WEDNESDAY - - - JUNE 5, 1895

BRIEF MENTION.

Leaves From the Notebook of Chronicle Reporters.

Additional Local on Fourth Page.

Warm weather is predicted for Thursday and Saturday.

The collections were reported better throughout town Monday than a month ago.

A. M. Williams & Co. are just in receipt of a large assortment of novel designs in belt buckles.

Snake river at Weiser is rising, at other places it is falling. The Columbia here will rise Saturday.

Tickets are now on sale at Bakeley & Houghton's for Dr. Ford's lecture next Monday night. Admission 25 cents.

The wool clips of Reeder Bros. at Antelope, and Mr. Hamilton of Trout creek were received at the Wasco warehouse today.

Mr. R. Guthrie sold a large amount of wool today. Some of it went for 7 1/2 cents, while the remainder brought 9 1/2 cents a pound.

Mrs. Zerka, living on Pentland and Ninth streets, is suffering from a severe attack of erysipelas. Mr. Dave Garrison reports the family as being in destitute circumstances.

A stock train consisting of six cars of cattle and seven of sheep left last evening for the East. The train went as the first section of the passenger and will make rapid time the whole distance. The cattle and sheep belonged to Mr. Hallows.

The wind blew a young tornado about 4 o'clock this morning and has kept up a pretty steady gait all day. Old Aeolus or whoever runs the cave of the winds, seems determined that the hot wave in the East shall not reach us here.

The normal teachers' institute will be held in The Dalles beginning the first Monday in December. There was some thought of holding it in Hood River in August, but that plan has been given up and The Dalles and December chosen.

Don't forget the Conundrum lawn social at the premises of Geo. W. Miller, corner Eighth and Court streets, this evening at 7:30, given by the Y. P. S. C. E., of the First Christian church. Refreshments galore and a good time expected.

The residents of the East End were amused last evening watching a drunken man riding a bucking horse. He stuck to him pretty well, but was finally thrown, and sought refuge in a saloon just in time to save himself from being arrested.

THE CHRONICLE office is in receipt of a handsome picture of the late Geo. W. Childs, the printers' friend. The likeness is prettily framed and is called a pastelotype. The office is under obligation to the Eureka Chemical and Mfg. Co., of La Crosse, Wis., for this handsome addition to our sanctum.

The water commission have placed several water meters in position at different points of the town and the experiment proves that the measure taken was a wise one. The waste that occurs is very large and it is true that a great amount of water needlessly runs which does no good to anyone and materially lessens the supply in the reservoir.

The stockyards presented a busy scene last evening. The train for the East was being loaded and the corrals were crowded with animals destined for the slaughter house. The outside fences were lined with spectators who watched the efforts of the men loading the cars, with a great deal of interest. The cattle were a fine looking lot and will doubtless bring the top notch price in the Eastern market.

The moonlight excursion Friday night, June 7th, promises to be one of the pleasantest events of the summer. A trip down the Columbia on a commodious steamer with the music of the Orchestra Union and the hills lit up by the moonlight will appeal to any one's fancy. A two hour dance, with music by the orchestra, will be given at Hood River. Fare for the trip including admission to the hall is only 50 cents.

Just to prove that chicken raising is a profitable business, Mr. S. B. Adams showed THE CHRONICLE yesterday a piece of gold taken from a chicken's gizzard. The mineral was without a doubt the genuine article and the discovery shows that England is not altogether to blame for the withdrawal of gold from circulation and causing President Cleveland to issue so many bonds. England and chickens are both fitting subjects of denunciation from a long suffering people.

An accident happened to the Golden-dale stage Monday that came nearly having a fatal termination. The stage was going up the long grade on this side of the mountain as a team heavily laden with wool was coming down. When the two wagons were just abreast of one another a tier of wool slipped from the wagon and striking the stage knocked it from the grade into a barb wire fence some distance from the road. It was marvelous that no greater damage was done to the horses and stage, but as it was the injury was soon repaired and the stage went on its way.

Notice to Property Owners.

Now is the time to cut the thistles. Do not wait for further notice. W. H. Burrs, Street Com.

FOR THE NEXT ELECTION.

The City Council Appoints Judges and Clerks—Routine Business.

Owing to a rush of local matter yesterday afternoon, some interesting news had to be omitted, and the council report could not go in until today.

Most of the business was of a routine nature. The claim of Mrs. Obarr for damages on account of her house being quarantined was referred to a special committee, consisting of Councilmen A. R. Thompou, M. T. Nolan and G. C. Eshelman.

