RANDOM TALKS

Indulged in by Ex-Governor Flower Upon Returning Home.

New York, June 18.—Ex-Governor Flower has returned from his Western trip. Among other things, he said to a reporter:

"Don't believe what people tell you about bad crops. It's going to be a crop year. The cold weather which we had a few weeks ago only injured winter wheat, and not more than 100,000,000 bushels of winter wheat is raised east of the Rocky mountains. But the spring wheat is in fine condition, and the corn crop promises to be very large. The corn was not out of the ground when the frost came, so it escaped injury. Fruits are also in good condition. Our personal observation of the farming territory through which we passed give us great encouragement, and the reports which we got at Chicago from the railroads convinced us that these favorable conditions were general throughout the West and Southwest.

"Presidential candidates seem to be quite numerous on the republican side, but on the democratic side there seems to be a disposition to await political developments before discussing candidates.

"I can't say that the talk has crystallized much yet around any one man, but I heard Vice-President Stevenson's name mentioned considerably. Senator Vilas has a great many friends who would be glad to see him get the nomination, and so has Boies, of Iowa. Don Dickinson is a likely dark horse, and so is Morrison, of Illinois. The free-silver democrats, of course, want on out-and-out silver man. I heard some talk about William L. Wilson having the administration's influence for the nomination. If the nomination goes East Whitney stands as good a chance as any other Eastern man."

AN IMPREGNABLE CITY.

Opinion Respecting the New Fortification for San Francisco.

SAN FRANCISCO, June 18.—Lieutenant-General Schofield, who is inspecting the fortification of this city, says he is pleased beyond expression at the advancement in this line.

"The work completed, and that now under construction," said he, "is a marvel of perfection. No better exists in the United States, and when the batteries are completed and equipped they will be a credit to the country. If the present recommendation and intent of the war department is carried out, and there is no reason to doubt that it will be, there will be one continuous chain of batteries extending from the Cliff House to Fort Winfield Scott. These batteries of modern mortars and improved guns will make it impossible for the warships of an enemy to sail through the Golden Gate."

Another Good Man Gone Wrong.

DENVER, Col., June 18.—President H. J. Aldrich, of the Colorado Securities Company, who disappeared five weeks ago, is believed to be sojourning in Mexico. It is claimed that his hasty departure was due to the fact that Eastern creditors were pressing him closely. The operations of the company embraced loans aggregating \$1,500,000 to \$2,000,000. It is said that Mr. Aldrich, as trustee, did not account for hundreds of thousands of dollars. It is not believed that Aldrich appropriated a single dollar to his own use, but in order to protect the company from embarrassment occasioned by falling values he guaranteed both principal and interest on all loans, and applied the money wrongfully to meet the obligations.

In consequence of his transactions, it is said, that several hundred Colorado farmers will lose their lands and many Eastern people their investments. A vast amount of litigation will be required to straighten out the muddled affair of the company, of which T. G. Fatterson is receiver.

Royal Baking Powder

ABSOLUTELY PURE

Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 220 Boyle Heights, Los Angeles, over his fortunate escape from a siege of that distressing ailment. Mr. Stumm is foreman of Merriam's confectionery establishment. Some months ago, on leaving the heated work room to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes especial pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Blakeley & Houghton, Druggists.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.

Knights of the Macabees.

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Snipes & Kinersley's Drug Store. Regular size 50c and \$1.00.

The constitution that has been broken down or weakened by long standing disorders in the liver and kidneys, is ill fitted to withstand the encroachment of disease. Such a person takes cold easily, cannot stand fatigue, and in cases of epidemics, is the first to fall a victim. The proper course is to remove the cause of weakness by treating the liver and kidneys. Dr. J. H. McLean's Liver and Kidney Balm will reach the seat of trouble and restore the diseased organs to healthy functional activity. Increased nourishment of the body will follow and the patient will rapidly regain health and strength. Price \$1.00 per bottle. For sale by Snipes-Kinersley Drug Co.

Very bad policy to neglect symptoms of trouble in the kidneys. If allowed to develop they cause much suffering and sorrow. Bright's Disease, Diabetes and Dropsy owe their great prevalence and fatality to neglect of the first warning symptom. Dr. J. H. McLean's Liver and Kidney Balm is a certain cure for any disease or weakness of the kidneys. A trial will convince you of its great potency. Price \$1.00 per bottle. For sale by Snipes-Kinersley Drug Co.

SPRINGFIELD, Ill., June 18.—Governor Altgeld today issued a call for a special session of the general assembly to meet June 22, to pass revenue laws to relieve the deficiency in the state treasury and to pass laws regarding sleeping-car charges and regarding justice courts in Chicago.
