and Sherman counties, generally poor in Gilliam and Morrow counties and fair in Umatilla and Union counties. More rain in those counties would be of great benefit and tend to largely increase the yield. The fruit prospects continue excellent. Berries of all kinds will be unusually prolific. Strawberries are ripening rapidly and large shipments are being made from Wasco county. Sheep shearing continues and heavy, clean fleeces are secured. The range grass is fairly good. The drives to the mountains will begin shortly. The outlook for the years crop is about a fair average at this date. The success or failure of the cereal crops depends upon the rainfall and temperature during the next four weeks.

B. S. PAGUS,  
Director.

### Give Them Pyjamas.

Marshal Blakeney requests us to say that much complaint is being made about cows being left in the city limits with their bells on at night, thus causing considerable annoyance to good citizens who desire to put in the night without any serenading from the cud-chewing itinerant dairies. Any well bred cow should be ashamed to retire for the night with her jewelry on, especially during the present financial depression, when some good citizen, driven by free trade and the silver craze to the verge of desperation, might be tempted to burglarize the cowyard and walk off with the cow ornaments. There is an ordinance forbidding law-abiding cows wearing bells at night, and unless the owners see to it the marshal will have to. Out of regard for our city marshal we hope that this note of warning may be heeded, and that he may not have to become a cow soubrette, or chief lady-in-waiting to her lactated highness. The bells should be removed and each and every cow should be provided with a pyjama, or some other sleep producer.

### Firemen's Attention.

All firemen are requested to attend a meeting of the department this (Tuesday) evening, in the council room, at 8 o'clock, to take into consideration matters connected with the firemen's annual tournament, to be held in Vancouver, Wash., during the month of September. Please be on hand and on time too.  
JOHN BLASEZ, Chief.