The following are the judges and clerks appointed for the city election to be held in a short time:

First ward—Judges, R E Saltmarah, H Whitmore and T Haslam; clerks, T A Hudson and D Bunnell.
 Second ward—Judges, R W Crandall, F H Wakefield and John Cates; clerks, E P Fitzgerald and F H Dietzel.

Third ward—Judges, E Schanno, J M Marden and C E Bayard; clerks, F N Hill and J Doherty.

Following are the voting places: First ward—In the city marshal's office. Second ward—In Wm. Mitchell's office. Third ward—At the Union street school. An adjourned session was held yesterday morning, when it was ordered that warrants should be drawn for all claims allowed from January 1st up to May 31, 1895.

And the Wool Still Comes.

Two car loads of wool were received this morning at the Wasco warehouse and their contents are being stored. The scene at the warehouses gets more exciting every day. Wool continues to pour in and the records of all former years are broken. Mr. Lord has completed a large shed running the entire length of the brick building on the south side and is now putting up more shedding on the west end. The baler is running at full speed and will probably bale about 400 sacks today. The grading is done under the supervision of Mr. S. Wilkinson, who has a fine reputation of being well skilled in this work. Large amounts of wool were shipped today to Albany and Oregon City and some to San Francisco.

The baler at the Moody warehouse is now at work and is decreasing the number of sacks to make room for more. The large platforms and a large part of the railroad freight depot are full of wool and the bothering question is how to find room for what is to come.

Moonlight Excursion.

The Dalles Orchestral Union have chartered the Str. Regulator to run from Dalles to Hood River and return on Friday evening June, 7th, leaving The Dalles at 7:30 p. m. returning at 11 p. m.

Arrangements have been made at Hood River for refreshments—ice cream, strawberries and cream etc., and also for dancing. Tickets 50 cents for round trip including admission to ball. Tickets on sale at principal stores, or the members of the Orchestra Union.

PERSONAL MENTION.

Mr. E. Rondeau of Kingsley is in the city.

Mr. D. Mason of Arlington arrived in town on last night's train.

Rev. J. A. Spear and family of Warm Springs Indian agency, are in the city.

Mrs. W. E. Garretson left this morning on a visit to her sister in Oregon City.

Mr. George P. Morgan of Cascade Locks came to the Dalles on the Regulator last evening.

Mr. and Mrs. R. Booten of Bake Oven are in the city visiting Mrs. Booten's mother, Mrs. Cram.

Mr. Herbert Clarke and wife of Bickleton, Wash., were passengers on the boat down the river today.

Mr. Geo. P. Morgan of Cascade Locks came up on the Regulator last evening. He will return tomorrow.

Rev. R. C. Motor, presiding elder of this district, was a passenger to Hood River this morning on the boat.

Prof. Birgfeld went to Hood River this morning to make arrangements for the moonlight excursion next Friday.

Mrs. John O'Leary of Sherman county, who has been spending several days in The Dalles, returns home this afternoon.

Mr. A. S. Roberts and family of Deschutes, who have been spending several days in the valley, returned last evening on the Regulator.

Mr. and Mrs. A. S. MacAllister returned last night from a several days' visit at the farm of Mr. Parker in Hood River. Dr. Siddall was also a member of the party.

Mr. and Mrs. Jay Smith of Salem were passengers to Portland on the boat this morning. Mrs. Smith has been in The Dalles several weeks, the guest of the Misses Rowland.

Mr. H. Birkytt, whose ranch adjoins Trout Lake near the foot of Mt. Adams, is in The Dalles today. Trout Lake will be visited by a great number of pleasure seekers this summer.

Hon W. R. Ellis, congressman from the second district, came down from Heppner last night and is registered at the Umatilla. He will remain in town today and probably a portion of tomorrow.

Mr. W. T. Darch of Goldendale, who was recently admitted to the bar of Washington, called on THE CHRONICLE today. Mr. Darch was a former student at the Wasco Independent academy under Prof. Gatch and is one who will bring credit to the work of that institution.

Mr. E. M. Aldrich and wife of Cascade Locks came up to The Dalles last evening. Mr. Aldrich is master mechanic for the Days at the Locks and is about the busiest man on the works. Mr. Aldrich is the father of the young lady whose singing caused so much favorable comment at the Congational concert some weeks ago.

Mr. L. J. Davis, editor of the Eastern Oregon Republican at Union, Oregon, paid the editor of THE CHRONICLE a friendly visit today. He arrived this morning from Union and accompanied by his wife, who has been visiting in The Dalles for several days, left on the local for Portland. From there they will take the Southern Pacific for a months visit in California.
