Our German Ambassador.

WASHINGTON, June 17.—Complaints have reached here from the American colony in Berlin concerning the conduct of General Theodore Runyon, the United States ambassador to Berlin. It is said that the New Jersey statesman has not only violated the rules of the service and the principles of Jeffersonian simplicity, but has gone so far as to make the embassy the laughing stock not only of the American colony but of the Germans as well. His latest innovation has been a regal court carriage, which he had expressly built. He drives through the streets of Berlin with two flunkies balancing their anatomies on a limited foot-board, the driver on a tripod, seated on the American flag, ostentatiously spread over his seat, with all sorts of mysterious crests and emblems, the meaning of which must remain a Chinese mystery to the American voter.

The general has also resurrected an old uniform which he uses instead of traditional evening dress, and the German officials are in a ferment over the discovery that it does not represent his present rank in the regular army of the United States.

MAIL POUCH ROBBED

MONTGOMERY, Ala., June 17.—Josiah Morris & Co., bankers, on Saturday, sent a \$10,000 package to a New York bank, insuring it, as usual. The postal agent received to the Montgomery postoffice for the package. Shortly afterwards the mail pouch was found cut open. Postmaster Screws telegraphed to Inspector Barrett, at Chattanooga, to investigate. A postoffice employe named Armstrong returned it Sunday, claiming that he found it in the street. Armstrong was arrested this morning.

Colima Survivors.

MAZATLAN, Mexico, June 17.—The Steamer City of Sydney, from Manzanillo, is carrying to San Francisco three of the survivors of the lost Colima. Their names are John Peginous, J. Joke-man and A. Santa Maria, all of the crew. They boarded the Sydney at Manzanillo. They are members of the party which got ashore in lifeboat No. 5, and were afterwards found by the steamer Mazatlan. The survivors found by the Barracotta have gone south. Chilberg has gone to Guatemala. Bryan to New York and five at Manzanillo to their respective destinations. The latest reports from Manzanillo say that 90 miles south of Manzanillo, two women and one man, survivors of the Colima, are staying at a ranch.

Delegates Arriving.

CLEVELAND, June 17.—Enough delegates to the league convention arrived to attract attention on the street and in the hotel lobbies. The city is profusely decorated. The local committees of arrangement say that about 1500 delegates are expected. Covers for them will be laid at the Arcade, where the banquet will be held Thursday night. Among those expected to respond to toasts is Mr. Allen Foster, of Iowa, whose theme will be "Perfidy, dishonor and political integrity." Senator Thurston will probably be chairman of the free-for-all meeting on Thursday, when the silver and gold men meet in battle array.

The Orathie to Blame.

LONDON, June 17.—The board of trade, after examining thoroughly all reports regarding the sinking of the North German Lloyd steamship Elbe, on January 31, which resulted in the loss of about 370 lives, has ruled that the mate of the Orathie, the British steamer which ran into and sank the German steamship, was responsible for the disaster, and consequently the mate's certificate was suspended.

President's Vacation.

WASHINGTON, June 17.—President Cleveland accompanied by Private Secretary Henry G. Thurber, left Washing-

ton today in a private car attached to a regular Pennsylvania railroad train, leaving Washington at 7:07 a. m. They will arrive at Jersey City at 11:30, and going aboard Mr. Benedict's steam yacht Oneida, which has been waiting there several days, they will proceed at once to Gray Gables. They are not expected to return to Washington before next fall.
